

## ***Encyclopedia Of The Modern Middle East North Africa 4 Volumes***

Tink Aaron-Martin has been grounded AGAIN after an adventure with her best friend Freddie Blue Anderson. To make the time pass, she decides to write an encyclopedia of her life from "Aa" (a kind of lava--okay, she cribbed that from the real encyclopedia) to "Zoo" (she's never been to one, but her brothers belong there). As the alphabet unfolds, so does the story of Tink's summer: more adventures with Freddie Blue (and more experiences in being grounded); how her family was featured in a magazine about "Living with Autism," thanks to her older brother Seb--and what happened after Seb fell apart; her growing friendship, and maybe more, with Kai, a skateboarder who made her swoon (sort of). And her own sense that maybe she belongs not under "H" for "Hideous," or "I" for "Invisible," but "O" for "Okay." Written entirely in Tink's hilarious encyclopedia entries, *The Encyclopedia of Me* is both a witty trick and a reading treat for anyone who loves terrific middle-grade novels.

Explores the terms, concepts, personalities, historical events, and institutions that helped shape the history of this religion and the way it is practiced today.

Original Scholarly Monograph

The *Encyclopedia of Early Modern History* offers 400 years of early modern history in one work. Experts from all over the world have joined in a presentation of the scholarship on the great era between the mid-15th to the mid-19th centuries. The perspective is European. That does not mean, however, that the view on the rest of the world is blocked. On the contrary: the multifaceted interrelatedness of European and other cultures is scrutinized extensively. The *Encyclopedia of Early Modern History* addresses major historical questions: - which ideas, inventions, and events changed people's lives? - in which ways did living conditions change? - how do political, social, and economic developments interlock? - which major cultural currents have begun to become apparent? - how did historical interpretation of certain phenomena change? The individual articles are connected to one another as in a web of red threads. The reader who follows the threads will keep coming upon new and unexpected contexts and links.

The Daily Show (The Book)

***Alphabetically arranged entries cover the history, events, philosophy, art, science, literature, social issues, and ideas that have come to define this era***

***These volumes convey what daily life is like in the Middle East, Asia and Africa. Entries will aid readers in understanding the importance of cultural sociology, to appreciate the effects of cultural forces around the world.***

***The Companion to Jewish Culture - From the Eighteenth Century to the Present was first published in 1989. It is a single-volume encyclopedia containing biographical and topic entries ranging from 200 to 1000 word each.***

***The modern Middle East emerged out of the collapse of the Ottoman Empire, when Britain and France partitioned the Ottoman Arab lands into several new colonial states. The following period was a charged and transformative time of unrest. Insurgent leaders, trained in Ottoman military tactics and with everything to lose from the fall of the Empire, challenged the mandatory powers in a number of armed revolts. This is a study of this crucial period in Middle Eastern history, tracing the period through popular political movements and the experience of colonial rule. In doing so, Provenca emphasises the continuity between the late Ottoman and Colonial era, explaining how national identities emerged, and how the seeds were sown for many of the conflicts which have defined the Middle East in the late twentieth and early twenty-first centuries. This is a valuable read for students of Middle Eastern history and politics.***

This in-depth study of U.S. involvement in the modern Middle East carefully weighs the interplay of domestic, cultural, religious, diplomatic, international, and military events in one of the most troubled regions. • Hundreds of alphabetically organized entries on wars, political events, religious and cultural issues, and diplomatic initiatives, as well as in-depth essays on background and regional analyses, and biographical entries • An introduction by General Anthony Zinni, USMC (Ret), former commander in chief of U.S. Central Command • A chronologically arranged bibliography comprised of primary and contemporary documents with individual introductions • A detailed chronology of events • Cross-references and books for further reading appended to each entry • A bibliography of over 450 books that are the latest in the field

The *Periodic Table Book* is the perfect visual guide to the chemical elements that make up our world. This eye-catching encyclopedia takes children on a visual tour of the 118 chemical elements of the periodic table, from argon to zinc. It explores the naturally occurring elements, as well as the man-made ones, and explains their properties and atomic structures. Using more than 1000 photographs, *The Periodic Table Book* shows the many natural forms of each element, as well as a wide range of both everyday and unexpected objects in which it is found, making it an ideal reference for the child's world.

