(starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil ' s name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does

Everyone deserves to shine in this sparkling book about a girl who's trying to find her place in the universe--and middle school--from the New York Times bestselling author of *Escape from Mr. Lemoncello's Library!* Shine on! might be the catchphrase of twelve-year-old Piper's hero--astronaut, astronomer, and television host Nellie Dumont Frisse--but Piper knows the truth: some people are born to shine, and she's just not one of them. That fact has never been clearer than now, when her dad's new job has landed them both at Chumley Prep, a posh private school where everyone seems to be the best at something and where Piper definitely doesn't fit in.

Bursting with humor, heart, science, possibilities, and big questions, *Shine!* is a story about finding your place in the universe--a story about figuring out who you are and who you want to be. **BONUS!** Science experiment included!

The publication of *Harry Potter and the Deathly Hallows*, the seventh and final Harry Potter novel, is probably the most eagerly anticipated event in the history of publishing. Even the smallest hints from author J. K. Rowling about what may happen to Harry and his friends have been major news stories. In *The End of Harry Potter?*, David Langford—Potter fan and award-winning writer—delves into the many mysteries which remain unsolved. Is Albus Dumbledore really dead? Whose side is Severus Snape really on? What are the remaining

horcruxes, where He Who Shall Not Be Named has stashed his soul? Does Harry bear a part of the Dark Lord's soul in his scar, and is this why he understands Parseltongue? J. K.

Rowling is the only person who knows the answers to these questions. But in this highly entertaining book, Langford uses his deep knowledge of the six published Harry Potter novels to explore these and other mysteries, and to present a selection of possible outcomes. Only the publication of Harry Potter and the Deathly Hallows will lay these questions to rest, but in the meantime, fans of the series will find David Langford's book entertaining and thought-provoking, and a perfect way to refresh their memory of the first six books in readiness for the last. A professor of literature for over thirty years, Dr. James W. Thomas takes us on a tour through the Potter books in order to enjoy them in different ways upon subsequent readings. Re-readers will be pleasantly surprised at what they may have missed in the books and at what secrets Rowling has hidden for us to uncover as we revisit these stories. The professor's informal and often lighthearted discussions focus on puns, humor, foreshadowing, literary allusions, narrative techniques, and other aspects of the Potter books that are hard-to-see on the hurried first or fifth reading. Dr. Thomas's brilliant but light touch proves that a "serious" reading of literature can be fun. -.-.-.-.-.-.-.-.-.-.

From comic books to summer blockbusters, all people enjoy art in some form or another. However, few of us can effectively explain why certain books, movies, and songs resonate so profoundly within us. In *Echoes of Eden*, Jerram Barrs helps us identify the significance of artistic expression as it reflects the extraordinary creativity and unmatched beauty of the Creator God. Additionally, Barrs provides the key elements for
