El personaje central de EL AMIGO MANSO es una ms? de esas figuras imborrables del universo creado por Benito P?ez Galds? (1843–1920) en su gran ciclo de novelas espa?las contempor?eas. Asturiano avecindado en Madrid, catedrt?ico de Filosofa? de filiacin? krausista y devoto expositor de la est?ica hegeliana, Mx?imo Manso es la encarnacn? de la postura contemplativa ante la vida y un ejemplo de rectitud, tolerancia, comprensin? y suave escepticismo. En la existencia de este profesor solitario, c?ibe y misg?ino, sin embargo, terminan por irrumpir con vigor las fuerzas del mundo exterior que una decisin? abstracta haba? tratado int?ilmente de contener o suprimir.

ERAGON When Eragon finds a polished blue stone in the forest, he thinks it is the lucky discovery of a poor farm boy. But when the stone brings a dragon hatchling, his simple life is shattered, and he is thrust into a perilous new world of destiny, magic and power. BRISINGR Eragon and his dragon, Saphira, have narrowly escaped with their lives after the colossal battle against the Empire's warriors on the Burning Plains. Now Eragon finds himself bound by promises he may not be able to keep. Can this once simple farm boy unite the rebel forces and defeat the King?

IMPORTANT NOTE! This edition of Percepliquis is being released for readers of the original Ridan editions of The Crown Conspiracy. It does not include book 5, Wintertide. If you're reading the omnibus editions from Orbit, you should purchase Heir of Novron (which includes both Wintertide and Percepliquis). Percepliquis is the final installment of the epic fantasy, The Riyria Revelations. In this saga that began with The Crown Conspiracy, two thieves caught in the right place at the wrong time were launched on a series of ever escalating adventures that have all lead to this moment. Three thousand years have passed and the time for Novron's heir to act has arrived.

Do you dare to face these fierce monsters with mighty wings and fearsome claws? Defeat them by solving cryptograms, seek-and-finds, mazes, jumbles, and other puzzles. The pictures are fun to color, too.

Do not despair if the beasts get the better of you – complete solutions appear at the end.

This volume explores the challenges and possibilities of research into the European dimensions of popular print culture. Popular print culture has traditionally been studied with a national focus. Recent research has revealed, however, that popular print culture has many European dimensions and shared features. A group of specialists in the field has started to explore the possibilities and challenges of research on a wide, European scale. This volume contains the first overview and analysis of the different approaches, methodologies and sources that will stimulate and facilitate future comparative research. This volume first addresses the benefits of a media-driven approach, focussing on processes of content recycling, interactions between text and image, processes of production and consumption. A second perspective illuminates the distribution and markets for popular print, discussing audiences, prices and collections. A third dimension refers to the transnational dimensions of genres, stories, and narratives. A last perspective unravels the communicative strategies and dynamics behind European bestsellers. This book is a source of inspiration for everyone who is interested in research into transnational cultural exchange and in the fascinating history of popular print culture in Europe.

