

## Emily Sister Attraction Walkthrough

The book that sheds new light on reincarnation and the extraordinary healing potential of past life and hypnotic regression therapy, from the New York Times bestselling author of Many Lives, Many Masters. Brian Weiss made headlines with his groundbreaking research on past life therapy in Many Lives, Many Masters. Now, based on his extensive clinical experience, he builds on time-tested techniques of psychotherapy, revealing how regression to past lifetimes provides the necessary breakthrough to healing mind, body, and soul. Using vivid past life case studies, Dr. Weiss shows how regression therapy can heal grief, create more loving relationships, uncover hidden talents, and ultimately shows how near death and out of body experiences help confirm the existence of past lives. Dr. Weiss includes his own professional hypotheses, dream recall, meditation, and journaling techniques for safe past life recall at home. Compelling and provocative, Through Time Into Healing shows us how to help ourselves lead healthy, productive lives, secure in the knowledge that death is not the final word and that the doorways to healing and wholeness are inside us.

" Kids are dying miserably at a Swiss boarding school, and Alex Rider, reluctant teen superspy, is going undercover to find out why. But the mystery he uncovers is more nefarious than he ever expected, and now the clock is ticking on Alex's mission. Is his luck about to run out?" from the back cover.

AVAILABLE FOR THE FIRST TIME IN eBook! A man returns to the town where a baffling murder took place 27 years earlier, determined to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, and as the story races to its inexplicable conclusion, an entire society—not just a pair of murderers—is put on trial. Gabriel García Márquez was born in Colombia in 1927. He was awarded the Nobel Prize in Literature in 1982. He is the author of many works of fiction and nonfiction, including One Hundred Years of Solitude, Love In The Time Cholera, The Autumn Of The Patriarch, The General In His Labyrinth, and News Of A Kidnapper. He died in 2014.

Close your eyes and think of the luckiest day of your life. Was it when you got married? Or did you hit a windfall of cash? Maybe you escaped a near death experience. The fact is, something had to happen for you to feel that way. The truth is, anyone can wake up feeling happy. But we need an outlet to feel lucky. May 17th 2006 was my outlier. That was the day I was sentenced to juvenile detention. That's the nice way of saying jail for kids. I landed in juvie as a 17 year old high school drop out. Behind bars, I was met with a choice. Succumb to who I was or try and salvage this thing they call life. This is a tale of perseverance, second chances and of course, luck.

The Art of Being Human

Five Hundred and One Critical Reading Questions

**Silent Hill: The Terror Engine, the second of the two inaugural studies in the Landmark Video Games series from series editors Mark J. P. Wolf and Bernard Perron, is both a close analysis of the first three Silent Hill games and a general look at the whole series. Silent Hill, with its first title released in 1999, is one of the most influential of the horror video game series. Perron situates the games within the survival horror genre, both by looking at the history of the genre and by comparing Silent Hill with such important forerunners as Alone in the Dark and Resident Evil. Taking a transmedia approach and underlining the designer's cinematic and literary influences, he uses the narrative structure; the techniques of imagery, sound, and music employed; the game mechanics; and the fiction, artifact, and gameplay emotions elicited by the games to explore the specific fears underlying horror games are designed to provoke and how the experience as a whole has made the Silent Hill series one of the major landmarks of video game history.**

**If you look for yourself in the past and see nothing, how do you know who you are? How do you know that you are supposed to be here? When Wyatt brings an unidentified photograph to the local historical society, he hopes staff historian Grayson will tell him more about the people in the picture. The subjects in the mysterious photograph sit side by side, their hands close but not touching. One is dark, the other fair. Both wear men's suits. Were they friends? Lovers? Business partners? Curiosity drives Grayson and Wyatt to dig deep for information, and the more they learn, the more they begin to wonder – about the photograph, and about themselves. Grayson has lost his way. He misses the family and friends who anchored him before his transition and the confidence that drove him as a high-achieving graduate student. Myrt lives in a similar limbo, caring for an ill mother, worrying about money, unsure how and when he might be able to express his nonbinary gender publicly. The growing attraction between Wyatt and Grayson is terrifying – and incredibly exciting. As Grayson and Wyatt discover the power of love to provide them with safety and comfort in the present, they find new ways to write the unwritten history of their own lives and the lives of people like them. With sympathy and cutting insight, Ottoman offers a tour de force exploration of contemporary trans identity.**

