Christian Katharine Hayhoe changes the debate on how we can save our future. Called “one of the nation's most effective communicators on climate change” by The New York Times, Katharine Hayhoe knows how to navigate all sides of the conversation on our changing planet. A Canadian climate scientist living in Texas,

Read Book Earth Science Reference Table Review Answers

she negotiates distrust of data, indifference to imminent threats, and resistance to proposed solutions with ease. Over the past fifteen years Hayhoe has found that the most important thing we can do to address climate change is talk about it—and she wants to teach you how. In *Saving Us*, Hayhoe argues that when it comes to