This book, a first in its kind, offers a survey of the present state of affairs in media accessibility research and practice. It focuses on professional practices which are relative newcomers within the field of audiovisual translation and media studies, namely, audio description for the blind and visually impaired, sign language, and subtitling for the deaf and the hard-of-hearing for television, DVD, cinema, internet and live performances.Thanks to the work of lobbying groups and the introduction of legislation in some countries, media accessibility is an area that has recently gained marked visibility in our society. It has begun to appear in university curricula across Europe, and is the topic of numerous specialised conferences. The target readership of this book is first and foremost the growing number of academics involved in audiovisual translation at universities ? researchers, teachers and students ? but it is also of interest to the ever-expanding pool of practitioners and translators, who may wish to improve their crafts. The collection also addresses media scholars, members of deaf and blind associations, TV channels, and cinema or theatre managements who have embarked on the task of making their programmes and venues accessible to the visually and hearing impaired.Table of contentsAcknowledgementsJorge DIAZ CINTAS, Pilar ORERO, Aline REMAEL: Media for all: a global challengeSection 1: Subtitling for the deaf and hard-of-hearing (SDH) Aline REMAEL: Sampling subtitling for the deaf and the hard-of-hearing in EuropeClive MILLER: Access symbols for use with video content and information and communications technology devicesChristopher STONE: Deaf access for Deaf people: the translation of the television news from English into British Sign LanguageJoselia NEVES: A world of change in a changing worldVera Lucia SANTIAGO ARAUJO: Subtitling for the deaf and hard-of-hearing in BrazilSection 2: Audio description (AD) Pilar ORERO: Sampling audio description in EuropeJoan GREENING, Deborah ROLPH: Accessibility: raising awareness of audio description in the UKGert VERCAUTEREN: Towards a European guideline for audio descriptionAndrew SALWAY: A corpus-based analysis of audio descriptionJulian BOURNE, Catalina JIMENEZ HURTADO: From the visual to the verbal in two languages: a contrastive analysis of the audio description of The Hours in English and SpanishKarin De COSTER, Volkmar MUHLEIS: Intersensorial translation: visual art made up by wordsAnna MATAMALA, Pilar ORERO: Accessible opera in Catalan: opera for allGreg YORK: Verdi made visible: audio introduction for opera and balletJessica YEUNG: Audio description in the Chinese worldNotes on contributorsIndex

Seneca the Elder and His Rediscovered ›Historiae ab initio bellorum civilium›

What can stories of magical engraved rings or prophetic inscriptions on walls tell us about how writing was perceived before print transformed the world? Writing beyond Pen and Parchment introduces readers to a Middle Ages where writing is not confined to manuscripts but is inscribed in the broader material world, in textiles and tombs, on weapons or human skin. Drawing on the work done at the Collaborative Research Centre “Material Text Cultures,” (SFB 933) this volume presents a comparative overview of how and where text-bearing artefacts appear in medieval German, Old Norse, British, French, Italian and Iberian literary traditions, and also traces the paths inscribed objects chart across multiple linguistic and cultural traditions. The volume’s focus on the raw materials and practices that shaped artefacts both mundane or fantastical in medieval narratives offers a fresh perspective on the medieval world that takes seriously the vibrancy of matter as a vital aspect of textual culture often overlooked.

The theme of the conference this year was Critical CALL, drawing inspiration from the work carried out in the broader field of Critical Applied Linguistics. The term 'critical' has many possible interpretations, and as Pennycook (2001) outlines, has many concerns. It was from these that we decided on the conference theme, in particular the notion that we should question the assumptions that lie at the basis of our praxis, ideas that have become 'naturalized' and are not called into question. Over 200 presentations were delivered in 68 different sessions, both in English and Italian, on topics related specifically to the theme and also more general CALL topics. 94 of these were submitted as extended papers and appear in this volume of proceedings.

This book offers the hint for a new reflection on ancient textual transmission and editorial practices in Antiquity.In the first section, it retraces the first steps of the process of ancient writing and editing. The reader will discover how the book is both a material object and a metaphorical personification, material or immaterial. The second section will focus on corpora of Greek texts, their formation, and their paratextual apparatus. Readers will explore various issues dealing with the mechanisms that are at the basis of the assembling of ancient Greek texts, but great attention will also be given to the role of ancient scholarly work. The third section shows how texts have two levels of authorship: the author of the text, and the scribe who copies the text. The scribe is not a medium, but plays a crucial role in changing the text. This section will focus on the protagonists of some interesting cases of textual transmission, but also on the books they manufactured or kept in the libraries, and on the words they engraved on stones. Therefore, the fresh voices of the contributors of this book, offer new perspectives on established research fields dealing with textual criticism.