**Provides information, case studies, and cameoes for teachers on how to conduct research in their classroom. The critical reading section on standardized tests, especially the SAT 1 exam, is often cited as a trouble section for even the best test-takers. Examinees get test-targeted reading comprehension practice questions to score better with LearningExpress' series, Skill Builder in Focus. This specialized drill book provides the focused practice necessary for test-taking success. Plus, all answers are explained, using terms that clarify context, main ideas, themes, and critical thinking skills for effective studying and positive reinforcement. Almost every standardized test in verbal skills, including civil service exams, contains reading comprehension questions. Each practice consists of several passages followed by questions and answer explanations.**

The Taming Of The Billionaire: Billionaires And Bridesmaids 2

Doctor Benny Bowman has had it up to here with being playboy neighbor. She's declaring war. She doesn't care how gorgeous or charming he is, he's going down. That is until he proposes something she's not sure she can say no to. . . Wealthy ad man Henry Ellison lives an uncomplicated life that revolves around work, women, and partying. In that order. Until Benny storms into his life. To placate his attractive but hotheaded neighbor, Henry offers to help her land a date with the man of her dreams. Only as Henry makes her over and coaches her on the fine art of flirting, he realizes that the idea of this woman in any other man's arms but his own is unacceptable. But Benny's a forever kind of girl and forever might just be the one commitment he can't make. Each book in the Sorensen Family series is a standalone, full-length story that can be enjoyed out of order.
**Series Order: Book #1 Her Backup Boyfriend Book #2 Her Accidental Husband Book #3 The Playboy's Proposal Book #4 Her Surprise Engagement**

This carefully crafted ebook: “Jane Eyre + Wuthering Heights (2 Unabridged Classics)” is formatted for your eReader with a functional and detailed table of contents. Charlotte Brontë’s most beloved novel describes the passionate love between the courageous orphan Jane Eyre and the brilliant, brooding, and domineering Rochester. The loneliness and cruelty of Jane’s childhood strengthens her natural independence and spirit, which prove invaluable when she takes a position as a governess at Thornfield Hall. But after she falls in love with her sardonic employer, her discovery of his terrible secret forces her to make a heart-wrenching choice. Ever since its publication it has enthralled every kind of reader. From the most critical and cultivated to the youngest and most unabashedly romantic. It lives as one of the great triumphs of storytelling and as a moving and unforgettable portrayal of a woman’s quest for self-respect. Born into a poor family and raised by an oppressive aunt, young Jane Eyre becomes the governess at Thornfield Manor to escape the confines of her life. There her fiery independence clashes with the brooding and mysterious nature of her employer, Mr. Rochester. But what begins as outright loathing slowly evolves into a passionate romance. When a terrible secret from Rochester’s past threatens to tear the two apart, Jane must make an impossible choice: Should she follow her heart or walk away and lose her love forever? Considered by many to be Charlotte Brontë’s masterpiece, Jane Eyre chronicles the passionate love between the independent and strong-willed orphan Jane Eyre and the dark, impassioned Mr. Rochester. Having endured a lonely and cruel childhood, orphan Jane Eyre, who is reared in the home of her heartless aunt prior to attending a boarding school with an equally torturous regime, is strengthened by these experiences. The natural independence and unbroken spirit she emerges with allows her to thrive as a governess at Thornfield Hall. It is only after she falls in love with her employer and discovers his explosive secret that she is forced to return to the poverty and isolation of her past. Wuthering Heights is the only published novel by Emily Brontë, written between October 1845 and June 1846 and published in July of the following year. It was not printed until December 1847 under the pseudonym Ellis Bell, after the success of her sister Charlotte Brontë’s novel Jane Eyre. A posthumous second edition was edited by Charlotte in 1850. It is one of the world’s greatest tales of unrequited love, captivating readers with its intense passion and drama. A classic novel of consuming passions, played out against the lonely moors of northern England, recounts the turbulent and tempestuous love story. The title of the novel comes from the Yorkshire manor on the moors of the story. The narrative centres on the all-encompassing, passionate, but ultimately doomed love between Catherine Earnshaw and Heathcliff, and how this unresolved passion eventually destroys them and the people around them.

