

## *Elevator Industry Aptitude Test Eiat Study Guide*

*Easy printed reference guide for 29 CFR 1926 Construction regulations available in perfect bound, premium book or on CD/USB.*

*This new edition of a one-of-a-kind handbook provides an essential updating to keep the book current with technology and practice. New coverage of topics such as machine-room-less systems and current operation and control procedures, ensures that this revision maintains its standing as the premier general reference on vertical transportation. A team of new contributors has been assembled to shepherd the book into this new edition and provide the expertise to keep it up to date in future editions. A new copublishing partnership with Elevator World Magazine ensures that the quality of the revision is kept at the highest level, enabled by Elevator World's Editor, Bob Caporale, joining George Strakosch as co-editor.*

*Pre-Apprentice "Basic Skills" Training was first written in 1968 as a training aid to help prepare applicants to pass the General Motors apprenticeship test. Today, this self-instructional workbook/test is designed to prepare apprenticeship applicants to successfully complete for entry into most industrial and construction skilled trades programs. Keyed to the requirements of most apprenticeship test batteries, the text provides review exercises, practice problems and sample timed tests. Chapter contents includes: . The Apprenticeship System . Whole Numbers . Fractions and Decimals . Ratio, Proportions and Percents . Directed Numbers . Algebra. Geometry . Graphic Math . Spatial Skills and Blueprint Reading . Mechanical Comprehension . Reading Speed and Comprehension . Test Taking and Interview Tips. Appendix: Formulas and Answer Key. Pre-Apprentice "Basic Skills" Training has been used successfully at the high school, community college, and adult education levels. It is highly acclaimed as an affirmative action tool by women's' groups and outreach agencies. Since 1968 more than 100,000 apprenticeship applicants have used this 223-page workbook/test to help them pass apprenticeship exams. EIAT Test Prep! Elevators move large numbers of people up and down each day, mostly without incident, thanks to a strongly developed system of safety measures and the work of highly trained and experienced professionals. In performing elevator maintenance and repair, there are numerous technical factors, not to mention huge moral and legal issues. Workers need to fully understand proper maintenance procedures so that all safeguards remain in effect. It's also essential to be aware of applicable regulations, and to maintain compliance at all times. For those serious about engaging in elevator work, the appropriate licenses must be acquired--an electrician's license and elevator mechanic's license. These are not achieved overnight. This work covers everything a student or current technician needs to know to perform elevator diagnosis, maintenance, troubleshooting, and repair, and details all the knowledge a technician must have to properly service elevators in various situations. It is also the only work that includes helpful questions and corresponding answers for those who are studying to obtain their elevator mechanic's license. Features Offers sample certification questions and answers for those looking to get their Elevator Mechanic's license. Places an emphasis on safety interlocks and the elevator system as a whole. Includes a history of elevators to give readers perspective on the industry and advancements in technology to date. Written by a renowned electrician with regular columns and contributions in Elevator World and Electrical Construction and Maintenance magazines.

WHAT'S THE STRANGEST HOTEL ROOM YOU'VE EVER STAYED IN? WHATEVER IT IS, THE WILSON FAMILY CAN TOP IT. BECAUSE FOR THREE DAYS, THEY LIVE IN AN ELEVATOR. For the Wilson family, only the best will do! So when they arrive at the San Francisco Hotel and discover that there are no available rooms, they decide to stay in the place that suits them best of all: a room that has its ups . . . and its downs—a room called Otis, the hotel elevator. Staying in the elevator is absolutely “fantabulous!” After all, where else would Mr. Walter Wilson, Mrs. Winona Wilson, 10-year-old Winslow Wilson, and his twin sister, Whitney Wilson get to meet: · A weary traveling salesman of kids' fads · A British rock group with a funny name · A lovesick bellhop · A society lady and her pampered poodle · And a slew of other surprising visitors! For fans of middle-grade giants like Andrew Clements, Jerry Spinelli, Louis Sachar, and Judy Blume, The Elevator Family is a funny and heartwarming story about an eccentric family who'll be remembered long after they check out of Otis. Drop in on them for an elevator ride filled with adventure and zany humor!
