divided into two key sections - content guidance, and sample questions and answers. Content guidance will: - Develop understanding of key concepts and terminology in key physical geography topics tectonic processes and hazards, landscape systems, processes and change (glaciated and coastal), the water cycle and water insecurity, and the carbon cycle and energy security. - Consolidate knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build understanding of the different question types, so that students can approach each question with confidence. - Enable students to target top grades in their exam paper with sample answers and commentary explaining exactly why marks have been awarded.

full-colour Student Book covers all core and optional units for the AQA AS and A Level Geography specification for first teaching from September 2016. Students are encouraged to develop links between physical and human topics, understand systems, processes, and acquire geographical skills. Helping to bridge the gap from GCSE to A Level, it also provides support for fieldwork skills and for the geographical investigation at A Level. A 'Maths for geographers' feature helps students develop and apply their mathematical and statistical skills, and a range of assessment-style questions support students in developing their exam skills.

Reinforce students' geographical understanding

throughout their course; clear topic summaries with sample questions and answers help students improve their exam technique and achieve their best. Written by a teacher with extensive examining experience, this guide:

- Helps students identify what they need to know with a concise summary of the topics examined at AS and A-level
- Consolidates understanding through assessment tips and knowledge-check questions
- Offers opportunities for students to improve their exam technique by consulting sample graded answers to exam-style questions
- Develops independent learning and research skills
- Provides the content students need to produce their own revision notes