\*Shortlisted for the Guardian’s Not the Booker Prize 2019\* ‘A strange and joyous marvel.’ Richard Flanagan \*Shortlisted for the Guardian’s Not the Booker Prize 2019\* In Robbie Arnott’s widely acclaimed and most-loved first novel, a young man named Levi McAllister decides to build a coffin for his sister, Charlotte who promptly runs for her life. A water rat swims upriver in quest of the cloud god. A fisherman hunts for tuna in partnership with a seal. And a father takes form from fire. The answers to these riddles are to be found in this tale of grief and love and the bonds of family, tracing a journey across the southern island. Utterly original in conception, spellbinding in its descriptions of nature and celebration of language, Flames is one of the most exciting debuts of recent years. Robbie Arnott was born in Launceston in 1989. He was a 2019 Sydney Morning Herald Best Young Novelist, and won the 2019 Margaret Scott Prize, the 2015 Tasmanian Young Writers’ Fellowship and the 2014 Scribe Nonfiction Prize for Young Writers. His widely acclaimed debut, Flames, was published in 2018. The Rain Heron, his second novel, will be published in 2020. Robbie’s writing has appeared in the Lifted Brow, Island, Kill Your Darlings, Moonjin and the New York Times. His novel The Lives in Robert, an ambitious storytelling from a stunning new Australian voice, Flames is constantly surprising—I never knew where the story would take me next. This book has a lovely sense of wonder for the world. It’s brimming with heart and compassion.’ Rohan Wilson ‘Arnott confidently borrows from the genres of crime fiction, thriller, romance, comedy, eco-literature, and magical realism, and lets the pieces land to form a flaming new world.’ Sydney Morning Herald ‘This is a startlingly good first novel, stylistically adventurous, gorgeous in its descriptions and with a compelling narrative that should find a wide readership.’ Australian ‘An Australian literary fabulist classic – well, it certainly deserves to be.’ Avid Reader ‘Visionary, vivid, full of audacious transformations: there’s a marvellous energy to this writing that returns the world to us aflame. A brilliant and wholly original debut.’ Gail Jones ‘Robbie Arnott is a vivid and bold new voice in Australian fiction.’ Danielle Wood ‘Arnott skillfully switches between different voices and genres in a trick reminiscent of David Mitchell’s Cloud Atlas. The range he displays is impressive, swinging from fable to gothic horror to hardboiled detective story. . . Books+Publishing ‘Flames is an exuberantly creative and confident debut. This is a story that sparks with invention. . . Invigorating, strange and occasionally brutal.’ Australian Book Review ‘This is the kind of book that you’ll be able to read a second, third, even fourth time, and it will still never reveal all its secrets.’ Comped with meticulous attention to detail, and a mastery of form rarely found in a debut novel, Flames will keep you staring long after you’ve finished reading it.’ Readings ‘A surprising story with a definite feminist edge. . . the novel’s playfulness and poetry make for a fresh and enthralling read.’ Saturday Paper ‘It will be immediately apparent to anyone even vaguely familiar with Tasmania that Arnott is on intimate terms with his island, and his exquisite descriptive prose definitely does this gem of a place justice. . . More please, Mr Arnott.’ Bookbooth ‘A gloriously audacious book. It runs astonishing risks and takes on the biggest emotions. . . It bowled me sideways.’ New Zealand Herald ‘The quirkiness of the characters– a staple of novels set in small-town Australia–allows for good-natured humour as well as biting satire, but it’s the mythic qualities of this novel that make it special. It’s as if Arnott has invented a whole mythology that is all our very own. If you like the fiction of Jane Rawson, I think you will like this one too.’ ANZ Lit Lovers ‘An extremely evocative and imaginative work. . . Undeniably powerful. . . it is refreshing to see the Australian landscape written about so vividly.’ Good Reading ‘[A] novel you will want to read more than once, not so much to plumb its depths as to savour its wild variety of styles and voices, to revel in its breathtaking descriptions of Tasmanian wilderness and to grasp its intricate structure. . . There is no doubt that a poetically wild and wicked imagination is at work here. More please!’ SA WEEKEND ‘It’s not hard to see where the hype came from. This is an assured, funny and highly imaginative work. Flames is strange from the first, arresting sentence.’ Stuff NZ ‘Highly innovative. . . [A] finely built and realised first novel.’ Otago Daily Times ‘Unique and memorable. . . extraordinary energy. . . A chilling look at the near future presents the story of Ofred, a Handmaid in the Republic of Gilead, once the United States, an oppressive world where women are no longer allowed to read and are valued only as long as they are viable for reproduction. 25,000 first printing.

