This text takes a detailed look at motoring mistakes - old and new - and asks questions like: why did they ever reach the showroom? What went wrong? Who bought these cars? Featuring 150 of the cars we love (and love to hate), this text celebrates the world's worst cars in all their flawed glory.

A History of Modern Britain confronts head-on the victory of shopping over politics. It tells the story of how the great political

visions of New Jerusalem or a second Elizabethan Age, rival idealisms, came to be defeated by a culture of consumerism, celebrity and self-gratification. In each decade, political leaders think they know what they are doing, but find themselves confounded. Every time, the British people turn out to be stropplier and harder to herd than predicted. Throughout, Britain is a country on the edge – first of invasion, then of bankruptcy, then on the vulnerable front line of the Cold War and later in the forefront of the great opening up of capital and migration now reshaping the world. This

history follows all the political and economic stories, but deals too with comedy, cars, the war against homosexuals, Sixties anarchists, oil-men and punks, Margaret Thatcher's wonderful good luck, political lies and the true heroes of British theatre. Dennis Grant, the "Street Modified Godfather", built an SCCA ProSolo Championship and FIA Canadian National Championship winning autocross car. This book describes the tricks, secrets, and engineering details he learned during his racing career. Equally applicable to road racers, rally cars, circle track cars, and

high performance street cars, this book is full of information on how to make cars handle at the extreme limits of performance. Includes chapters on tuning suspensions, building shocks, and selecting tires - and much, much more! Whether you are just starting out building a high-performance car, or a grizzled veteran of motorsports, this book is full of insightful (and occasionally funny) observations on what it takes to tune the car and driver system in order to win races. Contains theory and practical advice as well. Written very much in the idiom of the legendary Carroll Smith's ...to Win series,

***A major new reference volume - The Edinburgh Companion to Contemporary Liberalism is the premier collection of material on a comprehensive range of topics in contemporary liberalism. Liberal theory has been caricatured by its critics as an abstract, unworldly, trivial philosophical navel-gazing pursuit. The Companion counters this view by showing how liberalism can tackle wide-ranging practical concerns that urgently demand attention in twenty-first century politics. Rather than presenting contemporary liberalism simply and narrowly as a survey of what its main academic***

Issues such as human rights, citizenship, nationalism, feminism, international communities, supranational orders, post-communism and ecocentrism take their place alongside the more familiar and well-worked themes of justice and justification as topics for liberal theorising. The reader is vividly shown the ways in which liberalism engages directly with the problems of practical political***

***life today. This wide-ranging account of contemporary liberal thinking places the emphasis on agenda-setting, showing that contemporary liberalism is live - relevant, proactive, continuously engaged and adaptable - and that the problems faced by the liberal order are sufficiently complex and perplexing to demand the serious, rigorous philosophical reflection offered by contemporary liberal political theory. The Companion allows the reader to explore liberalism's contemporary relevance and to look to its likely future developments. With contributors including Will Kymlicka,***

Jeannie was surprised to realize that even though she had been following Jesus for more than 35 years as a preacher's kid and Bible teacher, she was missing out on all of God. She grappled with questions like - Why do I keep stumbling in my walk with Jesus? - How can I experience God's power in my life? - What are the benefits of having the Holy Spirit inside me? - Isn't the Holy Spirit only for the super-spiritual or super-strange? The answers to those questions became a message that will forever change how you think about God. Don't Miss Out is an empowering invitation to discover the work of the

Stokes equations were developed to study the effects of leading and trailing edge flap motions on the aerodynamics of parallel airfoil-vortex interactions and on the aerodynamics and acoustics of the more general self-generated rotor blade vortex interactions (BVI). For subcritical interactions, the 2-D results indicate that the trailing edge flap can be used to alleviate the impulsive loads experienced by the airfoil.
