Histology Multiple Choice Questions and Answers (MCQs) PDF: Quiz & Practice Tests with Answer Key (Histology Question Bank & Quick Study Guide) includes revision guide for problem solving with 800 solved MCQs. Histology MCQ with answers PDF book covers basic concepts, analytical and practical assessment tests. Histology MCQ PDF book helps to practice test questions from exam prep notes. Histology quick study guide includes revision guide with 800 verbal, quantitative, and analytical past papers, solved MCQs. Histology Multiple Choice Questions and Answers (MCQs) PDF download, a book to practice quiz questions and answers on chapters: Blood, bones, cartilages, cell, cerebrum, cerebellum and spinal cord, circulatory system, connective tissues, connective tissues proper, digestive system, ear, endocrine system, epithelium, eye, eye: ciliary body, eye: fibrous coat, eye: iris, eye: lens and conjunctiva, eye: lens, accessory structure of eye, eye: retina, eye: vascular coat, female reproductive system, glands, immune system and lymphoid organs, integumentary system, male reproductive system, muscular tissue, nervous tissue, respiratory system, urinary system tests for college and university revision guide. Histology Quiz Questions and Answers PDF download with free sample book covers beginner's questions, textbook's study notes to practice tests. Histology practice MCQs book includes high school question papers to review practice tests for exams. Histology MCQ book PDF, a quick study guide with textbook chapters' tests for competitive exam. Histology MCQ Question Bank PDF covers problem solving exam tests from life sciences practical and textbook's chapters as: Chapter 1: Blood MCQs Chapter 2: Bones MCQs Chapter 3: Cartilages MCQs Chapter 4: Cell MCQs Chapter 5: Cerebrum, Cerebellum and Spinal Cord MCQs Chapter 6: Circulatory System MCQs Chapter 7: Connective Tissues MCQs Chapter 8: Connective Tissues Proper MCQs Chapter 9: Digestive System MCQs Chapter 10: Ear MCQs Chapter 11: Endocrine System MCQs Chapter 12: Epithelium MCQs Chapter 13: Eye MCQs Chapter 14: Eye: Ciliary Body MCQs Chapter 15: Eye: Fibrous Coat MCQs Chapter 16: Eye: Iris MCQs Chapter 17: Eye: Lens and Conjunctiva MCQs Chapter 18: Eye: Lens, Accessory Structure of Eye MCQs Chapter 19: Eye: Retina MCQs Chapter 20: Eye: Vascular

Coat MCQs Chapter 21: Female Reproductive System MCQs Chapter 22: Glands MCQs Chapter 23: Immune System and Lymphoid Organs MCQs Chapter 24: Integumentary System MCQs Chapter 25: Male Reproductive System MCQs Chapter 26: Muscular Tissue MCQs Chapter 27: Nervous Tissue MCQs Chapter 28: Respiratory System MCQs Chapter 29: Urinary System MCQs Practice Blood MCQ PDF book with answers, test 1 to solve MCQ questions bank: Erythrocytes, leukocytes, plasma, and platelets. Practice Bones MCQ PDF book with answers, test 2 to solve MCQ questions bank: Bone formation, bone matrix, bone tissues, joints, and structure of bone tissues. Practice Cartilages MCQ PDF book with answers, test 3 to solve MCQ questions bank: Classification of cartilage. Practice Cell MCQ PDF book with answers, test 4 to solve MCQ questions bank: Cell death, cell division, cell junctions, cell membrane, cell organelles: Golgi apparatus, cell renewal, cytoplasm, cytoplasmic inclusions: pigments, cytoplasmic inclusions: stored food materials, cytoplasmic organelles: endoplasmic reticulum, cytoplasmic organelles: mitochondria, cytoplasmic organelles: ribosomes, cytoskeleton, nucleus, shape, and size of human cells. Practice Cerebrum, Cerebellum and Spinal Cord MCQ PDF book with answers, test 5 to solve MCQ questions bank: Cerebellum, cerebrum, and spinal cord. Practice Circulatory System MCQ PDF book with answers, test 6 to solve MCQ questions bank: Blood vascular system. Practice Connective Tissues MCQ PDF book with answers, test 7 to solve MCQ questions bank: Adipose tissues, connective tissue cells, dense connective tissues, extracellular matrix of connective tissues, loose connective tissues, and reticular connective tissue. Practice Connective Tissues Proper MCQ PDF book with answers, test 8 to solve MCQ questions bank: Adipose tissues, dense connective tissues, loose connective tissues, and reticular connective tissue. Practice Digestive system MCQ PDF book with answers, test 9 to solve MCQ questions bank: Colon and appendix, digestive system: esophagus, gallbladder, large intestine, liver, oral cavity, pancreas and exocrine pancreas, rectum and anal canal, salivary glands and saliva, small intestine, and stomach. Practice Ear MCQ PDF book with answers, test 10 to solve MCQ questions bank: External ear, inner ear, and middle ear. Practice Endocrine System MCQ PDF book with answers, test 11 to solve MCQ questions bank: Adrenal glands, hormone and hormone receptors, hypophysis, hypophysis: adenohypophysis, hypophysis: neurohypophysis,

