Featuring 1000 essential first words, all illustrated in full colour and thematically grouped to aid vocabulary building and retention, this is a key title for early learning.

From Jurassic Park to Sue the T-Rex and Barney, our dino love affair is as real, as astonishing, and as incomprehensible as the gargantuan beasts themselves. At once reptilian and avian, dinosaurs enable us to imagine a world far beyond the usual boundaries of time, culture, and physiology. We envision them in diverse and contradictory ways, from purple friends to toothy terrors—reflecting, in part, our changing conceptions of ourselves. Not unlike humans today, dinosaurs seem at once powerful, almost godly, and helpless in the face of cosmic forces even more powerful than themselves. In *Dinomania*, Boria Sax, a leading authority on human-animal relations, tells the story of our unlikely romance with the titanic saurians, from the discovery of their enormous bones—relics of an ancient world—to the dinosaur theme parks of today. That discovery, around the start of the nineteenth century, was intimately tied to our growing awareness of geological time and the dawn of the industrial era. Dinosaurs' vast size and power called to mind railroads, battleships, and factories, making them, paradoxically, emblems of modernity. But at the same time, their world was nature at its most pristine and unsullied, the perfect symbol of childhood innocence and wonder. Sax concludes that in our imaginations dinosaurs essentially are, and always have been, dragons; and as we enter a new era of environmental threats in which dinos provide us a way to confront indirectly the possibility of human extinction, their representation is again blending with the myth and legend from which it emerged at the start of the modern age. Fun and ferocious, and featuring many superb illustrations of dinosaurs from art, popular culture, film, and advertising, *Dinomania* is a thought-provoking homage to humanity's enduring dinosaur amour.

Grounded in the strengths of its first edition, this book has been restructured to include new papers and recent articles, and presents front-running theory and practice as it addresses the relationships of museums and galleries to their audiences.

“The innocence of childhood collides with the stark aftermath of war in this wrenching and ultimately redemptive tale of family, seemingly impossible choices, and the winding paths to destiny, which sometimes take us to places far beyond our imaginings.” – Lisa Wingate, #1 New York Times Bestselling Author of *Before We Were Yours* and *The Book of Lost Friends* “Ardone’s beautifully crafted story explores the meaning of identity and belonging...recommended to fans of Elena Ferrante’s Neapolitan novels.” – *The Library Journal* “[*The Children’s Train*] leaves you with a great sense of the importance of family and the tough decisions that must be faced as a result of that love.” – *Shelf Awareness*

Based on true events, a heartbreaking story of love, family, hope, and survival set in post-World War II Italy—written with the heart of *Orphan Train* and *Before We Were Yours*—about poor children from the south sent to live with families in the north to survive deprivation and the harsh winters. Though Mussolini and the fascists have been defeated, the war has devastated Italy, especially the south. Seven-year-old Amerigo lives with his mother Antonietta in Naples, surviving on odd jobs and his wits like the rest of the poor in his neighborhood. But one day, Amerigo learns that a train will take him away from the rubble-strewn streets of the city to spend the winter with a family in the north, where he will be safe and have warm clothes and food to eat. Together with thousands of other

southern children, Amerigo will cross the entire peninsula to a new life. Through his curious, innocent eyes, we see a nation rising from the ashes of war, reborn. As he comes to enjoy his new surroundings and the possibilities for a better future, Amerigo will make the heartbreaking choice to leave his mother and become a member of his adoptive family. Amerigo's journey is a moving story of memory, indelible bonds, artistry, and self-exploration, and a soaring examination of what family can truly mean. Ultimately Amerigo comes to understand that sometimes we must give up everything, even a mother's love, to find our destiny. Translated from the Italian by Clarissa Botsford

Durante un'impetosa estate di caldo biblico e tempeste, la maggior preoccupazione di Gabrielle Fox è quella di ricostruire la propria carriera di psicologa dopo un terribile incidente d'auto. Ma quando le viene assegnato il caso di Bethany Krall, un'adolescente psicopatica che ha ucciso la madre e vive rinchiusa in un manicomio criminale, Gabrielle inizia a pensare di aver compiuto un tragico errore. E ha ragione: la sua giovane paziente non è una semplice assassina. Nelle sue allucinazioni c'è qualcosa di inquietante, di orribilmente reale: Bethany può vedere, molto prima che accadano, catastrofi che si stanno per abbattere sul pianeta, piccole apocalissi che andranno a comporsi, nel tempo, in un misterioso disegno finale dal quale nessun tentativo di fuga, nessun possibile esodo sembrerà poterci salvare. Eppure, quando Gabrielle se ne rende conto, nessuno le crede. Ci sono profezie troppo spaventose perché le si possa prendere anche solo in considerazione, e l'unica cosa che le resta da fare è portare via con sé Bethany, in una disperata corsa contro il tempo...L'ultima profezia è uno psico-thriller elettrizzante, che rivela al pubblico italiano un'autrice tra le più talentuose e originali della scena letteraria europea.

