Un magnífico libro carrusel basado en las acuarelas y el texto original de Antoine de Saint-Exupéry. El carrusel de El Principito se despliega como un teatro de papel y contiene seis imágenes en relieve que, atravesadas por la luz y sombras delicadas, dan vida a escenas famosas. Un libro ideal para todos los amantes de la joya literaria, la meditación en forma de fábula y el cuento de hadas que nos legó el poeta y aviador Antoine de Saint-Exupéry. ENGLISH DESCRIPTION A great carousel book based on the original watercolors and text by Antoine de Saint-Exupéry. The Little Prince's carousel unfolds like a full-on theater made of paper and contains six 3D images that, when pierced by light and delicate shadows, bring famous scenes to life. An ideal book for all lovers of: literary treasures, meditation in the form of a fable, and this fairy tale given to us by poet and aviator Antoine de Saint-Exupéry. El principito (en francés: Le Petit Prince) es una novela corta y la obra más famosa del escritor y aviador francés Antoine de Saint-Exupéry. La obra fue publicada en abril de 1943, tanto en inglés como en francés. Incluido entre los mejores libros del siglo XX

en Francia, El principito se ha convertido en el libro escrito en francés más leído y más traducido.

When French writer and aviator Antoine de Saint-Exupery flew off alone into a July night in 1944 and vanished, his mysterious end became an integral part of the story of his life. Now, hundreds of pieces of a wrecked Lockheed Lightning, found on the Mediterranean seabed off the coast of Provence, have been positively identified as the airplane he was flying that night on a wartime spy mission. French authorities confirmed the find yesterday, based on a serial number found on a piece of the tail. Saint-Exupery is beloved in France as the author of "The Little Prince." No body was found, and so far the wreck has not revealed any cause for the crash. "This was our holy grail," Philippe Castellano, president of an association of aviation buffs who helped authorities identify the debris, told the Associated Press. "We never even imagined this." Castellano said some Saint-Exupery fans resisted the effort to identify the wreck, preferring to keep the mystery alive. "In the end, I think everyone is satisfied," he said. "We didn't find a body, so the myth surrounding his disappearance will live on."

Saint-Exupery also wrote poetic novels based on his flying adventures, such as "Wind, Sand, and Stars" and "Night Flight." A new opera based on "The Little Prince" opened in Houston, Texas, last year.

Moral allegory and spiritual autobiography, The Little Prince is the most translated book in the French language. With a timeless charm it tells the story of a little boy who leaves the safety of his own tiny planet to travel the universe, learning the vagaries of adult behaviour through a series of extraordinary encounters. His personal odyssey culminates in a voyage to Earth and further adventures.

Siempre estas personas tienen necesidad de explicaciones. Mi dibujo número dos era así: Las personas mayores me aconsejaron abandonar el dibujo de serpientes boas, ya fueran abiertas o cerradas, y poner más interés en la geografía, la historia, el cálculo y la gramática. De esta manera a la edad de seis años abandoné una magnífica carrera de pintor. Había quedado desilusionado por el fracaso de mis dibujos número uno y número dos. Las personas mayores nunca pueden comprender algo por sí solas y es muy aburrido para los niños tener que darles una y otra vez explicaciones.**

El Principito es uno de los libros mas publicados del siglo XX, con traducciones a mas de treinta idiomas y con una variedad impresionante de ediciones. De el ha atraido que, semejando un sencillo libro para ninos, realmente es una obra profunda que invita a la reflexion. Lo que el autor busca expresar en el encuentro de un aviador accidentado en medio de un desierto con un pequeno nino decepcionado por el amor es su afan por traspasar la vida cotidiana y encontrar, en lo profundo, el sentido real de la existencia humana. El Principito tambien es un libro para ninos porque, de acuerdo con las propias palabras del autor, "todas las personas mayores han sido ninos."