Don't miss this New York Times bestselling "impossible to put down" (Buzzfeed) novel with deadly stakes, thrilling twists, and juicy secrets—perfect for fans of One of Us is Lying and Knives Out. Avery Grambs has a plan for a better future: survive high school, win a scholarship, and get out. But her fortunes change in an instant when billionaire Tobias Hawthorne dies and leaves Avery virtually his entire fortune. The catch? Avery has no idea why—or even who Tobias Hawthorne is. To receive her inheritance, Avery must move into sprawling, secret-password-filled Hawthorne House where every room bears the old man's touch—and his love of puzzles, riddles, and codes. Unfortunately for Avery, Hawthorne House is also occupied by the family that Tobias Hawthorne just dispossessed. This includes the four Hawthorne grandsons: dangerous, magnetic, brilliant boys who grew up with every expectation that one day they would inherit billions. Their apparent Grayson Hawthorne is convinced that Avery must be a conwoman, and he's determined to take her down. His brother, Jameson, views her as their grandfather's last hurrah: a twisted riddle, a puzzle to be solved. Caught in a world of wealth and privilege, with danger around every turn, Avery will have to play the game herself just to survive.

The New York Times bestselling author of The Billionaire and The Virgin returns with a tale of Shakespearean-style seduction. . . Edie's an overbearing cat behaviorist who's not big on people. Magnus is a newly-rich game developer who likes to be in control. When the two of them meet at Gretchen and Hunter's masquerade engagement party, the loathing is mutual. Unfortunately for them—and everyone else—they're in the wedding party together and must deal with each other for the next few months. But when Magnus's younger brother falls for Edie's sister, he begs for his brother's help in concocting a plan to win her over. If Magnus can keep the prickly Edie occupied, his brother will have time to woo Edie's sister. Of course, Magnus isn't interested in the slightest, but Edie is. . .intriguing. And stubborn. And smart. And sexy. And they might have more in common than they thought. Before long, it becomes a challenge between the two of them to see who will be tamed first. But how's Edie going to react when she finds out that Magnus is using her? And how's Magnus going to handle the fact that he's fallen for a cat lady? Praise for the Billionaire Boy Club novels "Blazing hot."—USA Today "A fast, sexy read."—Fiction Vixen "Great storytelling. . .delightful reading. . .It's fun and oh so hot."—Kirkus Reviews

Anthropology is the study of all humans in all times in all places. But it is so much more than that. “Anthropology requires strength, valor, and courage.” Nancy Scheper-Hughes noted. “Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. . . . It teaches students not to be afraid of getting one’s hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a “heroic” profession.” What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world’s jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the “first draft edition” from 2017 and includes 7 new chapters.

Big data are changing the way we work. This book conveys a theoretical understanding of big data and the related interactions on a socio-technological level as well as on the organizational level. Big data challenge the human resource department to take a new role. An organization's new competitive advantage is its employees augmented by big data.

PLACES, LIKE PEOPLE, GO WRONG They turn off the path and head into the shadows, becoming something other than normal. Black places filled with blank rooms, closed doors, and empty hallways lined with dust. In these places your voice catches in your throat, the air seems to hum, and bad things happen. People get hurt. Objects vanish. Misy flows like the water from the loose faucet in the bathroom. Like hangs in the air like old paint. It smells of time and circumstance, and something just a little beyond the normal. It smells like surrender. The house at 1206 Spooner Avenue is a place gone wrong. In the last 50 years, 18 people have died there, and you can feel it. Doors in 1206 Spooner Avenue stay shut, and no one ever hears a child's laughter at night. In the hours that stretch like taffy after two, no one ever hears music from a darkened room. "Music From a Darkened Room" is a scenario playable with Delta Green: Need to Know or Delta Green: Agent's Handbook, available from Arc Dream Publishing. Good luck.

