The Duirne-Relh haven't been seen in Dionia for generations-their kind and their king, Morgul, banished long ago from hunting paradise. But when creation shows signs of deterioration, the kings of the seven realms converge in the sacred Gvidindollon gathering to arrive at one inescapable conclusion: Morgul has returned. In the hopes of entrusting Dionia's brave history and perilous future to a generation that has never known war, the kings decide to raise up their young sons as an elite group of warriors, known only as the Dibur. *Gorn*, legendary hero of the First Battle, is commissioned to teach the Dibur the art of war, leading them on a four-year adventure on the Isle of Kirindell. It is Luik, son of Lair, who soon emerges as the warband's spirited front man. But he is not the only one of his peers to grow in power; his dear friend Fane discovers hidden abilities among the Mostfar under the mentorship of Li-Siade of Or, while Princess Anorra finds that her lifelong tutor knows as much about combat as he does about etiquette. There is little time for the Dibur to enjoy the satisfaction of graduation, however, as a sinister plot is discovered to dethrone Dionia's kings and flatten the capital city of Adriel. The Dibur are summoned to war, along with the rest of Dionia's fighting men. It is before the gates of Adriel Palace that Luik and his army face Morgul's prince, Valdem, as well as the unexpected ranks of the Duirne-Relh.

When Cleopatra expresses a desire to die 'after the high Roman fashion', acting in accordance with 'what's brave, what's noble', Shakespeare is suggesting that there are certain values that are characteristically Roman. The use of the terms 'Rome' and 'Roman' in Julius Caesar. Antony and Cleopatra or Jonson's *Sejanus* often carry the implication that most people fail to live up to this ideal of conduct, that very few Romans are worthy of the name. In his book Cherniak demonstrates how, in these plays, Roman values are held up to critical scrutiny. The plays of Shakespeare, Jonson, Massinger and Chapman often present a much darker image of Rome, as exemplifying barbarian fervor than civility. Through a comparative analysis of the Roman plays of Shakespeare and his contemporaries, and including detailed discussion of the classical historians Livy, Tacitus and Plutarch, this study examines the uses of Roman history - 'the myth of Rome' - in Shakespeare's age.

Eli begins his training as a commissioned defender of the realms. If he is to survive his latest mission for the King, he must learn the difference between knowing the truths of the King's Word and claiming these truths in his own life.

"The Book of Eli - Solara: The Verse of Shadow," is the story of Solara and her mission to save her blind mother from Carnegie. This story is a fan-told expansion of the original 2010 movie The Book of Eli starring Denzel Washington (Eli) and Mila Kunis (Solara). Throughout this book, the reader follows Solara as the main character and receives closure to the original story. This book will appeal to those who enjoy fan fiction. Seven billion people on earth; it was only a matter of time before you discovered the truth. Your legends--your myths and religions--have called us by many names. Since the beginning, our kind has walked among you as your protectors. We are the only ones who know who you are and why you are here. He wasn't meant to disappear; you weren't meant to know why. Our objective was clear: hunt them, kill them and leave. Once you know, there will be no going back. They will come for you. Are you ready?

Rome was founded under a different name between 1000 and 1500 years before 753 boe. The city by more than a few sources of evidence was in part a continuation of the Trojan War, as well as an outlying city called Alba Longa. The first major rally point from the escaping Trojans was the future cite of Constantinople renamed by the Muslims to Istanbul. A minor closer rally point was the future location of the Council of Nicaea, which is where the books of the Bible were literally voted upon to create the current canonized and un-canonized books of the Bible. Prince of Troy Aeneas was sent out to build or upgrade an existing city e.g. Alba Longa to prepare for the influx of Jewish refugees. " The Lost 13th Tribe of Israel The Trojan War survivors and the Slaves from the Hykcos Dorian shield wall whom managed to escape to join the ranks of the Trojans were ferried out of the War to two safe grounds. First to the future city of Rome, second to Northumberland aka the Kingdom of Yr Hen Ogled d. The Punic War actually started immediately after the Trojan War, with those still young enough chased the Trojans from Troy to the City of Seven Hills. Itself was part of the Hykcos invasion evacuation from the Jews whom built the Pyramids. In effect the City of Seven Hills was built as an evacuation replacement for the Pyramids. The time from 1300 to 753 boe was carefully erased from the city's history, in part because the events in that more than half a millennia were entirely unpleasant for the attacking Hykcos army. Both the Dorians and Avaris were present at both Troy and The City of Seven Hills. The entire Helen, Menelaus, Paris love triangle is a pure fiction with less than 0 basis in fact. Helen and Menelaus would not have been within literally an arrow shot of each other. There is absolutely no possible way Helen would have been promised in marriage to him. It would be similar to the son of Al-Qaida being engaged to the daughter of Masada. However a love triangle most likely did exist between Moses aka Ajax the Lessor and Queen Hecuba and wife of King Priam. She was more than likely the daughter of Amenhotep iv Akhenaten. Moses followed the escaping Trojans to Alba Longa to keep fighting. His descendants and himself were the ones whom wrote the history down, if he wanted to lie, questioning his word or what he wrote down was an executable offense from the time of the Exodus aka the Trojan war and Levant Ghetto to King David. This is where the cascade effect from the end of the Trojan War becomes the War to destroy The Seven Hills and rename to Rome, erasing all the evidence from previous to the founding of Rome.

