

## Dolcett Hanging

With an introduction by Moebius. An elegant setting of women who were once men! Beautiful, irresistibly feminine and with their manly attributes still bulging between their thighs! Gorgeous highly stylish art by another great Italian, reveling in the depiction of these transsexuals falling in increasing heat for each other!

A Good Hanging contains twelve remarkable, gritty stories starring Detective Inspector John Rebus in his home city of Edinburgh, as only Ian Rankin can portray it: not just the tearooms and cobbled streets of the tourist brochures, but a modern urban metropolis with a full range of criminals and their victims--blackmailers, peeping Toms, and more than one kind of murderer. It's a city like any other, a city that gives birth to crimes of passion, accidents, and long-hidden jealousy, and a city in which criminal minds find it all too easy to fade into the shadows. As dedicated readers of the series well know, nobody is better equipped to delve into Edinburgh's back alleys and smoky pubs than Rebus, and no one better able to illuminate his world than Ian Rankin.

The death penalty is never without its ethical conflicts or moral questions. Never more so than when the person being led to the gallows may very well be innocent of the actual crime, if not innocent according social concepts of femininity. A Tale of Two Murders is an engrossing examination of the Ilford murder, which became a legal cause ce ?le`bre in the 1920s, and led to the hanging of Edith Thompson and her lover, Freddy Bywaters. On the night of October 3, 1922, as Edith and her husband, Percy, were walking home from the theatre, a man sprang out of the darkness and stabbed Percy to death. The assailant was none other than Bywaters. When the police discovered his relationship with Edith, she--who had denied knowledge of the attack--was arrested as his accomplice. Her passionate love letters to Bywaters, read out at the ensuing trial, sealed her fate, even though Bywaters insisted Edith had no part in planning the murder. They were both hanged. Freddy was demonstrably guilty; but was Edith truly so? In shattering detail and with masterful emotional insight, Laura Thompson charts the course of a liaison with thrice-fatal consequences, and investigates what a troubling case tells us about perceptions of women, innocence, and guilt.

'Wonderfully readable ... Emphasises their sheer extraordinariness and celebrates them' MAIL ON SUNDAY. The eldest was a razor-sharp novelist of upper-class manners; the second was loved by John Betjeman; the third was a fascist who married Oswald Mosley; the fourth idolized Hitler and shot herself in the head when Britain declared war on Germany; the fifth was a member of the American Communist Party; the sixth became Duchess of Devonshire. They were the Mitford sisters: Nancy, Pamela, Diana, Unity, Jessica and Deborah. Born into country-house privilege, they became prominent as 'bright young things' in the high society of interwar London. Then, as the shadows crept over 1930s Europe, the stark – and very public – differences in their outlooks came to symbolise the political polarities of a dangerous decade. The intertwined stories of their lives – recounted in masterly fashion by Laura Thompson – hold up a revelatory mirror to upper-class English life before and after World War II.

From Anthony Award-winning writer Alex Segura comes Secret Identity, a rollicking literary mystery set in the world of comic books. It ' s 1975 and the comic book industry is struggling, but Carmen Valdez doesn ' t care. She ' s an assistant at Triumph Comics, which doesn ' t have the creative zeal of Marvel nor the buttoned-up efficiency of DC, but it doesn ' t matter. Carmen is tantalizingly close to fulfilling her dream of writing a superhero book. That dream is nearly a reality when one of the Triumph writers enlists her help to create a new character, which they call " The Lethal Lynx, " Triumph's first female hero. But her colleague is acting strangely and asking to keep her involvement a secret. And then he ' s found dead, with all of their scripts turned into the publisher without her name. Carmen is desperate to piece together what happened to him, to hang on to her piece of the Lynx, which turns out to be a runaway hit. But that ' s complicated by a surprise visitor from her home in Miami, a tenacious

cop who is piecing everything together too quickly for Carmen, and the tangled web of secrets and resentments among the passionate eccentrics who write comics for a living. Alex Segura uses his expertise as a comics creator as well as his unabashed love of noir fiction to create a truly one-of-a-kind novel--hard-edged and bright-eyed, gritty and dangerous, and utterly absorbing.

The horrors of the First World War released a great outburst of emotional poetry from the soldiers who fought in it as well as many other giants of world literature. Wilfred Owen, Rupert Brooke and W B Yeats are just some of the poets whose work is featured in this anthology. The raw emotion unleashed in these poems still has the power to move readers today. As well as poems detailing the miseries of war there are poems on themes of bravery, friendship and loyalty, and this collection shows how even in the depths of despair the human spirit can still triumph.