This reference work covers the classical, transitional and modern periods. Editors and contributors cover an international scope of Arabic literature in many countries.

Explores the Papacy's political and diplomatic role in world affairs during the last two centuries

**The Encyclopedia of the Modern World delves into the period from 1750 to the present, providing special attention to social, economic, cultural and political topics applicable to the time. The breadth of knowledge offered within this multivolume set is astounding, with features spanning articles on countries, regions, and ethnic groups; themes involving social history, demography, family life, politics, economics, religion, thought, education, science and technology, and culture; events such as major wars; and extensive coverage of the United States. Detailed articles cover not only the major facts but the interpretations as well and are written for readers who are not specialists in the particular area. Enriched with over 800 halftones and 50 maps, this reference work is essential for any scholar, general reader, collector or curator interested in this rich and varied time in history. Through its fluent global coverage The Encyclopedia of Modern World provides information about and interpretation of major developments across particular regions both salient events and regional perspectives on common themes such as politics, demography, social class, and gender. Readers can explore topics that have global implications, such as migration, childhood, and foods, topics that can be viewed through a combination of global patterns and key comparisons. Entries also shed light on standard geographic and ethnic units, such as Scandinavia, Korea, or the Gypsies, in the modern period. The Encyclopedia presents unprecedented coverage of global processes and institutions themselves including the International Red Cross, and the League of Nations. - Publisher.**

**Contains approximately three thousand alphabetically arranged entries that provide information about significant people, places, and events in the history of the Middle East and North Africa since 1800, and includes maps, genealogies, a glossary, and an index.**

**Africa is a vast continent, home to many millions of people. Its history stretches back millennia and encompasses some of the most ancient civilizations in the world. Modern Africa boasts a rich cultural heritage, the legacy of many diverse influences from all around the world, reflecting the central role African plays in world history. Encyclopedia of African Peoples provides extensive information about Africa's cultures, history, geography, economics, and politics; it provides an invaluable overview of the whole continent, region by region, ethnic group by ethnic group, nation by nation, personality by personality. Sections include: \*Africa Today \* The Peoples of Africa \* Culture and History \* The Nations of Africa \* Biographies Past to Present \* Glossary \* Index.**

**"In 2012, the year 1433 of the Muslim calendar, the Islamic population throughout the world was estimated at approximately a billion and a half, representing about one-fifth of humanity. In geographical terms, Islam occupies the center of the world, stretching like a big belt across the globe from east to west."--P. vii.**

*This book provides detailed coverage of all the key conflict-related developments since the Arab Spring, a seminal event that began in December 2010 and continues to have major influence on events in the Middle East, North Africa, and beyond. This important reference offers readers a thorough understanding of the nature of the various conflicts that have erupted in the Middle East and North Africa following the Arab Spring. Clear and concise explanations of important concepts related to Islam, ideology, and ethnicity and the economic, social, and cultural forces propelling conflict and revolution in the region will enable readers to gain insight into key developments there. Biographical and organizational profiles combined with succinct overviews of each country provide a strong research foundation for students. The book offers detailed descriptions of the minority groups that have suffered violence from both the countries and the societies around them, sometimes generating refugee flows that engage neighboring states in security issues. It also discusses the role of women in the region during these turbulent times. Primary source documents and a chronology highlight political struggles to reach durable agreements and develop institutions to meet basic human needs in the modern Middle East. Covers military, political, and social topics connected with modern conflict in the Middle East in more than 200 A-Z entries Features contributions from dozens of distinguished scholars and independent historians from a variety of disciplines Includes illuminating overview essays on 22 countries in the Middle East and North Africa Supplements entries with primary source documents relevant to modern conflict in the Middle East*

*Runyon Heights, a community in Yonkers, New York, has been populated by middle-class African Americans for nearly a century. This book—the first history of a black middle-class community—tells the story of Runyon Heights, which sheds light on the process of black suburbanization and the ways in which residential development in the suburbs has been shaped by race and class. Relying on both interviews with residents and archival research, Bruce D. Haynes describes the progressive stages in the life of the community and its inhabitants and the factors that enabled it to form in the first place and to develop solidarity, identity and political consciousness. He shows how residents came to recognize common political interests within the community, how racial consciousness provided an axis for social solidarity as well as partial insulation from racial slights, and how the suburb afforded these middle-class residents a degree of physical and social distance from the ghetto. As Haynes explores the history of Runyon Heights, we learn the ways in which its black middle class dealt with the tensions between the political interests of race and the material interests of class.*

**NEW YORK TIMES BESTSELLER** The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Presents a comprehensive A-to-Z reference to the empire that once encompassed large parts of the modern-day Middle East, North Africa, and southeastern Europe.