parathyroid glands, pineal gland, and thyroid glands. Practice Epithelium MCQ PDF book with answers, test 12 to solve MCQ questions bank: Body tissues, epithelium, and classification covering epithelia. Practice Eye MCQ PDF book with answers, test 13 to solve MCQ questions bank: Choroid, ciliary muscles and ciliary layer, conjunctiva, eyelids, lacrimal glands, cornea, elements of neural retina, fibrous coat, iris, iris stroma and layers of iris, layers of retina and pigment epithelium, lens capsule, sub-capsular epithelium, lens substance, and sclera. Practice Eye: Ciliary Body MCQ PDF book with answers, test 14 to solve MCQ questions bank: Ciliary muscles and ciliary layer. Practice Eye: Fibrous Coat MCQ PDF book with answers, test 15 to solve MCQ questions bank: Cornea, and sclera. Practice Eye: IRIS MCQ PDF book with answers, test 16 to solve MCQ questions bank: Iris, iris stroma and layers of iris. Practice Eye: Lens and Conjunctiva MCQ PDF book with answers, test 17 to solve MCQ questions bank: Lens capsule, sub-capsular epithelium, and lens substance. Practice Eye: Lens, Accessory Structure of Eye MCQ PDF book with answers, test 18 to solve MCQ questions bank: Conjunctiva, eyelids, and lacrimal glands. Practice Eye: Retina MCQ PDF book with answers, test 19 to solve MCQ questions bank: Elements of neural retina, layers of retina, and pigment epithelium. Practice Eye: Vascular Coat MCQ PDF book with answers, test 20 to solve MCQ questions bank: Choroid. Practice Female Reproductive System MCQ PDF book with answers, test 21 to solve MCQ questions bank: Corpus luteum, external genitalia, ovaries: ovarian follicles, uterine tube, and uterus. Practice Glands MCQ PDF book with answers, test 22 to solve MCQ questions bank: Classification of glands, classification on basis of morphology, classification on basis of secretory products, classification on mode of secretion, and histological structure of exocrine glands. Practice Immune System and Lymphoid Organs MCQ PDF book with answers, test 23 to solve MCQ questions bank: Immune system, and lymphoid tissues. Practice Integumentary System MCQ PDF book with answers, test 24 to solve MCQ questions bank: Dermis, glands of skin, hair, nails, and skin. Practice Male Reproductive System MCQ PDF book with answers, test 25 to solve MCQ questions bank: accessory glands of male reproductive system, corpus luteum, external genitalia, male genital duct, ovaries: Ovarian follicles, testes, testes: seminiferous epithelium, testes: seminiferous

epithelium, spermatozoa, testes: seminiferous tubules, uterine tube, and uterus. Practice Muscular Tissue MCQ PDF book with answers, test 26 to solve MCQ questions bank: Cardiac muscles, skeletal muscles, and smooth muscles. Practice Nervous Tissue MCQ PDF book with answers, test 27 to solve MCQ questions bank: Ganglia and neuroglia, grey-matter and white-matter, meninges and dura-mater, nerve fibers, nerve termination, neurons and types, and synapses. Practice Respiratory System MCQ PDF book with answers, test 28 to solve MCQ questions bank: Nasopharynx and larynx, respiratory bronchioles, respiratory epithelium, nasal cavity, trachea, and lungs. Practice Urinary System MCQ PDF book with answers, test 29 to solve MCQ questions bank: Kidney, urethra, ureter, and urinary bladder.

