The first two murders went unnoticed. The third will change everything. . . . She can't save her sister. Journalist Madison Webb is obsessed with exposing lies and corruption. But she never thought she'd be investigating her own sister's murder. She can't trust the police. Madison refuses to accept the official line that Abigail's death was an isolated crime. She uncovers evidence that suggests her sister was the third victim in a series of killings hushed up as part of a major conspiracy. She can expose the truth. In a United States that now bows before the People's Republic of China, corruption is rife—the government dictates what the "truth" is. With her life on the line, Madison must give up her quest for justice—or face the consequences. . . .

In response to extensive market feedback, Larry Gitman and Carl McDaniel are proud to offer The Best of The Future of Business. Developed directly from Gitman and McDaniel's larger, best-selling text, this new version will appeal to instructors wanting a streamlined text combined with a proven ancillary package. With a goal of helping students understand business trends, anticipate future business conditions, and prepare for successful careers, The Best of The Future of Business showcases the dramatic changes occurring in the business environment of today and tomorrow. Key principles are illustrated by hundreds of current examples, while the latest concepts and theories are covered in detail with numerous illustrations. Regardless of how you teach, The Best of The Future of Business offers an extensive system of teaching and learning resources designed to ease course preparation and drive student interactivity.

The international bestseller that has sold over 5 million copies worldwide The voice on the radio. The writing, red as blood. I kill ...A detective and an FBI agent embark upon the most harrowing case of their careers as they attempt to track down an enigmatic killer in this relentlessly suspenseful thriller. The killer announces his heinous acts in advance with desperate phone calls and ties his crimes together with songs that point to his victims; he then mutilates them and removes their faces. Set in Monte Carlo and featuring an international cast of intriguing characters, the hunt for the deranged perpetrator remains gripping and unsettling, possibly even more so after the killer's identity is revealed and the detectives must close in on their target before he strikes again.

Sov godt, lille ulv - Dormi bene, piccolo lupo (norsk - italiensk)

When Courage Prevailed

Dormi bene, piccolo lupo - Sov godt, lille ulv (italiano - norvegese)

Physical Activity Epidemiology, Second Edition, provides a comprehensive discussion of current population-level studies showing the influence of physical activity on disease. Updated with extensive new research collected in the eight years since the previous edition, the second edition adds the expertise of respected epidemiologist I-Min Lee. To assist readers in understanding the public health significance of physical activity, Dishman, Heath, and Lee present a detailed review of research findings and what those findings suggest regarding the relationship between physical activity and a variety of health risks. The second edition of this groundbreaking text has been exhaustively updated to reflect the wealth of new research published in this fast-moving field of study. With more than 100 pages of additional content, the text also offers more detailed coverage of all-cause and coronary heart disease mortality, expanded coverage of pathophysiology and biological plausibility, new information on physical activity among various racial-ethnic populations, and the effects of physical activity on cognitive function, dementia, and HIV/AIDS. More than 250 tables and figures, twice the number found in the previous edition, highlight the latest epidemiological information in an easy-to-understand visual format. Physical Activity Epidemiology, Second Edition, assists readers in understanding how leisure-time physical activity can enhance people's quantity and quality of life by summarizing the available knowledge, detailing the methods used to obtain it, considering its implications for public health, and outlining the important questions that remain. Readers will find comprehensive discussion of these topics: • Evidence that physical activity protects against the development of coronary heart disease and stroke and premature death from all causes • Population-based studies and clinical experiments providing evidence that physical activity and exercise play a role in the primary and secondary prevention of mild hypertension, dyslipidemia, and obesity • Contemporary epidemiologic evidence that physical activity reduces the risk of type 2 diabetes and osteoporosis and protects against the development of breast and colon cancers, some inflammatory diseases, depression, and anxiety disorders • Considerations in the promotion of a safe, physically active lifestyle among all segments of the population Physical Activity Epidemiology, Second Edition, will engage and challenge students by examining the state of current research in all of its variation and even ambiguity. The text details the methodology and findings of classic and contemporary studies and then helps students begin to analyze the results. Special Strength of the Evidence sections found at the end of most chapters summarize the findings to determine the extent to which correlation and causation can be proven. Chapter objectives, chapter summaries, and sidebars in each chapter assist students in focusing on the key points of study, and an extensive glossary with detailed definitions provides a handy reference for review. Instructors will find a new image bank in this edition to enhance their class lecture materials. Physical Activity Epidemiology, Second Edition, offers students, sport and exercise scientists, health and fitness professionals, and public health administrators a comprehensive presentation of significant studies, how these studies contribute to understanding the relationship between activity and disease prevention, and how this information can be used in leading individuals, communities, and global society toward increased health and longevity.

In this innovative portrait of the Italian-American experience, Serra offers the first comprehensive study of a largely ignored legacy – the autobiographies written by immigrants. Moving between history and literature, Serra presents each as the imaginative record of a self in the making and the collective story of the journey to selfhood that is the heart of the immigrant experience.