Presents an alphabetical reference work on women from ancient mythology, religion, literature, American Indian folklore, and history whose lives were spent in combat

others who have made up the U.S. Army. Insignia worn by all soldiers, such as eagles, devices with the letters US, and other letters and numbers, are also described and illustrated. Historians, military collectors, military reenactors, antique dealers and collectors,

Presents the history of modern Palestine and biographies of important Palestinians.

A by-product of the amazing changes now taking place within the Soviet Union is a change in rhetoric no less than reality. Under Gorbachev, the Russian language has been changing parallel with *novoe politichaskoe myshenie* - new political thinking - with the effect that such new expressions as have flooded the Russian language clash with the less yielding realities of Soviet economy and society. The purpose of this volume is to clarify this dynamic in Soviet life, in which stagnation and decay confront hopes and expectations for liberalization. Zemtsov argues that the Soviet political language is self-contradictory, fractured into polarities of good and evil and thus depriving the Russian language of its basic subtlety, coherence, and inner logic. This work brings to life the Orwellian world of double-speak in a post-totalitarian environment. The Soviet language has two basic components: fictions which Communist ideology proclaims as reality, and realities that are portrayed in the guise of fictions. In this sense, Zemtsov undertakes to do for the Soviet language what the great H. L. Mencken achieved for the American language - show the reality of Soviet life by making plain the fictive qualities of Soviet ideology. This is a basic library reference work, a volume of indispensable utility for political scientists, area experts, and policy analysts. It offers a taxonomy enriched by a deep, personal knowledge of the Russian language by its author. *Encyclopedia of Soviet Life* is at one and the same time a basic primer of Soviet contemporary politics, a deep portrait of the psychology of totalitarian manipulation, and a sensitive appreciation of the nobler aspirations of the Russian people that is part and parcel of their great language.

Conflict in the Modern Middle East

A complete A-to-Z guide to the history, politics, people, and weapons of the Gulf War.

This book provides detailed coverage of all of the key conflict-related developments since the Arab Spring, a seminal event that began in December 2010 and continues to have a major influence on events in the Middle East, North Africa, and beyond. Covers military, political, and social topics connected with modern conflict in the Middle East in more than 200 A-Z entries Features contributions from dozens of distinguished scholars and independent historians from a variety of disciplines Includes illuminating overview essays on 22 countries in the Middle East and North Africa Supplements entries with primary source documents relevant to modern conflict in the Middle East

A-to-Z entries covers this erumpent minority's experience from the arts to religion, popular culture, science, technology, business, and government. Provides comprehensive coverage of major topics in urban and regional studies Under the guidance of Editor-in-Chief Anthony Orum, this definitive reference work covers central and emergent topics in the field, through an examination of urban and regional conditions and variation across the world. It also provides authoritative entries on the main conceptual tools used by anthropologists, sociologists, geographers, and political scientists in the study of cities and regions. Among such concepts are those of place and space; geographical regions; the nature of power and politics in cities; urban culture; and many others. The Wiley Blackwell Encyclopedia of Urban and Regional Studies captures the character of complex urban and regional dynamics across the globe, including timely entries on Latin America, Africa, India and China. At the same time, it contains illuminating entries on some of the current concepts that seek to grasp the essence of the global world today, such as those of Friedmann and Sassen on 'global cities'. It also includes discussions of recent economic writings on cities and regions such as those of Richard Florida. Comprised of over 450 entries on the most important topics and from a range of theoretical perspectives Features authoritative entries on topics ranging from gender and the city to biographical profiles of figures like Frank Lloyd Wright Takes a global perspective with entries providing coverage of Latin America and Africa, India and China, and, the US and Europe Includes biographies of central figures in urban and regional studies, such as Doreen Massey, Peter Hall, Neil Smith, and Henri Lefebvre The Wiley Blackwell Encyclopedia of Urban and Regional Studies is an indispensable reference for students and researchers in urban and regional studies, urban sociology, urban geography, and urban anthropology.