An invaluable self-assessment tool for emergency medicine trainees in Australasia. Emergency Medicine MCQs is an essential resource for Australasia's emergency medicine trainees. A practical self-assessment tool, the book assists trainees as they expand and refine their knowledge of emergency medicine, and will ultimately help them pass the Australasian Emergency Medicine Fellowship examination (FACEM). The multiple-choice questions in Emergency Medicine MCQs cover both the core and non-core areas in the Australasian Emergency Medicine Fellowship. Using this text, trainees can revise alone or with their peers to identify the areas in which they need further development. The curriculum is divided into three main areas where trainees require expert level of knowledge, high level of knowledge and general level of knowledge. It covers important clinical problems encountered in everyday emergency medicine practice – from cardiovascular emergencies through to obstetric and gynaecology emergencies, disaster management and toxicology. As well as being ideal for emergency medicine trainees qualifying through AECM, the book is a useful resource for GPs taking the GEM qualification through ACEM and JMOs 'on call'. Plus, this emergency medicine text is accompanied by an app – a separate product containing 180 randomised multiple-choice questions on all the topics within the book.

The range of topics which you may be questioned on during a final ENT Viva exam can be very varied. Viva Training in ENT ensures you can answer any question confidently and

comprehensively, this book provides you with over 430 examples, mirroring exactly the format of the examination questions and covering all the relevant areas of the curriculum. Dedicated chapters on topics such as rhinology, head and neck, otology and paediatrics take you through the types of scenarios that you are likely to face, often presenting you with a clinical example and asking you a range of questions to test not only your diagnostic skills, but also your supporting knowledge. Three further chapters cover the clinical section of the exam involving patients, and the operative surgery and communication skills stations. These chapters provide both example scenarios and general advice on how to impress the examiners, giving you a thorough grounding in how best to communicate your knowledge and complete tasks calmly and methodically. For each question, detailed model answers and explanatory notes are provided, along with links to relevant websites and key journal articles for further reference. Questions are supplemented with over 85 illustrations and photographs, allowing you to review real examples of the conditions about which you will be questioned. For any candidate wishing to complete the FRCS (ORL-HNS) or the DOHNS Viva with professionalism and a real depth of knowledge, this book's detail and variety of information will be invaluable. Its clear layout and topical structure also make it ideal for surgeons wishing to refresh their clinical knowledge. The purpose of this book is to guide students in answering MCQs which are a part of examination in various universities, postgraduate entrance tests and other competitive examinations. About the Author : - Dr P. L. Dhingra, Emeritus Consultant, Indraprastha Apollo Hospital, New Delhi. formerly Director, Professor and Head, Department of Otolaryngology and Head & Neck Surgery, Maulana Azad Medical College and Associated LNJP & GB Pant Hospitals, New Delhi.

Multiple-choice Questions in Otolaryngology

500 Single Best Answers in Medicine

Mayo Clinic Internal Medicine Board Review Questions and Answers

Final FRCR Part A Modules 4-6 Single Best Answer MCQS

Otolaryngology

Providing a clear explanation of the relevant medical science behind the individual medical specialties, Basic Science for Core Medical Training and the MRCP, is an indispensable part of a candidate's MRCP preparation. Directly linked to the Royal College exam, the book follows the same systems-based approach as the syllabus for accurate and effective revision. With full coverage of basic science for the medical specialities, the book features material on genetics, cellular, molecular and membrane biology, and biochemistry. Content is presented in an illustrated and easy-to-read format, ensuring that the basic science for each medical specialty is more approachable and accessible. A focus on how the basic sciences aid understanding of clinical practice is reinforced through key tables of differential diagnoses and pharmacology. Ten multiple choice questions at the end of each chapter consolidate learning and enable candidates to test their knowledge. The book also covers common examination errors and areas of misunderstanding to aid learning and help candidates avoid common pitfalls.

