Eden Eden Series Book 1

"The Earth died in less than a minute. Maybe that's an exaggeration. It's not like the planet ceased to exist altogether. It just seemed like it. Cities were reduced to rubble. Millions of people died that day. I've since been told that 95% of the Earth's human population was wiped out. I don't know if that's true-I mean, who can know that for sure? It's not like we still have any of the technology that we once used to determine such things. But I do know that it was almost empty of people-live ones, that is..." Thus begins the

journey of Ben and Lila, two ordinary teenagers forced to rise to extraordinary heights when faced with a world that has suddenly and inexplicably died. Dealing with the sorrow of all they have lost, but the love they have found in each other, they set off on an odyssey that will bring them to the limits of human endurance and face to face with the frailty of their very existence. From the extreme violence of many of the surviving humans toward one another, to a world physically falling apart at the seams, Ben and Lila are determined to make it through the devastation in

their quest for a place to quietly share their life together. In the process, they have to become as violent as the world around them in order to survive, while struggling to hold onto the humanity that will keep them sane. Eden Rising is a survival tale and a love story, but it is also a book that delves deeply into the human psyche to discover just how far we would go to survive, and how much inner strength can be found when things are at their absolute worst.

"There's got to be more to life than just surviving."

In the future, mankind has learned to manipulate their

DNA, harnessing only the good genes, like intelligence, strength and height. They called this prime DNA and humans rushed to get these new pDNA injections, which gave them superhuman-like qualities. Centuries later, however, their DNA became so engineered that humans rarely live past the age of thirty, thanks to a new deadly disease called the Kiss. The only cure is to receive an injection of oDNA, DNA from an Original human that hasn't been genetically altered. Problem is there aren't many Originals left. When seventeen-year-old Sage

remembers everything from the beginning of the world. When Enoch, God's newly appointed prophet, decides to collect the stories of the faithful from previous generations, he finds Adam in desperate need to confess the dark secrets he's held onto for too long. Beside a slowly burning bonfire in the dead of night, Adam tells his story in searing detail. From the beginning of everything, to how he broke the world, shattered Eve's heart, and watched his family crumble. Will Enoch uncover what led so many of Adam's children away from God? And will Adam

find the redemption and forgiveness he longs for? Sixty-five million years ago, a disastrous cataclysm eliminated three quarters of all life on Earth. Overnight, the age of dinosaurs ended. The age of mammals had begun. But what if history had happened differently? What if the reptiles had survived to evolve intelligent life? In West of Eden, bestselling author Harry Harrison has created a rich, dramatic saga of a world where the descendents of the dinosaurs struggled with a clan of humans in a battle for survival. Here is the story of Kerrick, a young hunter who

BITE THE DUST - Book 1

When New Orleans Detective Jane Hart investigates her first official homicide case, she never expects to have her world ripped apart. But the murder she's investigating is part of a deadly war between vampires and

werewolves...and now Jane is caught in that eternal battle. A battle that can't end well.

Werewolf Aidan Locke has been running New Orleans for years. It's his job to keep the vamps out of the city. But when a Master Vampire comes

to town, determined to unleash hell, Aidan knows it's time to fight with all the fury of his pack. Beast versus vamp, until the last breath. Then he meets Jane... One look, one taste, and Aidan knows that Jane is far more than she seems. Far more than she even knows herself to be. She's important in the paranormal war, not a pawn to be used, but a queen to be won. And if he can't keep her at his side, if he can't stop the darkness from descending on the town...then Jane Hart will become not just a fierce cop, not some guardian, but something deadlier. Darker. Aidan will fight heaven and

hell to change her fate. To change their fate because he is more than just a predator. And Jane is more than prey. Far more. BETTER OFF UNDEAD - Book 2 Detective Jane Hart is just getting used to paranormal life in New Orleans. Monsters are real, and she's the lucky cop who has to deal with them on a daily basis. Werewolves, vampires, witches, and demons—she has to face them all and keep their paranormal madness in check. When a killer targets human men—and leaves their bodies scattered in local cemeteries—Jane suspects she may be looking at

the crimes of a werewolf gone rogue. In order to hunt down the beast, Jane once again teams up with her werewolf lover, alpha Aidan Locke. But Aidan has been keeping secrets from Jane, dark secrets that will destroy her world. Because Jane isn't the hunter on her latest investigation. She's the prey. And when a vampire attack leaves her helpless, the woman that Jane was before will vanish. She'll become the one thing she fears most and Aidan... Her fierce lover may have to become her executioner.

BITTER BLOOD - Book 3 New Orleans detective Jane Hart is

She never counted on being a vamp, but she also never counted on falling hard for werewolf alpha Aidan Locke. Now she's mated to the wolf, and even though she's living the undead life, Aidan refuses to leave her side. But Jane is being watched, hunted...tested. And each deadly test that she faces puts Jane—and the people she loves—in the path of a determined killer. She has to find out who is setting her up, before it's too late. Too late for

Liberty can get you killed. Western Civilization is in collapse, a process led and driven by the world's leading supposed democracies, our own included. What was once the western world's guiding light of Liberty is quickly being replaced by state sponsored serfdom under the guise of a global economic re-set done in the name 'the workers.' The people of The Program have seen the unfettered growth of government power coming for decades and they've

worked in secret since the 1950's on engineering their way around and through the multiverse established by Quantum theory. They aren't perfect and they've lost the political fight to the left's government power and to the right's corporate statism. The world's people have been force fed a political chasm between left and right for so long they don't recognize that the governments themselves drive this supposed battle while ensnaring everyone. Those that see the truth,

people from nearly every country on the planet, have banded together in secret knowing they can't win. Not on this world. They're leaving... ... but new destinations rarely mirror the guide book. The thing about a new empty world is that they may not be the only ones willing to fight for it. A debut novel, the first in a series from a former CIA operations officer who has decided that his lifelong writing habit/hobby/obsession is more fun than "real" work. "Finally an author that

God's return, and Satan is watching, waiting for her moment to strike back against the alpha males of the royal family. It's angels versus demons in this post-apocalyptic fairy tale that is as sentimental, sensual and exciting as it is sinful. From a marriage of convenience, a fierce, all-consuming love was born. From the first time Jasmine's eyes met those of Lord Jamie Cameron in a smoky British inn, theirs was the wrong kind of attraction—not gentle, slow, and easy, but hot,

hard, and all-consuming. The illegitimate daughter of an actress and duke, Jassy had dreams no man could wrench from her in a moment of desire. She'd resist this bold nobleman with all the strength of her soul. But her golden hair, fiery temperament, and indomitable spirit obsessed Lord Cameron . . . and he wanted her with him when he sailed for the new wilderness called Virginia. So he had a bargain for the spit-fire Jassy, one that only a very special woman would dare to make.
