*Let the Good Book have the final word: "Young people, enjoy life while you can. Be happy and let your heart bubble over with joy. Follow your heart's desire, but remember that every deed has its consequences either good or bad, for God will one day judge everything you have done. Don't do things that will he hurt you, because you're not young very long. Old age will come soon enough. Remember your Creator while you're still young and enjoy your youth." - Ecclesiastes 11:9 to 12:1.*

*A Daily Summary of Motor Carrier Applications and Decisions and Notes Issued by the Interstate Commerce Commission*

*Official Motor Carrier Directory*

*Foreign Trade*

*Cumulated Index Medicus*

*Annotation New edition of a reference that presents the values of properties typical for the most common alloy processing conditions, thus providing a starting point in the search for a suitable material that will allow, with proper use, all the necessary design limitations to be met (strength, toughness, corrosion resistance and electronic properties, etc.) The data is arranged alphabetically and contains information on the manufacturer, the properties of the alloy, and in some cases its use. The volume includes 32 tables that present such information as densities, chemical elements and symbols, physical constants, conversion factors, specification requirements, and compositions of various alloys and metals. Also contains a section on manufacturer listings with contact information. Edited by Frick, a professional engineering consultant. Annotation c. Book News, Inc., Portland, OR (booknews.com).*
