Handwritten and hand drawn, it answers questions about cartooning in simple, visual terms. What materials do you use? What size do you draw? How do you caricature, or keep a likeness in a strip cartoon character? These are just a few of the technical problems facing the beginner which Peter Maddocks tackles, but he also considers the inspirational side of cartoons - what comes first, the idea or the artwork; once you've had a bright idea, how do you transfer it on to

paper? And he supplies captions and examples of cartoons to help you draw that very first masterpiece. Peter Maddocks was a full time professional Cartoonist, both in National Newspapers, films and TV animation.

Explains the basic drawing techniques necessary for caricature, including basic shapes, the right medium, facial features and expressions, structure and form, portraying personality, and attention to detail.

The author has designed the book to teach the reader the fundamentals of cartoons, live sketches, superheroes and caricature the simplest manner possible excluding long essays on otherwise irksome theories. Once you start reading this book, carefully study every page, understand details of every picture minutely, memorise what you have seen and understood, and only then start drawing what you have memorised. As you continue to work in this way your own style will take over soon just as your own handwriting developed. The book abounds in tips on techniques such as pencil, pen and brush handling, patterns, colouring, and attaining perspective. Drawing specifics include helpful hints on depicting people, animals, expressions, and how to indicate motion and movement, and the use of props. As you skim through the pages of the book, remember your aim is to be the guiding factor in your becoming a successful cartoonist.
