

E Se Non Fosse La Buona Battaglia Sul Futuro Dell'istruzione Umanistica Intersezioni

This volume results from the conference "Between Appia and Latina, Settlement Dynamics and Territorial Development on the Slopes of the Alban Hills", held at the Royal Dutch Institute at Rome (KNIR) in February, 2017. It contains 23 methodological, thematic and material culture studies on the historical topographical reconstruction of the Alban Hills in Antiquity with a focus on the area of contact with the suburbium of Rome. Papers present both data from new research and results of research done in the past. In the initiative a range of research institutions partook (foreign Institutes at Rome, Universities, Archaeological Services) and independent researchers stimulating the exchange of current knowledge of this small, but important part of the Campagna Romana.

Il Carroccio (The Italian Review).