Best of Five MCQs for the Gastroenterology SCE is the first revision guide designed specifically for this new high-stakes exam. It contains 210 best of five questions with explanatory answers, each accurately reflecting the layout of questions in the exam. The book is divided into seven subject areas, covering all the main themes of the exam, and providing a thorough assessment of the candidate's gastroenterological knowledge. Where relevant, questions are illustrated with full colour photographs including endoscopic, radiological and histology images. Uniquely, the explanatory answers include references to guidelines and other sources to enable candidates' further reading and study.

Here is a collection of multiple-choice questions for the Membership of The Royal College of Paediatrics and Child Health Part 1 examination. There are over 300 questions organised into 10 sections and the mixture of questions attempts to reflect the wide range of topics in the current syllabus. Each question has an explanatory answer, making this book an ideal revision guide for the MRCPCH examination.

The single best answer format of questions is invaluable in assessing a trainee's clinical skills and problem-solving abilities. It allows the trainee to demonstrate application of their knowledge to clinical practice. This book comprises six sets of practice papers. Each set contains 30 single best answer questions which cover topics including clinical anaesthesia, pain and intensive care. The questions are based on the recent changes introduced to the written part of the final FRCA examination. The best possible answer to a given clinical scenario is substantiated by a detailed explanation drawn from recent review articles and textbooks in clinical anaesthesia. These questions will enable candidates to assess their clinical knowledge and skills in problem-solving, data interpretation and decision making. This book is essential study material for candidates sitting postgraduate examinations in anaesthesia and intensive care medicine. It is not only an essential guide for trainees but also an invaluable educational resource for all anaesthetists.

MCQs and EMQs for the Diploma in Otolaryngology

ENT MCQS FOR MEDICAL STUDENTS

Ophthalmology, Dermatology, ENT

This book of multiple choice questions in otolaryngology has been specifically compiled for postgraduate medical students wishing to specialize in otolaryngology, but should also be useful to medical undergraduates with an interest in the subject. Cross-references throughout to the 6th edition of Scott-Brown's 'Otolaryngology' make these books the ideal package for all medical trainees wishing to enter this specialty.

Single best answer (SBA) questions have been introduced into the FRCR Part 2A examination of the Royal College of Radiologists in the UK for the first time. This book of 600 SBA questions and explanatory answers has been written to aid students preparing for the exam by current trainees in clinical radiology, coordinated through The Society of Radiologists in Training (SRT).

Questions are grouped by topic and each topic is split into three papers of 70 questions, with explanations separated into chapters to enable readers to either attempt a whole mock exam paper or to browse question by question. The book is a bridge between a pure revision aid and a reference text, including a bibliography of useful references for further information.

Candidates for other professional exams in Radiology will find the text useful, as will and those from other specialties wishing to explore the radiological aspects of their syllabus in greater depth. This is a companion volume to Final FRCR Part A Modules 4-6 Single Best Answer MCQs by the same team.

The book " EAR, NOSE, AND THROAT: A COMPREHENSIVE GUIDE OF ENT" by M.D. WARIS MALIK. The best book of ENT for Medical Students & Clinicians. This medical reference book reviews the overall field of otolaryngology, with each chapter covering fundamental and in-depth subjects, important points for a wide range of practitioners, and useful management issues. The user-friendly Secrets style makes this resource a valuable addition to your library! Apply the latest knowledge and techniques with content completely updated by leaders in the field. Rapidly review key concepts through a question-and-answer design, bulleted records, mnemonics, "Exam Pearls," "Key Points" summaries, and commonsense tips from the creators. Enhance your reference power with a full range of well-organized essential themes in ear, nose, and throat disorders. The book also included the multiple-choice questions (MCQs) with answers for the postgraduate competitive examinations and license examinations.

