This PhD thesis

# Access Free Electrical Safety

## Interview Questions Answers

approaches the  
phenomenon of  
supply chain

governance for social  
sustainability in the  
ready-made garment  
industry in

Bangladesh. This  
research is based on  
a study of eight large  
multinational  
corporations (e.g.

# Access Free Electrical Safety Interview

clothing brands and  
retailers) and their  
ready-made garment  
suppliers. The  
purpose of this  
research is to  
understand how  
supply chain  
governance  
mechanisms and  
governance  
structures improve

# Access Free Electrical Safety Interview

social sustainability performance when stakeholders are engaged. The study identifies four main governance systems, namely, market-based, hierarchical controlbased, collaborative multi-stakeholder-based and relational cross-

# Access Free Electrical Safety Interview

sectoral-based.

# Questions Answers

These governance  
systems are

employed in the  
supply chain by the  
multinational  
corporations in  
combination with  
different

stakeholders, such as  
suppliers, multi-stake  
holder-initiatives,

# Access Free Electrical Safety Interview

and non-government organisations. The study focuses on the challenges faced by the multinational corporations to ensure social sustainability, whilst at the same time, incorporating suppliers' viewpoints on the

# Access Free Electrical Safety Interview

consequences of  
different governance  
systems for social  
sustainability. This  
research shows the  
choice of governance  
structures from  
market-based,  
hierarchy-based,  
collaboration-based  
and relational-based  
depend on the cost

# Access Free Electrical Safety Interview

of managing  
relationships with  
the stakeholders and  
potential risks of  
governance in a  
given situation. An  
effective governance  
structure for a  
multinational  
corporation in a  
particular context is  
determined by how

# Access Free Electrical Safety

## Interview

well the structure  
supports governance  
mechanisms to

reduce associated  
transaction risks that  
results from potential  
opportunistic  
behaviour of the  
suppliers. In this  
research, it is argued  
that governance  
structure provides

# Access Free Electrical Safety Interview

the platform for practicing a set of governance mechanisms. The study claims that social sustainability governance incorporates three mechanisms with separate outcomes: one consists of buyer-driven control-based

# Access Free Electrical Safety Interview

mechanisms which include codes of conduct, supplier assessment and monitoring, and supplier training for regular social compliance; the second consists of multi-stakeholder-based governance mechanisms for

# Access Free Electrical Safety Interview

structural