Impressive in size, scope and detail unparalleled in the market, the 2020 Standard Catalog of World Coins, 1901–2000, provides the most compelling and complete catalog to 20th Century coins in the world. You've come to rely on this mammoth reference for the most up-to-date pricing and coin detail, as well as the most complete and insightful review of available and collectable world coins. A worldwide network of 120 experts continues to uncover collector coin issues never before published. For the collector or researcher attempting to identify world coins, this is the perfect single source. Inside this one-of-a-kind catalog, you'll find: • One million accurate coin prices--empowering you to make informed buying or selling decisions. • MS65 and PR65 values for much of the catalog • Detailed coin information unmatched in the hobby, making identification a snap • 60,000+ images, making the catalog the most visual reference on the market • Globally accepted KM reference numbers key to identification What's more, coins struck in gold, platinum and silver are detailed with: • Total coin weight • Fineness • Actual precious metal weight

To mark ten years of the Commonwealth Writers' Prize, Alastair Niven, until recently Arts Council of England Literature Director and now Literature Director of the British Council, and Michael Schmidt assemble an anthology of work by some of the new and established writers who have been recognized by the Prize. Enigmas & Arrivals (its title borrowed from V. S. Naipaul) is a distinctive volume, a resource for general readers of fiction and for teachers and students of English language literatures. Here some of the best writing of a decade is presented, many of the writers choosing the work themselves. The editors provide an introduction and brief biographical and bibliographical notes.

Comprising French, Italian, German, Dutch, Spanish, Portuguese, and Danish, with English Translations and a General Index

Personal Financial Planning

A Historical Introduction

Trees Up Close offers an intimate, revealing look at the beauty of leaves, flowers, cones, fruits, seeds, buds, bark, and twigs of the most common trees. With more than 200 dazzling photos, you will be amazed by the otherworldly beauty of the acorns from a sawtooth oak, enchanted by the immature fruits of a red maple, and dazzled by the delicate emerging flowers of the American elm.

Stranded with her traveling companions in an eerily deserted Wyoming village during a blizzard, Maura discovers that they are being watched and pursues help when a party member is injured, an effort that turns nightmarish when she is abducted into the woods.

An illustrated guide to some of the most classic cocktails.

The life of Giulia Gonzaga - a leading figure in a delicate time of transition in 16th-century Italian political, cultural and religious history - brings this period and its dramatic turning-points alive. A favoured disciple of Juan de Valdés and at the centre of his group of followers, as well as a loyal friend of the protonotary Pietro Carnesecchi, who was condemned for heresy and executed, Giulia Gonzaga was strongly tied to her class, her powerful dynasty and to family and political intrigues. Under the shadow of her family, she enjoyed a heterodox experience shared by many others, men and women alike, who were protagonists of an intellectual and spiritual dissent that was harshly repressed by the Church of Rome. Through the life of a woman, this book recounts the shifts in the political balance of power in Italy in the early years of Spanish dominion and how they mixed with religious dissent and with attempts to change the direction of the Church. It also recounts the relationships, friendships and solidarities of an aristocracy, male and female, that sought to play a role in the bitter conflicts that had emerged in Italian society as the Reformation spread throughout Europe.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

"Reflections on a lost poem and its rediscovery by contemporary poets. Gilgamesh is the most ancient long poem known to exist. It is also the newest classic in the canon of world literature. Lost for centuries to the sands of the Middle East but found again in the 1850s, it tells the story of a great king, his heroism, and his eventual defeat. It is a story of monsters, gods, and cataclysms, and of intimate friendship and love. Acclaimed literary historian Michael Schmidt provides a unique meditation on the rediscovery of Gilgamesh and its profound influence on poets today. Schmidt describes how the poem is a work in progress even now, an undertaking that has drawn on the talents and obsessions of an unlikely cast of characters, from archaeologists and museum curators to tomb raiders and jihadis. Fragments of the poem, incised on clay tablets, were scattered across a huge expanse of desert when it was recovered in the nineteenth century. The poem had to be reassembled, its languages deciphered. The discovery of a pre-Noah flood story was front-page news on both sides of the Atlantic, and the poem's allure only continues to grow as additional cuneiform tablets come to light. Its translation, interpretation, and integration are ongoing. In this illuminating book, Schmidt discusses the special fascination Gilgamesh holds for contemporary poets, arguing that part of its appeal is its captivating otherness. He reflects on the work of leading poets such as Charles Olson, Louis Zukofsky, and Yusef Komunyakaa, whose own encounters with the poem are revelatory, and he reads its many translations and editions to bring it vividly to life for readers."--Publisher's website.