Antoine de Saint-Exupery, aviador y escritor francés, tuvo que exiliarse en Estados Unidos durante los años 1941 a 1943. Fue durante este periodo que escribió su obra más famosa: El Principito. En El Principito, de Saint-Exupery deja plasmada su crítica a una sociedad humana que ha perdido el rumbo y, en contraste, presenta a un niño que simboliza la visión infantil desde la que se observa el sinsentido del mundo adulto. With engaging and colorful illustrations, this poetic tale tells the story of a young prince from another world who meets

a stranded pilot on Earth, telling him about the many planets he visited and the adventures he encountered. El principito was originally written in French, and has been translated into multiple languages, making it one of the most read and loved literature pieces of all times. This is an updated edition of the timeless classic for contemporary readers. El clásico de Saint-Exupéry, uno de los libros más leídos y amados de todos los tiempos, en una edición actualizada e ilustrada para lectores de hoy.

*Más allá de lo que nos dice su autor en un primer plano, El Principito nos regala, en una segunda lectura, un tesoro de ideales, imágenes y símbolos que este ensayo descubre al lector para ayudarlo a comprender la magnitud de la obra. Este trabajo recoge el modelo de comportamiento que Saint-Exupéry desea por parte de los adultos en relación con la infancia. La imaginación y la voluntad del escritor se pueden entender asociadas a valores éticos: su mayor ideal es conseguir que el hombre sea cada vez más humano. El análisis del contenido simbólico plasmado en*

la obra también nos revela su ideología religiosa: su doctrina apunta a la salvación del alma del hombre. Por ello, en el segundo capítulo acontece la aparición de un niño extraordinario que -en pleno desierto- le pide al aviador el dibujo de un cordero -que quita los pecados del mundo-. La obra, en general, resume los objetivos más importantes de su autor: la libertad necesaria para la existencia, el amor y el razonamiento como vías para hacer reinar al hombre sobre sí mismo en comunión con los otros. "Este libro busca analizar la obra de Antoine de Saint-Exupéry desde su perspectiva histórica, personal y cultural. Destaca con luz clara los valores predominantes de *El Principito*, su profundo humanismo y existencialismo, y la enseñanza suprema de que la libertad es un ejercicio de autoconocimiento que pasa por el encuentro y reconocimiento de los otros en su diferencia." Maylen Sosa, profesora de Literatura (Universidad Francisco de Miranda, Venezuela) "Esta lectura pedagógica de *El Principito* nos revela que el amor por la vida es simple y espontáneo, pero también el drama que enriquece la experiencia para imaginar y descubrir el valor de los afectos y la sensibilidad." Álvaro Márquez-Fernández, Centro de Filosofía para Niños y Niñas (Universidad Cecilio Acosta, Venezuela) "Releer *El Principito* es siempre sugestivo. Hacerlo de la mano de Beatriz Pineda es maravilloso." Jaime Nubiola, profesor de Filosofía (Universidad de Navarra)

*In the spring of 1944, Antoine de Saint-Exupéry left his wife, Consuelo, to return to the war in Europe. Soon after, he disappeared while flying a reconnaissance mission over occupied France. Neither his plane nor his body was ever found. The Tale of the Rose is Consuelo's account of their extraordinary marriage. It is a love story about a pilot and his wife, a man who yearned for the stars and the spirited woman who gave him the strength to fulfill his dreams. Consuelo Suncin Sandoval de Gómez and Antoine de Saint-Exupéry met in Buenos Aires in 1930—she a seductive young widow, he a brave pioneer of early aviation, decorated for his acts of heroism in the deserts of North Africa. He was large in his passions, a fierce loner with a childlike appetite for danger. She was frail and voluble, exotic and capricious. Within hours of their first encounter, he knew he would have her as his wife. Their love affair and marriage would take them from Buenos Aires to Paris to Casablanca to New York. It would take them through periods of betrayal and infidelity, pain and intense passion, devastating abandonment and tender, poetic love. Several times in the course of their marriage they would go their separate ways, but always they would return. The Tale of the Rose is the story of a man of extravagant dreams, and of the woman who was his muse, the inspiration for the Little Prince's beloved rose—unique in all the world—whom he could not live with and could*

not live without. Written on Long Island in a quiet spell of reconciliation, *The Little Prince* was Antoine's greatest gift to the woman he never stopped loving, the only child to emerge from their union. *The Tale of the Rose* is Consuelo's reply—the love letter she never could write to her husband—a fable of its own, just as magical, poetic, and tragic as *The Little Prince*. Praise for *The Tale of the Rose* “We find in these pages all the tenderness and patience, but also the tenacity, of a woman who loves. Consuelo does not seek to explain or even to understand her husband, she accepts him and leads him to what he must be. . . . Written with a strong and authentic voice, *The Tale of the Rose* is a book to read for its strength of character, and for the adventure that it offers.”—Elle