The book is concerned with narrative in digital media that changes according to user input—Interactive Digital Narrative (IDN). It provides a broad overview of current issues and future directions in this multi-disciplinary field that includes humanities-based and computational perspectives. It assembles the voices of leading researchers and practitioners like Janet Murray, Marie-Laure Ryan, Scott Rettberg and Martin Rieser. In three sections, it covers history, theoretical perspectives and varieties of practice including narrative game design, with a special focus on changes in the power relationship between audience and author enabled by interactivity. After discussing the historical development of diverse forms, the book presents theoretical standpoints including a semiotic perspective, a proposal for a specific theoretical framework and an inquiry into the role of artificial intelligence. Finally, it analyses varieties of current practice from digital poetry to location-based applications, artistic experiments and expanded remakes of older narrative game titles.

**With exercises and self-care practices, “this book is for anyone who wants to explore their gender more deeply” (Sam Dylan Finch, transgender writer and activist). Are you wrestling with questions surrounding your gender that just don’t seem to go away? Do you want answers to questions about your gender identity, but aren’t sure how to get started? In this groundbreaking guide, Dara Hoffman-Fox, LPC—accomplished gender therapist and thought leader whose articles, blogs, and videos have empowered thousands worldwide—helps you navigate your journey of self-discovery in three approachable stages: preparation, reflection, and exploration. In You and Your Gender Identity, you will learn: Why understanding your gender identity is core to embracing your full being How to sustain the highs and lows of your journey with resources, connection, and self-care How to uncover and move through your feelings of fear, loneliness, and doubt Why it’s important to examine your past through the lens of gender exploration How to discover and begin living as your authentic self What options you have after making your discoveries about your gender identity A miniature royal family moves into the dollhouse of an only child and keeps her company the summer her mother is writing a story for children.**

**This richly illustrated, up-to-date guide offers practical coverage of all aspects of lighting design. Written by an award-winning, internationally known lighting designer, it covers lighting practices, materials, and their design applications and offers guidelines for preparing lighting drawings, control and transfer charts, symbol lists, and other technical specifications. This edition provides a new focus on the use of LEDs, as well as new and expanded coverage of renderings, Mesopic Vision, and the latest controls approaches and systems.**

**Lars, my friend, am the luckiest girl alive. Or so the world keeps telling me. Every so often, gods walk the earth. This time they came as musicians. When Bound loses his lead guitarist, yours truly is chosen to fill his shoes. From dive bars to the big stage, my instant claim to fame is nothing short of a fairytale. The only problem? My new bandmates. Jaded, gorgeous, and ridiculously talented—they're determined to turn my dream into a nightmare. It's no secret I wasn't their first choice. I wasn't even their last. The label wants me gone, but I've got my own agenda. To succeed I have to survive a world tour, public scrutiny, and idols turned enemies. But the biggest threat of all isn't a meticulous frontman, a narcissistic bassist, and a drummer with too many secrets. It's me. Somehow, I must resist the temptation of Houston Morrow, Loren James, and Jericho Noble.It seemed easy enough when I boarded their tour bus, but it only took one city for the lines we'd drawn to blur. Only ninety-nine more to go. Lilac is a contemporary reverse harem and standalone suitable for 18+.**

Through Time Into Healing

The Manchurian Candidate

Ghosts and Strange Phenomena of the Keystone State

An Enemies-to-Lovers Romance

Haunted History of Old San Antonio

When the first Disneyland opened its doors in 1955, it reinvented the American amusement park and transformed the travel, tourism and entertainment industries forever. Now a global vacation empire, the original park in Anaheim, California, has been joined by massive complexes in Florida, Tokyo, Paris, Hong Kong and Shanghai. Spanning six decades, three continents and five distinct cultures, Sabrina Mittemeier presents an interdisciplinary examination of the parks, situating them in their proper historical context and exploring the distinct cultural, social and economic landscapes that defined each one at the time of its construction. She then spotlights the central role of class in the subsequent success or failure of each venture. The first comparative study of the Disney theme parks, this book closes a significant gap in existing research and is an important new contribution to the field, providing the first discussion of the Disney parks and what they reveal about the cultures they are set in. There has been a lack of focus on cross- and trans-cultural analysis of theme parks generally and Disney theme parks specifically, until now. It is also particularly interesting – and will be welcomed for it – for the non-United States context of the study. This is a thorough examination of all of the existing Disney Parks and how they function within their respective cultures. While Disney themes and characters attempt to be universal, the author does a good job of arguing for where this is not possible and how globalization is crucial to the parks' successes. The writing is academic, but it is not inaccessible. It will have wide disciplinary appeal within academia, as tourism studies cross into a variety of fields including history, American studies, fandom studies, performance studies and cultural studies. It will be invaluable to those working in the field of theme park scholarship and the study of Disney theme parks. theme parks in general and related areas like world's exhibitions and spaces of the consumer and lifestyle worlds. It will also be of interest to Disney fans, those who have visited any of the parks or are interested to know more about the parks and their cultural situation and context.

