The Gramming Guide to English Grammar is a resource book on the grammar of Standard British English. It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English. It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level or above. The book starts with a pretest that helps you identify the areas you need to work on. The pretest is followed by eleven chapters, broken down to a number of subchapters that each deal with a specific grammar point. The related explanations are accompanied by real-life sample sentences, timeline diagrams, tables, and quotes. If a similar point or the same point is discussed in a different part of the book, you will find cross-references to that point. Where appropriate, chapters begin with guiding questions and end with revision questions. Most of the chapters are followed by exercises, including multiple choice, sentence transformation, error correction, gap filling and matching exercises, as well as communicative tasks that can be done in language lessons. At the end of the book, there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules; a list of the quotes that appear in the book; and a glossary that defines grammatical terms frequently used in the explanations. The chapters in this book are not arranged in order of difficulty. This way, the book can be used for quick reference on specific points of interest, as well as for systematic study, either as a self-study grammar book or as additional material in an ESL/EFL course. No matter which way you use the book, it is recommended that you follow the cross-references, which will lead you to further information on a given item. The exercises, which come with suggested answers, are best done using pen and paper. These exercises will not only help you to practise grammar but also to tie grammatical

listed at the beginning of each level in the workbook (totaling 453 structural points, or Learning Objectives), which constitute the skeleton upon which the English Language builds and, without which an English sentence would not be intelligible. These Grammar Objectives are usually covered in the Beginner, Intermediate and Advanced levels of the EFL Learning process. As you will notice, these Objectives, or structural points, are introduced at the beginning of each level with an example on each in order to be screened by users, and by teachers, if desired. They are italicized and organized in accordance with the level of complexity of the exercises. Leila and her peers will gradually move from the easiest, Beginner Level One, to the most advanced, Level Six, with confidence. Users of the workbook are, therefore, advised to answer all the exercises included in the workbook, and match their answers to the Answer keys provided at the end of each exercise, rather than at the end of the Workbook. For the sake of diversification as well as my willingness to have the users

concentrate on different kinds of exercises, I have included some exercises where Leila and her peers, Kim, Mona, Jose, Ivan, Fahd and Alexey the main users, will choose the correct item and other Error Analysis Exercises where they will find out the error in grammar usage and try to correct it. It is worth noting, however that for the sake of evaluating our progress as learners and students I have included an Entry Self-Assessment Exercise which a user of the workbook is advised to do before starting the Review because it serves as a gateway to the book. It will also help in remembering the basics of the English Language Grammar on which a user will build progress and achieve the desired level of understanding of Grammar. An Exit Self-Assessment Exercise is also included to be done upon completing the Review Exercises. This will help determine areas of difficulty, if any. The Exit Exercise will show how much progress a user of the workbook has made in both, the grammar and vocabulary! The answers are provided at the end of the exercises but a user is advised not to look at

For those completing the exercises, the Workbook is intended as a gateway to success in post-high school endeavors of college life, social life and career of the likes of enthusiastic Leila and self-asserting Fahd, Kim, Nadia, Sami and Alexey! An appendix of answer keys is provided in the workbook which will help the user in his or her search for correctness by comparing answers with the Answer keys provided.