A modern classic that no child should miss. Since it was first published in 1939, *Mike Mulligan and His Steam Shovel* has delighted generations of children. Mike and his trusty steam shovel, Mary Anne, dig deep canals for boats to travel through, cut mountain passes for trains, and hollow out cellars for city skyscrapers -- the very symbol of industrial America. But with progress come new machines, and soon the inseparable duo are out of work. Mike believes that Mary Anne can dig as much in a day as one hundred men can dig in a week, and the two have one last chance to prove it and save Mary Anne from the scrap heap. With the release of the census figures in 2000, Latino America was anointed the future driving force of American culture. The emergence of Spanglish as a form of communication is one of the more influential markers of an America gone Latino. Spanish, present on this continent since the fifteenth century, when Iberian explorers sought to colonize territories in what are now Florida, New Mexico, Texas, and California, has become ubiquitous in the last few decades. The nation's unofficial second language, it is highly visible on several 24-hour TV networks and on more than 200 radio stations across the country. But Spanish north of the Rio Grande has not spread in its pure Iberian form. On the contrary, a signature of the brewing "Latin Fever" that has swept the United States since the mid-1980s is the astonishing creative linguistic amalgam of tongues used by people of Hispanic

descent, not only in major cities but in rural areas as well -- neither Spanish nor English, but a hybrid, known only as Spanglish.

Este librito pequeño, pero vital para nuestra alma de Dame Ysatis De Saint-Simon, sobrina de Consuelo De Saint-Exupery, es, no solo una secuencia perfecta a la encantadora historia de su tío Antoine de Saint-Exupery, pero su Broche de Oro, ya que cierra la historia de Saint-Exupery con el mismo Espíritu que impregna a 'El Principito'; ya que como Ysatis nos indica, ambos libros son historias verdaderas de cómo sus autores encontraron la mas grande Experiencia Espiritual que un ser humano puede tener, escritas después de ambos haber tenido una experiencia de 'casi-morir'. En 'El Retorno del Principito' la poesía y el encanto de lo fantástico se mezclan con la realidad hablándonos de lo Eterno de la forma mágica e inocente, que solo una persona que verdaderamente ha vivido este nivel Espiritual y ha tenido esta Experiencia puede hacerlo. Es eso precisamente lo que encanta al alma en esta historia, ya que esta impregnada de aquello que le inspiro - la Esencia de la Vida que todos de una forma consciente, o subconsciente añoramos encontrar. A mas de esto, tenemos que tomar en consideración que De Saint-Simone tubo como Musa la misma que su tío, que fue quien le inspiro a él a escribir y dibujar al Principito - su tía la Condesa viuda Consuelo De Saint-Exupery, una persona extraordinaria - la Rosa del Principito - que cuando Ysatis tenía tan solo cinco anitos le enseno a leer la historia y a buscar en cada capitulo el mensaje

esencial que se escondía detrás de las palabras. Así que no es coincidencia ninguna que 'El Retorno del Principito' este impregnado de este Espíritu invisible de aquello que es Esencial e ilumina sus palabras con su magia; ya que ella aprendió desde niña de la Rosa del cuento a leer, comprender dibujar e amar al Principito. Este mágico librito 'El Retorno del Principito' es sin duda alguna un vivo testimonio de ello. En fin, este librito es un encanto y su final hace del paisaje triste de la estrella solitaria el paisaje más feliz del mundo, ya que en esta historia verdaderamente vivida por su autora, ella no solo nos cuenta de cómo ella le encontró y de cómo allí se aparece El Principito, nuestro amiguito tan querido que le contó que la Rosa. . . Pero para saber que pasó a la Rosa tenéis que leer 'El Retorno del Principito'. Aunque lo más importante es no es eso, pero que este librito esconde en si un mapa invisible que nos guía y nos deja saber que cualquiera de nosotros puede también encontrar ese sitio mágico de ambas historias y que si somos pacientes y esperamos ese momento bajo la Estrella Solitaria, El Principito puede también aparecerse a nosotros. . .