ENT Board Prep is a high-yield review that is an ideal study guide for the ENT in-service and board exams. While other review guides are low yield or more of a textbook, this is quick, concise, and easy-to-use, providing everything you need to know in a easy to digest format. ENT Board Prep offers review on sections such as cancer, ear, sinus, plastics, sleep, and laryngology, as well as case studies useful for studying for the oral board exams. Written and edited by leaders in the field, this book aims to serve future residents and fellows in those crucial weeks leading up to the ENT board exam.

his proven stamp of perfection and finesse; allows broader scope of use among students and residents. Comprehensive coverage of the Subject, Subspecialties & Allied specialties in all its diversities, brilliantly linked to topics of PGMEET questions for past 30 years, updated up to 2015. Brevity and clarity allows A-Z revision of the subject irrespective of the pattern of examination; this perennial best seller should be the unequivocal choice and 'must read' for any PGMEET preparation.

Specifically written for those preparing for examinations and practitioners in travel medicine, MCQs in Travel Medicine contains over 600 multiple choice questions with detailed explanations which both teach and challenge the reader.

Questions are group by topic which is ideal for revision, enabling you to focus on specific areas including adventure travel, travellers' diarrhoea, malaria, sexually transmitted disease, and drugs used in travel medicine. The style and format of the questions mirror the format of the exam questions, and the book includes a self-test to aid revision. This easy-to-read comprehensive book is ideally suited for those in busy day-to-day practices and those preparing for examinations in travel medicine including the Certificate Exam of the International Society of Travel Medicine.

Preparing to Pass the FRCA: Strategies for Exam Success equips you with the skills of effective revision and time management to maximise your success. The book takes each element of the FRCA exam and provides tips and techniques on how to approach the different types of questions, and includes worked examples with answers, so that you can undertake your revision accordingly. It will help you to target your revision so you can cover the breadth of topics in the FRCA syllabus and ensure that you structure your revision in an efficient way, as well as helping you to approach the exam and convey your knowledge through writing or speech correctly. Taking many common problems candidates face when preparing for this exam, the book covers motivation, effective studying, managing nerves, and scheduling time to study amongst other commitments.

This book of 318 multiple-choice questions covers all major areas of otolaryngology, including controversial aspects of clinical practice as well as basic anatomy and pathophysiology. It can be used as a revision aid and contains short notes which explain the authors' reasoning.

Otolaryngology Prep and Practice

Head and Neck Surgery

MCQS in Otolaryngology

MCQs and EMQs for the Diploma in Otolaryngology - Head and Neck Surgery

MCQs for ENT

Ear, Nose and Throat (ENT) surgery has traditionally been a difficult and specialised topic in undergraduate medicine and for junior doctors. Many textbooks are too detailed for undergraduate use, or lack self assessment questions to help those wishing to underpin their learning. This concise and easy-to-read self-assessment guide aims to clarify the topic, and find and fill gaps in understanding. The multiple choice questions (MCQs) contained cover all levels of knowledge and the learning objectives of most

of the UK medical school curricula, aiding preparation for end of unit, module and final exams for ENT. This book will be a valuable companion for clinics and teaching sessions and an indispensable revision primer for graduate entry medical curricula. 'An excellent means of preparation for medical undergraduate examinations as gaps in core knowledge are quickly revealed. Further, this text is a good guide for students to identify those subject areas requiring more focused study, especially when time is short.' -

From the Foreword by Samir Soma

'Acute and Critical Care Echocardiography' is the first practical guide dedicated to helping doctors use transthoracic echocardiography to manage acutely and critically ill patients. The text provides readers with a grounding in theoretical evidence-based aspects of critical care echocardiography. The work is mapped to the new accreditation syllabus in Advanced Critical Care Echocardiography set by the British Society of Echocardiography, ensuring that it is relevant to professional standards and teaches doctors exactly what they need to know. Self-assessment questions help readers retain what they have learned and revise for exams

