*When Peruvian public intellectual José Carlos Agüero was a child, the government imprisoned and executed his parents, who were members of Shining Path. In **The Surrendered**—originally published in Spanish in 2015 and appearing here in English for the first time—Agüero reflects on his parents' militancy and the violence and aftermath of Peru's internal armed conflict. He examines his parents' radicalization, their lives as guerrillas, and his tumultuous childhood, which was spent in fear of being captured or killed, while grappling with the complexities of public memory, ethics and responsibility, human rights, and reconciliation. Much more than a memoir, **The Surrendered** is a disarming and moving consideration of what forgiveness and justice might mean in the face of hate. This edition includes an editor's introduction, a timeline of the Peruvian conflict, and an extensive interview with the author.*

His father dead, his sisters kidnapped, a boy with an intuition for horses flees his home and is taken in by a veterinarian during the turbulent years of the Reconquest of medieval Spain. At the border of the Christian kingdom of Castile and the Muslim caliphate of Al-Andalus, a little inn sits on the front lines of the battle for Iberia. When word travels that the most feared fighters of the Muslim world, the Imesebelen, are advancing on Toledo, the innkeeper tells his son, Diego, to flee with his sisters. But Diego refuses to abandon his father. The old man and one of his daughters are slaughtered, and the other two girls are kidnapped. Now

there's only one thought on Diego's mind: revenge. On his lightning-fast Arabian mare, Diego makes his way to Toledo. It is the start of a journey that will usher him into manhood and lead him to the dawn of a field of medicine that will change Spain and the world forever.

insight and guidance for every day of the year from Eileen Caddy, co-founder of the Findhorn Community • Offers specific suggestions for your daily spiritual growth and development • Includes a new introduction by Jonathan Caddy, one of Eileen's sons, who adds a fresh perspective to the profound influence this guidance can have

One of the much-loved books of Eileen Caddy (1917-2006), co-founder of the Findhorn Community in Scotland, *Opening Doors Within* is a perennial meditation diary offering down-to-earth inspirational messages of spiritual guidance for every day of the year. For over 35 years, people have used these practical teachings that offer advice on achieving stillness, faith, and fulfillment. Specific suggestions for your daily spiritual growth and development enhance the impact of the supportive words. Eileen's brief messages, from what she called "the still, small voice within," offer inspirational, uplifting, and powerful words of love and support. Her daily guidance was the bedrock of the early Findhorn Community, and the concept of "inner listening" is still very much part of individual and community practice there today. The encouraging and practical messages speak to those embarking upon the journey to find their divine inner self and spiritual truth. Anyone who meditates--whether inexperienced or seasoned--will find the wisdom shared both insightful and heartening. A new foreword by Jonathan Caddy, Eileen's son who lives in the Findhorn Community, adds a fresh perspective to the profound influence this guidance can have. No matter how you use the wisdom shared in this small book, take these teachings into yourself and carry them within you, until they have done their silent, gentle, and loving work of opening the doors within.

A narrative history of the unlikely Maoist rebellion that terrorized Peru even after the fall of global Communism. On May 17, 1980, on the eve of Peru's presidential election, five masked men stormed a small town in the Andean heartland. They set election ballots ablaze and vanished into the night, but not before planting a red hammer-and-sickle banner in the town square. The lone man arrested the next morning later swore allegiance to a group called Shining Path. The tale of how this ferocious group of guerrilla insurgents

launched a decade-long reign of terror, and how brave police investigators and journalists brought it to justice, may be the most compelling chapter in modern Latin American history, but the full story has never been told. Described by a U.S. State Department cable as “cold-blooded and bestial,” Shining Path orchestrated bombings, assassinations, and massacres across the cities, countryside, and jungles of Peru in a murderous campaign to seize power and impose a Communist government. At its helm was the professor-turned-revolutionary Abimael Guzmán, who launched his single-minded insurrection alongside two women: his charismatic young wife, Augusta La Torre, and the formidable Elena Iparraguirre, who married Guzmán soon after Augusta’s mysterious death. Their fanatical devotion to an outmoded and dogmatic ideology, and the military’s bloody response, led to the death of nearly 70,000 Peruvians. Orin Starn and Miguel La Serna’s narrative history of Shining Path is both panoramic and intimate, set against the socioeconomic upheavals of Peru’s rocky transition from military dictatorship to elected democracy. They take readers deep into the heart of the rebellion, and the lives and country it nearly destroyed. We hear the voices of the mountain villagers who organized a fierce rural resistance, and meet the irrepressible black activist María Elena Moyano and the Nobel Prize-winning novelist Mario Vargas Llosa,

who each fought to end the bloodshed. Deftly written, The Shining Path is an exquisitely detailed account of a little-remembered war that must never be forgotten.

