The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless

other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

This volume acknowledges the centrality of comic invective in a range of oratorical institutions (especially forensic and symbouleutic), and aspires to enhance the knowledge and understanding of how this technique is

used in such con-texts of both Greek and Roman oratory. Despite the important scholarly work that has been done in discussing the patterns of using invective in Greek and Roman texts and contexts, there are still notable gaps in our knowledge of the issue. The introduction to, and the twelve chapters of, this volume address some understudied multi-genre and interdisciplinary topics: first, the ways in which comic invective in oratory draws on, or has implications for, comedy and other genres, or how these literary genres are influenced by oratorical theory and practice, and by contemporary socio-political circumstances, in articulating comic invective and targeting prominent individuals; second, how comic invective sustains relationships and promotes persuasion through unity and division; third, how it connects with sexuality, the human body and male/female physiology; fourth, what impact generic dichotomies, as, for example, public-private and defence-prosecution, may have upon using comic invective; and fifth, what the

limitations in its use are, depending on the codes of honour and decency in ancient Greece and Rome.

The only surviving work of the Roman poet Lucan and 1 of the supreme achievements of Augustan verse. Lucan was a Roman poet of Spanish origin, the nephew of Seneca. The only 1 of his works to have survived is a sweeping historical epic about the civil wars between Pompey and Caesar, written in 10 books, which both Shelley and Macauley admired.

This is the first comprehensive commentary -line by line and word by word- on the seventh book of the epigrams of Martial. Literary, linguistic and metrical matters are examined in depth, and special attention is paid to the relationship with the poet's other books and with the rest of Greek and Latin Literature, as well as to the use of recurrent motifs, obscene language, puns, double meanings and proper names.

This new translation in free verse conveys the full force of Lucan's writing and his grimly realistic view of the subject. The Introduction sets the scene for the reader unfamiliar with Lucan and explores his relationship with earlier writers of Latin epic, and his interest in the sensational. This major work is a definitive edition of the fragmentary texts of all the Roman historical writers. Volume 1 provides an introduction to each historian, outlining their life and works. Volume 2 sets out the critical text with facing English translation, and volume 3 offers a detailed and up-to-date commentary on each of the historical fragments.

Reproduction of the original: Franco-Gallia by Francis Hotoman

The translation of Eusebius' Onomasticon, prepared for the first time in English by G.S.P. Freeman-Grenville, follows the edition of Erich Klostermann. It includes also the Latin rendering (or expanded version) of the Onomasticon, made by Jerome sixty years later, known as the Liber Locorum. By comparing the two works we can see how Christian Palestine developed between the early 320s and the late 380s. Also included is an annotated index, assembled by Rupert L. Chapman, and two excurses dealing with the precise ways in which Eusebius defines locations by careful use of Greek prepositions, and also how distances were reckoned in the work.

As I am now more than eighty-six years old I

don't think it probable that I shall attempt any more translations of Sister Emmerich's

revelations. I wish, therefore, to say a few words

about dear Sister Emmerich before parting. I

have read through her revelations several times during the last sixty years, and I have more

frequently read through the New Testament, and have never been able to detect the slightest

opposition between them. The discovery of the House of the Blessed Virgin near Ephesus,

exactly corresponding with Sister Emmerich's description of it, has given a new impetus to the

desire to read her revelations. This discovery will lead, no doubt, in God's good time, to the finding

of our Lady's Tomb, the scene of her glorious Assumption. The statements made by Sister

Emmerich must be regarded only as those of a devout Nun, and must not be confounded with

statements of facts supported by the testimony of the Church. Aeterna Press

"The essays in this volume bring to bear the latest scholarly and technological trends in archaeological research to shed new light on the site of Pisidian Antioch in west-central Turkey. Drawing on 3-D virtual reality technology as well as archival material from a 1924 University of Michigan expedition to the site, the authors propose new reconstructions of the city's major excavated monuments. They also evaluate these monuments in relation to the social and political imperatives of Pisidian Antioch's hybrid culture--one that overlaid a Roman imperial colony on a Hellenistic Greek city in an Anatolian region long inhabited by Phrygians and Pisidians. The study of Pisidian Antioch is thus seen in the context of recent scholarship on Rome's colonial project in the eastern empire. An accompanying DVD presents a fly-over of the virtual city created to aid in the authors' research"--Publisher's website.

When a boat carrying a group of asylum seekers is sunk by a freak wave, Faris wakes from the shipwreck in an Australia he's always dreamed of. There are kangaroos grazing under orange trees and the sky is always blue. On a nearby beach, Faris meets a group of young people who have come from far different times and places. They are also seeking refuge, and each has their own story of why they had to leave their own story of why they had to leave their country to make a new life for themselves. IT is only when Faris chooses to return to 'real life' and find his father in Australia that he learns the extraordinary truth about the friends he made in the golden beach. From one of Australia's best - loved authors comes a remarkable story about Australia's long history of migration and the people who make up our country.
