*In the wild night hours, or during the heat of the day - whenever man's thoughts whirl feverishly - then truth and fantasy, the past and the future, life and death are indiscriminately mingled on Toorberg, home of the Moolman family. So the magistrate is to learn as he investigates the strange circumstances of the death of little Noah, child of grief, who was not entirely of this world. Every day the case becomes more complex, until it challenges the very foundations of the law. It seems as if the magistrate will have to judge an entire dynasty, both the living and the dead. Everyone's guilt has to be affirmed, or denied, and this means he will have to rip open the lives of all. The Moolmans are a tribe who have long since learned how to deal with their own. Parents cut children out of their lives, shunt them aside to live as stepchildren, scrag-ends of the clan, or as city-dwellers whose names are never uttered. The Moolmans cannot forgive; not when their tribal blood is betrayed.*

*This powerful Newbery-winning classic tells the story of the great coon dog Sounder and his family. An African American boy and his family rarely have enough to eat. *Beyond the Light Barrier is the autobiographical story of Elizabeth Klarer, a South African woman and Akon, an astrophysicist from Meton, a planet of Proxima Centuri that, at a distance of about 4.3 light years, is our nearest stellar neighbor. Elizabeth was taken in his spaceship to Meton, where she lived with him and his family for four months and where she bore his child. Her life on Meton is fascinatingly*

described. Akon brought Elizabeth back to Earth after the birth of their son, and continued to visit her thereafter. Akon explained how his spaceship's light-propulsion technology operated, and how it allowed him and his people to travel across vast interstellar distances. This technology is explained in detail in the book. Elizabeth was given a standing ovation at the 11th International Congress of UFO Research Groups at Weisbaden in 1975, and her speech as guest of honor was applauded by scientists of twenty-two nations. Light Technology Publishing is proud to bring you the long-awaited American edition in both hard copy and electronic format of *Beyond the Light Barrier*, which was first published in English in 1980. A poignant novel about a biracial girl living in the suburbs of Las Vegas examines the friendships that grow out of, and despite, her race.

The Fifth Edition of *A History of the Roman People* continues to provide a comprehensive analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of the Roman Empire in Late Antiquity in A.D. 600. Clearly organized and highly readable, the text's narrative of major political and military events provides a chronological and conceptual framework for the social, economic, and cultural developments of the periods covered. Major topics are treated separately so that students can easily grasp key concepts and ideas.

*Legacy of Ash is an unmissable fantasy debut--an epic tale of intrigue and revolution, soldiers and assassins, ancient magic and the eternal clash of empires. A shadow has fallen over the Tressian Republic. Ruling families -- once protectors of justice and democracy -- now plot against one another with sharp words and sharper knives. Blinded by ambition, they remain heedless of the threat posed by the invading armies of the Hadari Empire. Yet as Tressia falls, heroes rise. Viktor Akadra is the Republic's champion. A warrior without equal, he hides a secret that would see him burned as a heretic. Josiri Trelanis Viktor's sworn enemy. A political prisoner, he dreams of reigniting his mother's failed rebellion. And yet Calenne Trelan, Josiri's sister, seeks only to break free of their tarnished legacy; to escape the expectation and prejudice that haunts the family name. As war spreads across the Republic, these three must set aside their differences in order to save their home. Yet decades of bad blood are not easily set aside. And victory -- if it comes at all -- will demand a darker price than any of them could have imagined.*

*Captain Romulus Buckle and his zeppelin crew plan to rescue their kidnapped leader from the City of the Founders, but first they must survive the war zeppelins and aliens that infest the skies of post-apocalyptic Southern California.*

*She is Helena Bosman, from a tiny little town lost in the vast expanses of the Northern Cape, but Grandpa and Grandma call her Vaselinetjie. She is their little angel from the veldt, the beginning and the end of their world. But when Vaselinetjie is ten years old, two officials from Welfare step in and she is sent away to a boarding school in Gauteng -- the orphanage where Madiba's reject children have to live. It's a strange, hard, dangerous world of scum children, bad-tempered matrons and a harsh, unfair principal; a world of smoking cigarette butts, having one's hair shaved off and making plans to run away. It's a world where no one bothers about anyone else, where you too learn not to give a damn. But as the months turn into years, there is one name that crops up again and again: Texan Kirby. And that name does strange things to Vaselinetjie's heart.*