When ten-year-old Enaiyatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiyat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiyat endures the crippling physical and emotional agony of dangerous border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not everyone is as resourceful, resilient, or lucky as Enaiyat, and there are many heart-wrenching casualties along the way. Based on Enaiyat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award-winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, *In the Sea There Are Crocodiles* brilliantly captures Enaiyat's moving and engaging voice and lends urgency to an epic story of hope and survival.

Selected by NPR's Maureen Corrigan and *The Wall Street Journal's* Tom Nolan as one of the best mysteries of the year, Gazan's *The Dinosaur Feather*--which the *Financial Times* called "outrageously entertaining"--is a classic of modern Scandinavian noir. With keenly observed and deeply flawed characters, this scintillating thriller revolves around the controversial and fascinating connections between dinosaur and avian evolution. Biology postgraduate, PhD hopeful, and single mom Anna Bella Nor is just two weeks away from defending her thesis on the saurian origin of birds when her academic supervisor, the highly respected yet widely despised Dr. Lars Helland, is found dead in his office chair at the University of Copenhagen. The police discover a copy of Anna's thesis in the dead man's bloody lap. When the autopsy suggests that Helland was murdered in a fiendishly ingenious way, brilliant but tormented young Police Superintendent Soren Marhauge is called to investigate. As he begins the daunting task of unraveling the knotted skeins of interpersonal and intellectual intrigue among the

scientists at the university, his own troubled past begins to complicate the case. Everyone involved with the investigation--from Anna Bella Nor to Helland's numerous academic rivals to Marhaug's own ex-wife, who is pregnant with her current husband's child--has something to hide, muddying the investigation and presenting the detective with the greatest professional and personal challenge of his life.

Presents five stories about Littlenose, a young Neanderthal boy, as he adopts a young woolly mammoth, participates in the Sun Dance festival, stumbles upon a painted cave, makes music by blowing on pipes, and saves his father who fell into a trap.

**A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).**

Sex probably doesn't cause yeast infections? But racism probably does cause BV? Why is masturbating so awesome? How hairy are butt cracks . . . generally? There is still a shocking lack of accurate, accessible information about pussies and many esteemed medical sources seem to contradict each other. *For fans of Elena Ferrante and Paulo Coelho comes a moving and elegant novel about the friendship between two young Italian boys from different backgrounds and how their connection evolves and challenges them throughout their lives. "Few books have so accurately described the way stony heights can define one's sense of joy and rightness...an exquisite unfolding of the deep way humans may love one another" (Annie Proulx). Pietro is a lonely boy living in Milan. With his parents becoming more distant each day, the only thing the family shares is their love for the mountains that surround Italy. While on vacation at the foot of the Aosta Valley, Pietro meets Bruno, an adventurous, spirited local boy. Together they spend many summers exploring the mountains' meadows and peaks and discover the similarities and differences in their lives, their backgrounds, and their futures. The two boys come to find the true meaning of friendship and camaraderie, even as their divergent paths in life—Bruno's in the mountains, Pietro's across the world—test the strength and meaning of their connection. "A slim novel of startling expansion that subtly echoes its setting" (Vogue), *The Eight Mountains* is a lyrical coming-of-age story about the power of male friendships and the enduring bond between fathers and sons. "There are no more universal themes than those of the landscape, friendship, and becoming adults, and Cognetti's writing becomes classical (and elegant) to best tell this story...a true novel by a great writer" (Rolling Stone Italia).*

When Mr Perfect comes to stay, the five misfits find themselves questioning what their purpose in life is. Can they teach him that not fitting in is more fun than trying to be perfect? A quirky, allegorical picture book from the multi award-winning creator of *A Lion in Paris*.

The Wizarding World journey continues . . . The powerful Dark wizard Gellert Grindelwald was captured in New York with the help of Newt Scamander. But, making good on his threat, Grindelwald escapes custody and sets about gathering followers, most of whom are unsuspecting of his true agenda: to raise pure-blood wizards up to rule over all non-magical beings. In an effort to thwart Grindelwald's plans, Albus Dumbledore enlists Newt, his former Hogwarts student, who agrees to help once again, unaware of the dangers that lie ahead. Lines are drawn as love and loyalty are tested, even among the truest friends and family, in an increasingly divided wizarding world. *Fantastic Beasts: The Crimes of Grindelwald* is the second screenplay in a five-film series to be written by J.K. Rowling, author of the internationally bestselling Harry Potter books. Set in 1927, a few months after the events of *Fantastic Beasts and Where To Find Them*, and moving from New York to London, Paris and even back to Hogwarts, this story of mystery and magic reveals an extraordinary new chapter in the wizarding world. Illustrated with stunning line art from MinaLima with some surprising nods to the Harry Potter stories that will delight fans of both the books and films.
