This volume in the Kids of Canada series follows two children as they learn that sometimes the best way to get what you want is to share. Mike likes Jenny's bike, but he doesn't know how to ride one. He's too afraid to tell her that, so he tries to learn how to ride it on his own. That only makes trouble for them both. Mike and the Bike is a book for beginning readers that shows how young people can overcome their fears--together.

But by mastering the same techniques that sell multi-million-dollar homes in Bel Air and Beverly Hills, you can attract buyers and close deals on any property. Josh breaks down the art of real estate into three simple parts. First, he'll help you get business in the door during the Opening. Then he takes you step-by-step through the Work: everything between the first handshake and the last. And finally, the Close, the last step that ensures all your hard work pays off as you seal the deal.