The daughter of a prominent Chicago judge and his socialite wife, inner-city art teacher Mia Dennett is taken hostage by her one-night stand, Colin Thatcher, who, instead of delivering her to his employers, hides her in a secluded cabin in rural Minnesota to keep her safe from harm.

NEW YORK TIMES BESTSELLER • WINNER OF THE BOOKER PRIZE • A modern masterpiece that “reminds us of the power of truth in the face of evil” (People)—and can be read on its own or as a sequel to Margaret Atwood’s classic, The Handmaid’s Tale. “Atwood’s powers are on full display” (Los Angeles Times) in this deeply compelling Booker Prize-winning novel, now updated with additional content that explores the historical sources, ideas, and material that inspired Atwood. More than fifteen years after the events of The Handmaid’s Tale, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three radically different women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order. The testimonies of these two young women are joined by a third: Aunt Lydia. Her complex past and uncertain future unfold in surprising and pivotal ways. With The Testaments, Margaret Atwood opens up the innermost workings of Gilead, as each woman is forced to come to terms with who she is, and how far she will go for what she believes.

Everyone has something to hide—especially high school juniors Spencer, Aria, Emily, and Hanna. Spencer covets her sister’s boyfriend. Emily’s fantasizing about her English teacher. And Hanna uses some ugly tricks to stay beautiful. But they’ve all kept an even bigger secret since their friend Alison vanished. How do I know? Because I know everything about the bad girls they were and the naughty girls they are now. And guess what? I’m telling.

**Digital Storytelling shows you how to create immersive, interactive narratives across a multitude of platforms, devices, and media. From age-old storytelling techniques to cutting-edge development processes, this book covers creating stories for all forms of New Media, including transmedia storytelling, video games, mobile apps, and second screen experiences. The way a story is told, a message is delivered, or a narrative is navigated has changed dramatically over the last few years. Stories are told through video games, interactive books, and social media. Stories are told on all sorts of different platforms and through all sorts of different devices. They're immersive, letting the user interact with the story and letting the user enter the story and shape it themselves. This book features case studies that cover a great spectrum of platforms and different story genres. It also shows you how to plan processes for developing interactive narratives for all forms of entertainment and non-fiction purposes: education, training, information and promotion. Digital Storytelling features interviews with some of the industry's biggest names, showing you how they build and tell their stories. Since their mother's death, Carter and Sadie have become near strangers. While Sadie has lived with her grandparents in London, her brother has traveled the world with their father, the brilliant Egyptologist, Dr. Julius Kane. One night, Dr. Kane brings the siblings together for a "research experiment" at the British Museum, where he hopes to set things right for his family. Instead, he unleashes the Egyptian god Set, who banishes him to oblivion and forces the children to flee for their lives. From the creator of the hit Percy Jackson series.**

**Would life be better without alcohol? It's the nagging question more and more of us are finding harder to ignore, whether we have a "problem" with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day, the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it's hard to avoid how alcohol really makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment free, Sober Curious is a bold guide to choosing to live hangover-free, from Ruby Warrington, one of the leading voices of the new sobriety movement. Drawing on research, expert interviews, and personal narrative, Sober Curious is a radical take down of the myths that keep so many of us drinking. Inspiring, timely, and blame free, Sober Curious is both conversation starter and handbook—essential reading that empowers readers to transform their relationship with alcohol, so we can lead our most fulfilling lives.**

A Novel

You and Your Gender Identity

A Bicentennial Story, 1793-1993

A Rose for Emily

The Good Girl

Lucky B\*stard

Five young teens tapped as models for theme park “guides” (using a new hologram technology developed by the Disney Imagineers) find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. Featuring a new cover design and additional content!