'Sensational. The most minutely researched and brilliantly told account ever' MAIL ON SUNDAY. Laura Thompson re-examines the truths behind one of post-war Britain's most notorious murders: the bludgeoning to death of nanny Sandra Rivett in a Belgravia basement on 7 November 1974.

Lord Lucan, found guilty of the murder, was only granted a death certificate in 2016. His wife Veronica – last surviving participant in this dark episode – died in September 2017. In this revised edition, Laura Thompson sheds new light on the volatile mental state of Veronica Lucan, and on the theories surrounding the murder, to which she adds a new, extraordinary and shocking possibility.

This provocative anthology provides inspiration on how to teach, think, and talk about comics in the classroom and beyond.

The Papago Indians of the American Southwest say butterflies were created to gladden the hearts of children and chase away thoughts of aging and death. How the Butterflies Came to Be is one of twenty-four Native American tales included in Native American Animal Stories. The stories, coming from Mohawk, Hopi, Yaqui, Haida and other cultures, demonstrate the power of animals in Native American traditions. Parents, teachers and children will delight in lovingly told stories about "our relations, the animals." The stories come to life through magical illustrations by Mohawk artists John Kahionhes Fadden and David Fadden. "The stories in this book present some of the basic perspectives that Native North American parents, aunts and uncles use to teach the young. They are phrased in terms that modern youngsters can understand and appreciate ... They enable us to understand that while birds and animals appear to be similar in thought processes to humans, that is simply the way we represent them in our stories. But other creatures do have thought processes, emotions, personal relationships... We must carefully accord these other creatures the respect that they deserve and the right to live

The author of the New York Times bestselling *The Girl on the Train* now turns her formidable biographical skills to the greatest crime writer in the world, Agatha Christie. It has been one hundred years since Agatha Christie wrote her first novel and created the formidable Hercule Poirot. A brilliant and award winning biographer, Laura Thompson now turns her sharp eye to Agatha Christie. Arguably the greatest crime writer in the world, Christie's books still sell over four million copies each year—more than thirty years after her death—and it shows no signs of slowing. But who was the woman behind these mystifying, yet eternally pleasing, puzzlers? Thompson reveals the Edwardian world in which Christie grew up, explores her relationships, including those with her two husbands and daughter, and investigates the many mysteries still surrounding Christie's life, most notably, her eleven-day disappearance in 1926. Agatha Christie is as mysterious as the stories she penned, and writing about her is a detection job in itself. With unprecedented access to all of Christie's letters, papers, and notebooks, as well as fresh and insightful interviews with her grandson, daughter, son-in-law and their living relations, Thompson is able to unravel not only the detailed workings of Christie's detective fiction, but the truth behind this mysterious woman.

"One of the most twisted tales you will ever read . . . a story of cannibal fetishes, a terrified wife, lying FBI agents, a false conviction."—Patrick Quinlan, Los Angeles Times bestselling author  
\*Optioned in February 2019 for a motion picture\* *Raw Deal* is the untold story of former New York City police officer Gil Valle, who in 2012 became known throughout the world as "The Cannibal Cop." It is part the controversial saga of a man who was imprisoned for "thought crimes," and a look into a world of dark sexuality and violence that most readers don't know exists, except maybe in their nightmares. After Valle's arrest, media coverage exploded in a frenzy of lurid tabloid headlines and stories about the cop charged with planning to kidnap, torture, rape . . . and eat . . . women, including his own wife. But here's the fascinating part; there was no such plan in reality. Valle faced life in prison for his charges and served 21 months for nothing more than having online chats about his fantasies. He was finally exonerated of all charges. *Raw Deal* raises the question of when does thought become a crime? A question that goes beyond his perverse sexuality to answers society must deal with in order to meet the challenge of terrorism. It will challenge the reader's beliefs about free speech, the right to privacy, and government's role in watching over us. **WARNING:** This book contains graphic fantasy material of a sexual and violent nature. It is intended for Mature Audiences. "A big part of what makes this book fascinating is seeing the contrast between Valle's extreme interests and his normal life."—Cultured Vultures

Women in Victorian England wore jewelry made from each other's hair and wrote poems celebrating decades of friendship. They pored over magazines that described the dangerous pleasures of corporal punishment. A few had sexual relationships with each other, exchanged rings and vows, willed each other property, and lived together in long-term partnerships described as marriages. But, as Sharon Marcus shows, these women were not seen as gender outlaws. Their desires were fanned by consumer culture, and their friendships and unions were accepted and even encouraged by family, society, and church. Far from being sexless angels defined only by male desires, Victorian women openly enjoyed looking at and even dominating other women. Their friendships helped realize the ideal of companionate love between men and women celebrated by novels, and their unions influenced politicians and social thinkers to reform marriage law. Through a close examination of literature, memoirs, letters, domestic magazines, and political debates, Marcus reveals how relationships between women were a crucial component of femininity. Deeply researched, powerfully argued, and filled with original readings of familiar and surprising sources, *Between Women* overturns everything we thought we knew about Victorian women and the history of marriage and family life. It offers a new paradigm for theorizing gender and sexuality--not just in the Victorian period, but in our own.

