Providing a framework for understanding the relationship between media and society, this updated Sixth Edition of *Media/Society* helps you develop the skills you need to critically evaluate both conventional wisdom and your own assumptions about the social role of the media. Authors David Croteau and William Hoynes retain the book's basic sociological framework but now include additional discussions of new studies and up-to-date material on today's rapidly changing media landscape. Now featuring streamlined content and a more engaging narrative, this edition offers expanded discussions of the "new media" world, including digitization, the internet, the spread of mobile media devices, the role of user-generated content, the potential social impact of new media on society, and new media's effect on traditional media outlets

This volume highlights North American animated television series broadcast between 1948 and 2016, providing credits for their original broadcast period and significant members of the cast and crew, as well as short descriptive and critical analyses.

Since the early 2000s, Disney Channel has been dominated by original live-action programming popular among tween girls. The shows' successes rely not only on their popularity among girl audiences, but also on the development of star personae by girl performers, such as Raven-Symoné, Miley Cyrus, and Selena Gomez. In addition, these programs and their performers have spawned lucrative media and merchandising franchises for the Walt Disney Company. This book includes analyses of this Disney Channel programming, as well as Disney corporate reports and executive statements, together with Disney Channel stars' performances, promotional appearances, media production, philanthropic efforts, and entrepreneurship. Analyzing these texts, performances, activities, and personae, it considers the ways in which they reproduce celebrity, visibility, and feminine performativity as central to successful twenty-first century girlhood.

*Frame by Frame III* continues the work of documenting the participation of African Americans in cinema and illuminating their important contributions to the art of filmmaking. African Americans are screenwriters, actors, producers, directors, musicians, and consultants who contribute their talents to a film industry that scarcely recognizes them. *Frame by Frame I* includes productions from 1900 through 1977; *Frame by Frame II* extends coverage through 1994. With this volume, Audrey Thomas McCluskey and the staff of the Black Film Center/Archive at Indiana University bring the work of this essential resource into the 21st century. Covering the years from 1994 to 2004, the volume includes listings of black cast members, directors, executive producers, film composers, performers, producers, screenwriters, and Academy Award winners and nominees. Audrey T. McCluskey is Associate Professor of Afro-American Studies and Director of the Black Film Center/Archive at Indiana University. She is co-editor of *Mary McLeod Bethune: Building a Better World* (IUP, 2000).

"Factors which led to an independent television production sector in Toronto, Ontario, and the Ontario-based companies that have competed in the U.S. marketplace. Alliance Atlantis Communications is given particular attention as one of Ontario's most successful production companies. Economic and political influences as well as current and future prospects of independent production companies are discussed"--Provided by publisher.

Quebecois cinema, too long neglected and too long unknown by American viewers, and often not appreciated on its own terrain, receives its well-deserved defense in Janis L. Pallister's *The Cinema of Quebec: Masters in Their Own House*. According to Pallister, the neglect of Quebecois cinema comes through ignorance, sometimes to be attributed to the whims of distributors. She intends that this study will redeem Quebecois cinema and restore its status as an overlooked cinematic jewel, to be valued for its own beauty.

Major films, including *Mon oncle Antoine*, *Les bons débarras*, *Le Déclin de l'empire américain*, *Jesus de Montreal*, *Pouvoir intime*, *Un Zoo la nuit*, *Les fous de Bassan*, J.A. Martin, *photographe*, as well as many other lesser-known works, are dealt with exhaustively. In addition, the gynefilms of Lea Pool and such women directors' films as *Mourir à tue-tête* and *Sonatine*, are amply discussed.

Additionally, films about Quebecois history and politics, films taken from the literature of Quebec, films about the Quebecois society, documentary films, animated films - all aspects and genres of the cinematic arts as practiced in Quebec have a place in the author's work. Pallister treats the film production of Quebec from a historico-aesthetic perspective, but also pays attention to the historical, social, and political context in which this cinematic corpus was made. Although the book is largely concerned with films by French-speaking filmmakers, there is also a brief chapter on films in other languages, especially English.

Presents innovative scholarship on Latina/o visibility in contemporary mainstream media Latina/os have seen increased visibility in the past several years, especially in feature-length films, network television programs, and various digital platforms. *Gender of Latinidad: Uses and Abuses of Hybridity* explores Latina/o visibility—analyzing presence, production, and interpretation throughout various media. An important contribution to the emerging field of Latina/o Media Studies, this unique volume brings together political economy and cultural studies to consider the limitations of cultural politics and explore current issues relevant to Latina/o cultural inclusion. Author Angharad N. Valdivia addresses the concept of hybridity and applies it to contemporary Latina/o life in which hybrid Latina/os lead hybrid lives and consume hybrid media. The text explores strategies for gendered visibility in a popular culture media, using the concept of hybridity to connect Latina/o Studies to Feminist Media Studies, Gender Studies, and Ethnic Studies. Throughout the text, the author discusses the inclusion Latina/o scholars and audiences seek and considers if inclusion is even achievable. Offering intersectional exploration of Latinidad in mainstream media, this volume: Explores the role of the spitfire in the context of popular media Brings Disney Studies into Latina/o Studies Discusses the dynamic inclusion of Latina/os in awards ceremonies Assesses the implicit utopias of Latina/o representation Presents the only major academic treatment of Latina/os Presenting an original perspective on Latina/os in media, *The Gender of Latinidad: Uses and Abuses of Hybridity* is an ideal text for students and scholars in areas including Gender Studies, Ethnic Studies, and general Media and Feminist Media Studies.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question how Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of perspectives about the good, the bad, and the best way forward.

The idea of American musical theatre often conjures up images of bright lights and big city, but its lifeblood is found in amateur productions at high schools, community theatres, afterschool programs, summer camps, and dinner theatres. In *Beyond Broadway*, author Stacy Wolf looks at the widespread presence and persistence of musical theatre in U.S. culture, and examines it as a social practice--a live, visceral experience of creating, watching, and listening. Why does local musical theatre flourish in America? Why do so many Americans continue to passionately engage in a century-old artistic practice that requires intense, person-to-person collaboration? And why do audiences still flock to musicals in their hometowns? Touring American elementary schools, a middle school performance festival, afterschool programs, high schools, summer camps, state park outdoor theatres, community theatres, and dinner theatres from California to Tennessee, Wolf illustrates musical theatre's abundance and longevity in the U.S. as a thriving social activity that touches millions of lives.

This edited thematic collection features latest developments of discourse analysis in translation and interpreting studies. It investigates the process of how cultural and ideological intervention is conducted in translation and interpreting using a wide array of discourse analysis and systemic functional linguistic approaches and drawing on empirical data from the Chinese context. The book is divided into four main sections: I. uncovering positioning and ideology in interpreting and translation, II. linking linguistic approach with socio-cultural interpretation, III. discourse analysis into news translation and IV. analysis of multimodal and intersemiotic discourse in translation. The different approaches to discourse analysis provide a much-needed contribution to the field of translation and interpreting studies. This combination of discourse analysis and corpus analysis demonstrates the interconnectedness of these fields and offers a rich source of conceptual and methodological tools. This book will appeal to scholars and research students in translation and interpreting studies, cross-linguistic discourse analysis and Chinese studies.
