integrating

multidisciplinary  
findings from the  
science of high

performance, Tony  
Schwartz, coauthor  
of the #1 bestselling  
The Power of Full

makes a persuasive  
case that we're

neglecting the four  
core needs that  
energize great  
performance:

sustainability  
(physical); security  
(emotional); self-

and significance  
(spiritual). Rather

periods, we're at our best when we pulse rhythmically between expending and regularly renewing energy across each of our four needs.

Organizations undermine sustainable high performance by forever seeking to

people. Instead they  
should seek

systematically to  
meet their four core  
needs so they're