Anthropophagy - humans eating their fellow-humans - creates a curious blend of revulsion and fascination in the 'civilised' Western world. When the perpetrator is a murderer - most commonly a sadistic serial killer - the crime not only shocks but it causes bewilderment. With this 2015 update of her comprehensive 1993 study of cannibalistic killers, Moira Martingale expands her original research about the making of such monsters. Cannibal Killers tracked the phenomenon from five hundred years ago with the notorious Sawney Bean to those whose names became a byword for horror as the twentieth century waned, such as Jeffrey Dahmer. In this updated version, we see that in the twenty-first century cannibals who thirst for human flesh and blood are still around, and alarmingly, they have moved online.

**This book documents the harmful effects of factory farming in both industrialized and developing countries and explains the range of problems it can cause. From transmission of disease and loss of livestock diversity to hazardous and unsanitary processing methods, it shows clearly why factory farming is an unsafe, inhumane, and ecologically disruptive form of meat production. Also shows how the individual can make a difference by supporting local, organic, or pasture-raised animal products.**

**In Dying in Full Detail Jennifer Malkowski explores digital media's impact on one of documentary film's greatest taboos: the recording of death. Despite technological advances that allow for the easy creation and distribution of death footage, digital media often fail to live up to their promise to reveal the world in greater fidelity. Malkowski analyzes a wide range of death footage, from feature films about the terminally ill (Dying, Silverlake Life, Sick), to surreptitiously recorded suicides (The Bridge), to #BlackLivesMatter YouTube videos and their precursors. Contextualizing these recordings in the long history of attempts to capture the moment of death in American culture, Malkowski shows how digital media are unable to deliver death "in full detail," as its metaphysical truth remains beyond representation. Digital technology's capacity to record death does, however, provide the opportunity to politicize individual deaths through their representation. Exploring the relationships among technology, temporality, and the ethical and aesthetic debates about capturing death on video, Malkowski illuminates the key roles documentary death has played in twenty-first-century visual culture.**

**New York Times bestselling author Laura Thompson returns with Heiresses, a fascinating look at the lives of heiresses throughout history and the often tragic truth beneath the gilded surface. Heiresses: surely they are among the luckiest women on earth. Are they not to be envied, with their private jets and Chanel wardrobes and endless funds? Yet all too often those gilded lives have been beset with trauma and despair. Before the 20th century a wife's inheritance was the property of her husband, making her vulnerable to kidnap, forced marriages, even confinement in an asylum. And in modern times, heiresses fell victim to fortune-hunters who squandered their millions. Heiresses tells the stories of these million dollar babies: Mary Davies, who inherited London's most valuable real estate, and was bartered from the age of twelve; Consuelo Vanderbilt, the original American "Dollar Heiress", forced into a loveless marriage; Barbara Hutton, the Woolworth heiress who married seven times and died almost penniless; and Patty Hearst, heiress to a newspaper fortune who was arrested for terrorism. However, there are also stories of independence and achievement: Angela Burdett-Coutts, who became one of the greatest philanthropists of Victorian England; Nancy Cunard, who lived off her mother's fortune and became a pioneer of the civil rights movement; and Daisy Fellowes, elegant linchpin of interwar high society and noted fashion editor. Heiresses is about the lives of the rich, who—as F. Scott Fitzgerald said—are 'different'. But it is also a bigger story about how all women fought their way to equality, and sometimes even found autonomy and fulfillment.**

**Ken Light and his camera were permitted unparalleled access to Texas death row. His stark, powerful images show where and how the condemned live. In the year he took these pictures, fourteen men were executed in Texas. Suzanne Donovan's essay draws upon her interviews with the condemned men and with prison authorities, family members, and members of victims' families. Whoever opens this book will want to look away, for the pictures and words force us to gaze intimately into the eye of death. Light's photographs make us ask what we have done in sanctioning execution. With ninety percent approval, no other place in America has approved the death sentence so overwhelmingly as Texas. Ken Light's raw, austere photographs and the accompanying text reveal what we have created in the hopeless world of court-ordered death. Who are the men who exist there? What do they look like? How do they survive, and what are the rhythms of their daily lives? While outsiders focus on the final act of execution, the real drama unfolds each day in this arcane world.**