Devotional for Kids is here! This book has a very strong anti-bullying message. We encourage adults to share this book with kids they suspect of being bullies. According to our experience in dealing with bullies, most of them come from dysfunctional homes, in which their parents have failed to teach them the core values that would enable

them to become kind and respectful citizens in our society. What we have learned is that if a caring adult takes the time to share Christian Values with a child, the majority of bullying behaviors will almost immediately disappear. This devotional book is designed for parents and educators who want to ensure that their kids are instilled with Godly Christian values. We firmly believe that the values taught in this book will enable children to make Godly choices, and inspire them to become all that God wants them to be."Train up a child in the way he should go; even when he is old he will not depart from it." - Proverbs 22:6 Click here to purchase the SPANISH version of this book:

Song of the Simple Truth (Canción de la verdad sencilla) is the first bilingual edition of Julia de Burgos' complete poems. Numbering more than 200, these poems form a literary landmark—the first time her poems have appeared in a complete edition in either English or Spanish. Many of the verses presented here had been lost and are presented here for the first time in print. De Burgos broke new ground in her poetry by fusing a romantic temperament with keen political insights. This book will be essential reading for lovers of poetry and for feminists.

lover and the loved. With astounding insight, Prabhuji describes a process that divinizes the earthly, spiritualizes the material, and transforms worldly attachments into transcendental love. This yogic path reveals that love is the perfume that emanates from our own presence, here and now. When we experience this love, we discover that it is not an emotion or a feeling but what is real within us. Bhakti is the purest and most elevated love arising from the depths of consciousness and the silence of meditation. David, Ben Yosef, Har-Zion, who writes under the pen name Prabhuji, is a writer, painter, and avadh?ta mystic. When he was eight years old, he had a mystical experience that sparked his search for the Truth. Since then, he has devoted his life to deepening the early transformative experience that marked the beginning of his process of involution. For more than fifty years, he has been exploring and practicing various religions and spiritual paths. For Prabhuji, awakening at the level of consciousness, or the transcendence of

the egoic phenomenon, is the next step in humanity's evolution. Prabhuji has chosen to retire from society and lead the life of a hermit. He spends his days in solitude, praying, studying, writing, painting, and meditating in silence and contemplation.

The Traitor's Son

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war,

omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

A kingdom in danger, a great betrayal, a boy seeking to redeem his father's honor. Will he succeed in exonerating him and saving the realm from an enemy in the shadows before it is too late for the whole North? By the age of fifteen, Lasgol has endured a hard childhood and lives, cornered and hated, in a small village in the North. He is the son of the traitor, the man who betrayed the kingdom and tried to kill the King. His only companions are the mountains and the snow, ever-present in the region. Yet he refuses to believe that his father is guilty, in spite of all the evidence that points to the fact, even though the King himself was a witness to the betrayal. Lasgol is determined to clear his father's name, and to do this he has only a single option: the School of Rangers, a secret place where the respected and feared

defenders of the lands of the kingdom are trained for four years. Going there is insane, hate and death await him there. But as the son of a Ranger, he is entitled to attend. At the Camp he will find himself involved in political intrigues, disloyalties and murder. He will encounter hatred and fearsome enemies, but also a handful of friends, novices as much out of place as he is himself, determined to do whatever is necessary to pass the first year ... without dying in the attempt. Will Lasgol survive the first year of instruction at the Rangers' Camp? Will he find out what happened to his father? Will he be able to clear his name? Find out while you follow fascinating adventures with a group of characters you will fall in love with. The adventure begins right now! Drawn from teachings of more than a hundred sages from three continents, Thinkers of the East is a book of enormous breadth and depth, the impact and vitality of which is characteristic of the Sufi emphasis on experience rather than theory.

Maria Zambrano's Delirium and Destiny makes the work of this major Spanish philosopher available in English for the first time. An excellent introduction to Zambrano's life and thought, it traces the intellectual formation of a young woman who became one of Jose Ortega y Gasset's most distinguished pupils, and it chronicles Zambrano's redefinition of his philosophical positions. A truly interdisciplinary work, this translation is accompanied by an extensive critical essay, a translator's afterword, and a glossary of pertinent historical and philosophical terms.