Cassius Dio's Speeches and the Collapse of the Roman Republic

"Winner, 2011 Gold Award, Historical Fiction, eLit Book Awards." In the greatest, foulest city in the world, love, mayhem and betrayal are waiting for the slave, Alexandros. Given as a gift to the richest man in Rome, he soon discovers that intrigue and murder stalk the house of his master. Alexandros can solve the crime, but if he does, the worst punishment may prove to be his own. Alexandros is astute, well-educated and brimming with caustic wit, but he can't seem to remember the golden rule of slavery: keep your head down and your mouth shut. No wonder more than one person in the house of Marcus Crassus wants to see this former Greek philosophy student dead. Through accident and intervention, Alexandros manages to survive, but is he willing to take the proffered hand of the one ally he wants desperately to despise - his owner? Every boon and advancement accepted from Crassus is an acknowledgment that his former life is gone. Yet how can he resist? Crassus is a good man, for a Roman. At last, Alexandros realizes that accepting his condition is the only way to recoup the little freedom left him. He willingly opens his eyes to his new life ... and immediately falls in love with Livia, a fellow servant he's never allowed himself to see. But romance for a slave is a fragile thing, especially when tragedy befalls the Crassus household in the guise of Gaius Julius Caesar and his insatiable ambition. Alexandros has won the ear of Crassus, but can a slave keep a master of Rome from making a choice that could topple the foundations of an empire?

Cassius Dio's Speeches and the Collapse of the Roman Republic provides a detailed analysis of one of our most important historical sources for the transition from Republic to Principate, using the speeches it contains as the point of departure.

Letters of Franz Liszt: From Rome to the end

Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research. This commentary on Acts, his magnum opus, may be the largest and most thoroughly documented Acts commentary available. Useful not only for the study of Acts but also early Christianity, this work sets Acts in its first-century context. In this volume, the third of four, Keener continues his detailed exegesis of Acts, utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights. This magisterial commentary will be an invaluable resource for New Testament professors and students, pastors, Acts scholars, and libraries.

Written in the author's maternal Greek, the Roman History of the third-century A.D. historian Cassius Dio is our fullest surviving historical source for the reign of the Emperor Augustus. In The Augustan Succession Peter Michael Swan provides an ample historical and historiographic commentary on Books 55-56 of the History. These books recount Augustus's last twenty-three years (9 B.C.-A.D. 14), during which the aging monarch, amid dynastic tragedies and military setbacks, orchestrated the continuation of the constitutional and imperial system developed under his leadership, which ended in his transmission of power to his son-in-law Tiberius. The Augustan Succession is the first commentary since the eighteenth century to offer full and fresh treatment of this segment of Dio's work. This commentary pays close critical attention to Dio's historical sources, methods, and assumptions as it also strives to present him as a figure in his own right. During a long life (ca. 164-after 229), Dio served as a Roman senator under seven emperors from Commodus to Severus Alexander, governed three Roman provinces, and was twice consul. An acute and interested contemporary observer of wide experience, positioned close to the seat of imperial power, he was a self-assured personality who embodied deeply conservative political and social views and prejudices. All these factors inform the pages of Dio's Augustan narrative, as does, above all, his doctrine that the best remedy for the troubles of his own age of "trust and iron" was the rule of the model of Augustus. This is an historical commentary on Books 55-56 of Dio's Roman History. These books recount the last half of the reign of the Emperor Augustus, above all his orchestration of the first imperial succession. Addressed to both students and scholars, the new commentary is the first since the eighteenth century to offer full and fresh treatment of this segment of Dio's work.