Foreword by Dr. Asad Madni, C. Eng., Fellow IEEE, Fellow IEE Learn the fundamentals of RF and microwave electronics visually, using many thoroughly tested, practical examples RF and microwave technology are essential throughout industry and to a world of new applications-in wireless communications, in Direct Broadcast TV, in Global Positioning System (GPS), in healthcare, medical and many other sciences. Whether you're seeking to strengthen your skills or enter the field for the first time, Radio Frequency and Microwave Electronics Illustrated is the fastest way to master every key measurement, electronic, and design principle you need to be effective. Dr. Matthew Radmanesh uses easy mathematics and a highly graphical approach with scores of examples to bring about a total comprehension of the subject. Along the way, he clearly introduces everything from wave propagation to impedance matching in transmission line circuits, microwave linear amplifiers to hard-core nonlinear active circuit design in Microwave Integrated Circuits (MICs). Coverage includes: A scientific framework for learning RF and microwaves easily and effectively Fundamental RF and microwave concepts and their applications The characterization of two-port networks at RF and microwaves using S-parameters Use of the Smith Chart to simplify analysis of complex design problems Key design considerations for microwave amplifiers: stability, gain, and noise Workable considerations in the design of practical active circuits: amplifiers, oscillators, frequency converters, control circuits RF and Microwave Integrated Circuits (MICs) Novel use of "live math" in circuit analysis and design Dr. Radmanesh has drawn upon his many years of practical experience in the microwave industry and educational arena to introduce an exceptionally wide range of practical concepts and design methodology and techniques in the most comprehensible

fashion. Applications include small-signal, narrow-band, low noise, broadband and multistage transistor amplifiers; large signal/high power amplifiers; microwave transistor oscillators, negative-resistance circuits, microwave mixers, rectifiers and detectors, switches, phase shifters and attenuators. The book is intended to provide a workable knowledge and intuitive understanding of RF and microwave electronic circuit design. Radio Frequency and Microwave Electronics Illustrated includes a comprehensive glossary, plus appendices covering key symbols, physical constants, mathematical identities/formulas, classical laws of electricity and magnetism, Computer-Aided-Design (CAD) examples and more. About the Web Site The accompanying web site has an "E-Book" containing actual design examples and methodology from the text, in Microsoft Excel environment, where files can easily be manipulated with fresh data for a new design.

A wide-ranging overview of the history of reading and writing in western societies from ancient times to the digital age. Author from University of NSW, Australia.

Learn the language of la dolce vita! For anyone who wants to learn and enjoy the most expressive and romantic of languages, the third edition of 'The Complete Idiot's Guide to Learning Italian' is the first choice for a whole new generation of enthusiastic students of Italian. This updated edition includes two new quick references on verbs, grammar, and sentence structure; two new appendixes on Italian synonyms and popular idiomatic phrases; and updated business and money sections. First two editions have sold extraordinarily well. Italian is the fourth most popular language in the United States.

A historical study of the treatment of Jews in Yugoslavia after Nazi ideology was adopted, with an emphasis on the ways Jews survived and were rescued by those who put their own lives in great peril. When Courage Prevailed examines the ways Jews were rescued and survived in a country which the Ustaše, with their roots in Yugoslavia's nationality conflicts and politics, adopted the Nazi ideology which emphasized that there could be no compromise in regard to the Jewish Question and the Final Solution: no Jews deserved rescue. Survival of Jews was complicated by Yugoslavia's dismemberment at the hands of the Axis Powers; Germany and Italy and its satellites and puppets. The Nazi propaganda machine advocated that Jews must be exterminated for the good of the Aryans which included the Volksdeutsche, (Yugoslav of German ancestry), the Croats and the Muslims. Those who dared to defy German commands suffered severe penalties.

Chart Patterns booklet is designed to be your quick source for identifying chart patterns to help you trade more confidently. This book introduces & explains 60+ patterns that you are bound to see in Stocks, Mutual Funds, ETFs, Forex, and Options Trading. With this book, you will not need to flip through hundreds of pages to identify patterns. This book will improve the way you trade. Unlike other Technical Analysis books, this Chart pattern book will help you master Charting & Technical Analysis by making it simple enough to understand & use on a day to day basis.

20 Captivating Short Stories to Learn Swedish & Grow Your Vocabulary the Fun Way!

The Vision of Purgatory and Paradise

Are you trying to learn Swedish - but can't find the right reading material? We understand how difficult it is to find Swedish learning material. Finding the right teacher, books or even peers to study with can be incredibly difficult, and we've been there before. There is a demand... but not enough supply. It can get frustrating. Which is why we've created Swedish Short Stories for Beginners, a book made to ensure that young and old students at the entry level of learning can take advantage of a valuable opportunity in learning the Swedish tongue. Twenty easy-to-read, entertaining and interesting stories await inside, along with the best tools to help you practice once you're done reading each tale. Our book will ensure you not only can read something that will expand your knowledge on Swedish, but that you will understand and be able to pick it apart piece by piece in your quest for learning. How Swedish Short Stories for Beginners works: - Each story will contain an important lesson of the tools and skills needed to learn the Swedish language (nouns, pronouns, future tense, traveling terms, and more), involving an interesting and entertaining story with realistic dialogues and day-to-day situations. - The summaries follow: a synopsis in Swedish and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Swedish, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! Do you think you can handle it? If the answer is yes, then you're definitely on your way to becoming a fluent Swedish speaker, and we'll certainly make that dream come true! So look no further! Pick up your copy of Swedish Short Stories for Beginners and start learning Swedish right now!