Sinossi Secondo un'antica leggenda celtica si racconta che durante la notte di Samhain, posta al di fuori del ciclo del tempo, perché non appartenente né all'anno passato appena trascorso, né all'anno nuovo ancora da iniziare, si possa scorgere fra le nebbie che separano il mondo dei vivi da quello degli spiriti, un uomo che vaga alla ricerca della strada del paradiso, con la sua lanterna ricavata da una zucca e al cui interno ci sarebbe un tizzone ardente delle braci dell'inferno. The Voyage of the Jerle Shannara Trilogy

New Perspectives on Early-Imperial Roman Historiography

The refreshed insights into early-imperial Roman historiography this book offers are linked to a recent discovery. In the spring of 2014, the binders of the archive of Robert Marichal were dusted off by the ERC funded project PLATINUM (ERC-StG 2014 n°636983) in response to Tiziano Dorandi's recollections of a series of unpublished notes on Latin texts on papyrus. Among these was an in-progress edition of the Latin rolls from Herculaneum, together with Marichal's intuition that one of them had to be ascribed to a certain 'Annaeus Seneca'. PLATINUM followed the unpublished intuition by Robert Marichal as one path of investigation in its own research and work. Working on the Latin P.Herc. 1067 led to confirm Marichal's intuitions and to go beyond it: P.Herc. 1067 is the only extant direct witness to Seneca the Elder's Historiae. Bringing a new and important chapter of Latin literature arise out of a charred papyrus is significant. The present volume is made up of two complementary sections, each of which contains seven contributions. They are in close dialogue with each other, as looking at the same literary matter from several points of view yields undeniable advantages and represents an innovative and fruitful step in Latin literary criticism. These two sections express the two different but interlinked axes along which the contributions were developed. On one side, the focus is on the starting point of the debate, namely the discovery of the papyrus roll transmitting the Historiae of Seneca the Elder and how such a discovery can be integrated with prior knowledge about this historiographical work. On the other side, there is a broader view on early-imperial Roman historiography, to which the new perspectives opened by the rediscovery of Seneca the Elder's Historiae greatly contribute.

She is confined to her beloved garden, where she meets her love, and her tragedy unfolds. Lyonesse is a spellbinding fantasy masterpiece of eerie beauty, mystery and enchantment as intrigue, war, magic, adventure and romance are interwoven in a rich and sweeping tale set in a fabled land.

For the first time in one elegant collector's edition hardcover, and featuring an introduction by New York Times bestselling author Terry Brooks, here are the first three novels of that classic series: The Sword of Shannara, The Elfstones of Shannara, and The Wishsong of Shannara—the beginning of a phenomenal epic of good and evil. The Sword of Shannara Long ago, the wars of the ancient Evil ruined the world. In peaceful Shady Vale, half-elfin Shea Ohmsford knows little of such troubles. But the supposedly dead Warlock Lord is plotting to destroy everything in his wake. The sole weapon against this Power of Darkness is the Sword of Shannara, which can be used only by a true heir of Shannara. On Shea, last of the bloodline, rests the hope of all the races. The Elfstones of Shannara The magical Ellcry's tree is dying, loosening the spell that bars the Demons from enacting vengeance upon the land. Now Wil Ohmsford must guard the Elven girl Amberle on a perilous quest as she carries one of the Ellcry's seeds to a mysterious place where it can be quickened into a powerful new force. But dark on their trail comes the Reaper, most fearsome of all Demons, aiming to crush their mission at any cost. The Wishsong of Shannara An ancient Evil is stirring to new life, sending its ghastly Mord Wraiths to destroy Mankind. To win through the vile growth that protects this dark force, the Druid Allanon needs Brin Ohmsford—for she alone holds the magic power of the wishsong. Reluctantly Brin joins the Druid on his dangerous journey. But a prophecy foretells doom, as Evil nurses its plans to trap the unsuspecting Brin into a fate far more horrible than death. Thus begins Terry Brooks's thrilling Shannara epic, an unforgettable tale of adventure, magic, and myth. BONUS: This edition contains an excerpt from Terry Brooks's The Measure of the Magic.