"Difficulties are not an option in my life." I begin this introduction with a statement that should be a daily declaration in everyone's life. For as long as we live, difficult times will always show up but making them a "normal" standard in my day to day life to deceive us and make us doubt God's promises is not an option for a child of God. There is a saying "Life is not about waiting for the storm to pass. It's about dancing in the rain." While you dance in the midst of the storm, God will see your heart comfort to His. We can't let life dictate our pace and blessings, we have to do something about it. Sitting at the side of the road and waiting for someone to give us what we need is not an option. When you have a clear identity of who you are in Christ, God will reveal to you that everything you need is already inside of you. All you will ever need in this life comes from God. The same God who lives and dwells in you. When all hell breaks loose, God releases His power in you to prevail in all of your doings. But, it will take someone who is committed to insisting and resisting at all cost during times of discouragements. You have all that is needed for you to persist and to manifest the movement of God in your favor. It's customary to invoke God who seems to be outside of our realm, every time we need Him. We appeal to God to come to us even though He is already in us. "Do you not know that you are a temple of God and that the Spirit of God dwells in you?" (1 Corinthians 3:16). You want His divine power to come to you when all you have to do is to release His power that is already inside of you. Remember that in all of our doings, "God's purpose demands resistance." In other words, you have to fight against opposition for that purpose to be fulfilled. It is the only way that you'll see the promises become a reality. Understanding what your purpose is and what it represents in your life will help you unleash God's power. It is critical to know how to position yourself, regardless of the situation you are encountering and to push forward until something happens. Push forward at all times and pray until God's heavens are opened in your favor. Until the much-needed response becomes a reality in the natural realm. Let's not worry about our circumstances, but rather, persist in pushing forward while God orchestrates the outcome of our victory. Victory is something that comes disguised as a full game of discouragements and weaknesses that will try to keep you out of focus. But knowing how to unwrap what seems to be packages full of discouragements will take a persistent person to reveal God's favor in you. While the opposition increases, your strength will be growing and pushing forward until God's favor is released with His anointing to obtain the victory that has been always in you. Why? Because victory is a place that dwells in you. Jesus obtained it on the cross, and Jesus the Victor lives in you.

When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshipped in cold stone buildings. The sacred shores of Avalon began to drift away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Shleghs stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart. How could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's companion in countless lives; but, now, they existed in different realms.

Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. Rowen would have to defend the bewitching man from himself. When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical-paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for audiences under 18.

Green Mansions, novel by W.H. Hudson, published in 1904. An exotic romance set in the jungles of South America, the story is narrated by a man named Abel who as a young man had lived among the aboriginal people. He tells of Rima, a strange birdlike woman with whom he falls in love.

The Verse of Shadow

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Volume two reveals the extraordinary diversity of ancient Roman religion. A comprehensive sourcebook, it presents a wide range of documents illustrating religious life in the Roman world - from the foundations of the city in the eighth century BC to the Christian capital more than a thousand years later. Each document is given a full introduction, explanatory notes and bibliography, and acts as a starting point for further discussion. Through paintings, sculptures, coins and inscriptions, as well as literary texts in translation, the book explores the major themes and problems of Roman religion, such as sacrifice, the religious calendar, divination, ritual, and priesthood. Starting from the archaeological traces of the earliest cults of the city, it finishes with a series of texts in which Roman authors themselves reflect on the nature of their own religion, its history, even its funny side. Judaism and Christianity are given full coverage, as important elements in the religious world of the Roman empire.

This collection of legal documents affecting the Christian Church in the Roman Empire is the first its kind in any language. In time the monuments here translated cover the period from the foundation of the Church to the deposition of Romulus Augustulus, the last emperor in the West (476), and to the publication of the second (and only extant) edition of the Code of Justinian I, the most conspicuous champion of Caesaropapism in the East (534)—each terminus ad quem being an arbitrary, but a natural, limit. The character of the originals, which are mostly in either Greek or Latin, is strictly secular, that is, the documents emanate from the State's officials, ordinarily the emperors, and thus expose the State's attitude toward the Church. —From the Introduction
