Michael ’ s older brother dies at the beginning of the summer he turns 15, but as its title suggestsThe Incredible Here and Now is a tale of wonder, not of tragedy. Presented as a series of vignettes, in the tradition of Sandra Cisneros ’ Young Adult classic The House on Mango Street, it tells of Michael ’ s coming of age in a year which brings him grief and romance; and of the place he lives in Western Sydney where ’ those who don ’ t know any better drive through the neighbourhood and lock their car doors ’ , and those who do, flourish in its mix of cultures. Through his perceptions, the reader becomes familiar with Michael ’ s community and its surroundings, the unsettled life of his family, the girl he meets at the local pool, the friends that gather in the McDonalds parking lot at night, the white Pontiac Trans Am that lights up his life like a magical talisman.

"A one-of-a-kind love story...Those who enjoy fables or magical realism will be spellbound by this redemptive story of a search for love, love lost and love (of a sort) found again...exquisite prose." – Publishers Weekly Maddy, an old lady now, arrives home one day to find a peculiar boy waiting for her. Over tea, she tells him the story of her life long ago, when she wished for her days to be as romantic and mysterious as a fairy tale. It was then that she fell painfully in love with a free spirit named Feather, who put aside his wild ways to live with her in a little cottage, conceived with her a child never to be born, and disappeared -- leaving an inconsolable Maddy to follow after him on a fantastical journey across the sea. In a beautifully crafted tale, currently shortlisted for a 2008 Commonwealth Writers Prize, Sonya Hartnett masterfully explores the mysteries of the heart, the sustaining power of memory, and the ultimate consolation that comes to souls who live fully and fearlessly.

This book presents a framework for addressing intersectionality within educational spaces to combat the cumulative effects of systemic marginalization due to race, gender, disability, class, sexual orientation, and other identity-based labels. Readers can use the framework to consider the impact of identities that individuals adopt or are assigned, move beyond discrete subgroup labels, and fully consider how such markers impact how education policy and research are developed, enacted, and experienced. The text presents examples of existing systems (education, law, medicine, and juvenile justice) as experienced by individuals with intersectional social identities. Each chapter provides an innovative framework that highlights diverse ways of knowing, generating insights that can inform more equitable policy analysis, research, and practice. Book Features: A protocol for applying an intersectionality-based analytic (IBA) approach to education policy, research, and practice.Case study examples of how IBA can be implemented to improve decision making across disciplines and by various stakeholders.Guiding questions that can be used to develop complex research questions and methods that interrupt power differentials within research and policymaking processes. Katie likes to believe she’s invisible. It seems so much safer than being exposed as who she is: shy, poor, and vulnerable. So getting up in front of audience as the lead in her school’s production of The Taming of the Shrew should be complete torture. But as Katie tells it, something totally unexpected happened when she stepped on stage: “My head exploded. I loved it. Acting hit me like a sucker punch and I loved, loved, loved it! Invisible Katie became visible Katherina.” Evan is, as they say, another story. He knows just what it takes to get noticed, and he uses every one of the skills he’s perfected from years of being the new kid at yet another new school. Rich, smart, and ridiculously charming, he’s like nothing and no one Katie has ever encountered. How then could someone like him possibly be interested in someone like her? But before she knows it they are inseparable. Over the dizzying course of their relationship, Katie must confront the fact that the power of love can conceal darker truths.

Applying the general deterministic approach of systems computational biology, the monograph considers questions related to the biomechanics of the human urinary bladder in conjunction with the peripheral and central nervous systems. The step-by-step development of mathematical models of separate structural elements and their assembly into a unique self-regulatory system offers, for the first time, a holistic overview and allows the investigation of the dynamics of the lower urinary tract system at its hierarchical levels. This book provides a coherent description and explanation for intertwined intracellular pathways in terms of spatiotemporal, whole body, tractable representations which are supported by numerous computational simulations.

Hanna and Andreas will do anything to leave oppressive East Germany behind. There's one escape route open to them, but can they survive it? Hanna and Andreas have always been friends. When they're expelled from school for activism directly challenging the socialist state in East Germany, they end up doing factory work. But what kind of life do they have to look forward to without education or opportunity? Especially when they aren't allowed a voice? The choice to risk imprisonment or death by escaping to the democratic West seems like a risk worth taking. They set out to swim twenty-five hours across the choppy waters of the Baltic Sea. Linke's storytelling achieves a delicate balance between heightened moments of danger--searchlights, jellyfish, a Russian helicopter, a violent summer storm--and the monotony, ineffable fatigue, physical pain, cramping, fear, and hope that fill the rest of the journey. A memorable tale of two people risking all for a chance at freedom.

Reassembling the Social is a fundamental challenge from one of the world's leading social theorists to how we understand society and the 'social'. Bruno Latour’s contention is that the word 'social', as used by Social Scientists, has become laden with assumptions to the point where it has become misnomer. When the adjective is applied to a phenomenon, it is used to indicate a stabilized state of affairs, a bundle of ties that in due course may be used to account for another phenomenon. But Latour also finds the word used as if it described a type of material, in a comparable way to an adjective such as 'wooden' or 'steely'. Rather than simply indicating what is already assembled together, it is now used in a way that makes assumptions about the nature of what is assembled. It has been word that designates two distinct things: a process of assembling; and a type of material, distinct from others. Latour shows why 'the social' cannot be thought of as a kind of material or domain, and disputes attempts to provide a 'social explanations' of other states of affairs. While these attempts have been productive (and probably necessary) in the past, the very success of the social sciences mean that they are largely no longer so. At the present stage it is no longer possible to inspect the precise constituents entering the social domain. Latour returns to the original meaning of 'the social' to redefine the notion, and allow it to trace connections again. It will then be possible to resume the traditional goal of the social sciences, but using more refined tools. Drawing on his extensive examining the 'assemblages' of nature, Latour finds it necessary to scrutinize thoroughly the exact content of what is assembled under the umbrella of Society. This approach, a 'sociology of associations', has become known as Actor-Network-Theory, and this book is an essential introduction both for those seeking to understand Actor-Network Theory, or the ideas of one of its most influential proponents.

Salvadorean society is shocked by the gruesome murder of a young upper-class woman, and no one more so than her best friend Laura. In her first-person solo narration, Laura rattles on and on about her disbelief and horror at the evils all around her—but who’s that in the mirror? Laura Rivera can’t believe what has happened. Her best friend has been killed in cold blood in the living room of her home, in front of her two young daughters! Nobody knows who pulled the trigger, but Laura will not rest easy until she finds out. Her dizzying, delirious, hilarious, and blood-curdling one-sided dialogue carries the reader on a rough and tumble ride through the social, political, economic, and sexual chaos of post-civil war San Salvador. A detective story of pulse-quickening suspense, The She-Devil in the Mirror is also a sober reminder that justice and truth are more often than not illusive. Castellanos Moya’s relentless, obsessive narrator—female, rich, paranoid, wonderfully perceptive, and, in the end, fabulously unreliable—paints with frivolous profundity a society in a state of collapse. Castellanos Moya’s Senselessness was acclaimed “an innovative and invigoratingly twisted piece of art”

(Village Voice) and “a brilliantly crafted moral fable, as if Kafka had gone to Latin America for his source materials” (Russell Banks).