"Vaz" is the story of Vaz Gettnor, a socially impaired, yet scientifically brilliant man. Despite his inability to relate to others, Lisanne married him in admiration for what she perceived as shy intelligence. However, she's been disappointed by the way he's settled for working as no more than a glorified lab tech with a low salary. On a farm near the Cape Colony in the early nineteenth century, a slave rebellion kills three and leaves eleven others condemned to death. The rebellion's leader, Galant, was raised alongside the boys who would become his masters. His first victim, Nicholas van der Merwe, might have been his brother. As the many layers of Andre Brink's novel unfold, it becomes clear that the violent uprising is as much a culmination of family tensions as it is an outcry against the oppression of slavery. Spanning three generations and narrated in the voices of both the living and the dead, A Chain of Voices is reminiscent of William Faulkner's Absalom, Absalom!; it is a beautiful and haunting illustration of racism's plague on South Africa.

Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

Dream Chariot

A young man, trained in the strictest sect of the Pharisees, is awakened one morning, and told that he has come into the absolute possession of a very great fortune in lands and wealth. The time may come when he may know himself and his powers more thoroughly, but never again, as on that morn, will he feel such an exultant sense of mastery over the world and his fortunes. That image seems to me to explain better than any other that remarkable outburst of literary activity which makes the Elizabethan Period unique in English literature, and only paralleled in the world's literature by the century after Marathon, when Athens first knew herself. With Elizabeth England came of age, and at the same time entered into possession of immense spiritual treasures, which were as novel as they were extensive. A New World promised adventures to the adventurous, untold wealth to the enterprising. The Orient

had become newly known. The Old World of literature had been born anew. The Bible spoke for the first time in a tongue understood of the people. Man faced his God and his fate without any intervention of Pope or priest. Even the very earth beneath his feet began to move. Instead of a universe with dimensions known and circumscribed with Dantesque minuteness, the mystic glow of the unknown had settled down on the whole face of Nature, who offered her secrets to the first comer. No wonder the Elizabethans were filled with an exulting sense of man's capabilities, when they had all these realms of thought and action suddenly and at once thrown open before them. There is a confidence in the future and all it had to bring which can never recur, for while man may come into even greater treasures of wealth or thought than the Elizabethans dreamed of, they can never be as new to us as they were to them. The sublime confidence of Bacon in the future of science, of which he knew so little, and that little wrongly, is thus eminently and characteristically Elizabethan. The department of Elizabethan literature in which this exuberant energy found its most characteristic expression was the Drama, and that for a very simple though strange reason. To be truly great a literature must be addressed to the nation as a whole. The subtle influence of audience on author is shown equally though conversely in works written only for sections of a nation. Now in the sixteenth century any literature that should address the English nation as a whole—not necessarily all Englishmen, but all classes of Englishmen—could not be in any literary form intended to be merely read. For the majority of Englishmen could not read. Hence they could only be approached by literature when read or recited to them in church or theatre. The latter form was already familiar to them in the Miracle Plays and Mysteries, which had been adopted by the Church as the best means of acquainting the populace with Sacred History. The audiences of the Miracle Plays were prepared for the representation of human action on the stage. Meanwhile, from translation and imitation, young scholars at the universities had become familiar with some of the masterpieces of Ancient Drama, and with the laws of dramatic form. But where were they to seek for matter to fill out these forms? Where were they, in short, to get their plots?

Karoliena Kapp is a child of the forest, born into a community of woodcutters. She is given the advantage of a good education, but it serves only to heighten her growing realisation that, because of the harsh injustices of poverty, there is little hope for the woodcutters. The day after her marriage to Johannes, himself of woodcutter stock, she realises that she has made the wrong choice. She may have escaped from the poverty of the forest, but she has exchanged her freedom for a cage. Alone and afraid, she leaves her husband and takes the road back to the forest.

DOWNLOADING SPIRIT presents a revolutionary new approach to the understanding of human consciousness.