** This book contains 672 single best answer MCQ questions presented in 6 separate papers (112 questions per paper). * Collectively, the questions assess (1) essential facts (2) application of clinical knowledge and (3) evaluation of clinical information. The Diploma in Otolaryngology - Head & Neck Surgery (DOHNS) is now an intercollegiate examination, and can count towards membership of one of the surgical colleges of Great Britain. The DOHNS has evolved to fit its new role, leaving little up-to-date material available for candidates preparing for the written component. This book by former DOHNS candidates meets that need, focusing on topics that are likely to be examined. Each answer is accompanied by an explanation using current evidence-based research wherever possible. This will be an essential revision text for all DOHNS candidates. 'Applicable to medical students and trainee doctors in general practice as well as ENT and related head and neck disciplines such as neurology and neurosurgery. Each question is followed by the correct answer and clear and concise explanation. Indeed, it is the quality of this additional information that makes this book stand out from its competitors. It provides the student with experience and examination technique in answering these questions, but additionally it is a teaching volume in its own right. It is a credit to its enthusiastic and very competent young teachers in its content, design and clarity, and is another excellent contribution to our thriving specialty.'* - from the Foreword by David Howard

Completely revised, this fifth edition of Bailey's Head and Neck Surgery – Otolaryngology

offers the most current and useful evidence-based information available for the practicing otolaryngologist and otolaryngology resident. Written to increase the reader's understanding, retention, and ability to successfully apply the information learned, this easy-to-read text contains concise, practical content on all areas of head and neck surgery in Otolaryngology. With 207 concise chapters, over 3,000 four-color illustrations, helpful summary tables, and supplemental video segments everything about this two-volume reference is designed to enhance the learning experience. There's even a Study Guide included to help the reader benchmark progress. This is the tablet version which does not include access to the supplemental content mentioned in the text.

The book aims to help all students preparing for various postgraduate entrance examinations and all the undergraduate students preparing for their professional examinations. Postgraduate students can also use it for a quick revision of ENT concepts

Companion volume to: Mayo Clinic internal medicine board review. 10th ed. c2013.

Each book in this series is prepared by senior medical students or junior doctors under faculty supervision to give them the correct level of information perfectly tailored to current curricula requirements. The series now includes improved pedagogic features and a fully revised self-assessment section.

Emergency Medicine MCQs

Preparation for the FRCS (ORL-HNS)

Single Best Answer (SBA) examinations are an increasingly popular means of testing medical students and those undertaking postgraduate qualifications in a number of subject areas. Written by a final year medical student, junior doctors and experienced clinicians, 500 Single Best Answers in Medicine provides invaluable guidance from authors who unde

Ear, Nose and Throat at a Glance provides a highly-illustrated, accessible introduction to this practical but complex topic, which is increasingly encountered in every-day outpatient settings, as well as surgical departments. Each double-page spread diagrammatically summarises the basic science relating to each anatomical area, outlines practical guidelines on the examination of patients, and provides an overview of the most common disorders and diseases. This brand new title in the best-selling at a Glance series features high-yield information on all the topics covered at medical school, and includes: Advice on clinical skills, practical examinations and procedures, such as otoscopic examinations, and

tuning fork tests Comprehensive illustrations showing anatomy and mechanisms of hearing Assessment, management and treatment of both chronic and acute conditions ENT trauma and emergencies Multiple Choice Questions (MCQs) and Extended Matching Questions (EMQs) to help test learning Ear, Nose and Throat at a Glance is the ideal companion for anyone about to start the ENT attachment, or 'special senses' rotation, and will appeal to medical students and junior doctors, as well as nurses, audiologists and other health professionals.

The Diploma in Otolaryngology - Head & Neck Surgery (DOHNS) is now an intercollegiate examination, and can count towards membership of one of the surgical colleges of Great Britain. The DOHNS has evolved to fit its new role, leaving little up-to-date material available for candidates preparing for the written component. This book by former DOHNS candidates meets that need, focusing on topics that are likely to be examined. Each answer is accompanied by an explanation using current evidence-based research wherever possible. This will be an essential revision text for all DOHNS candidates.

The syllabus for the FRCS (ORL-HNS) is vast, and a sound preparation for the exams has traditionally involved assimilating knowledge from a wide range of sources. This book provides a focussed guide for exam candidates. More than a question and answer book, this book is a coaching manual. Each section features a combination of model answers, pearls of wisdom, checklists and pointers for further reading. Detailed advice is provided for both Part 1 and Part 2 of the examination. Viva topics that have featured in the exam in recent years have been included, and have then been supplemented by invaluable editorial contributions from leaders in each of the subspecialties. Trainees frequently comment that exam preparation is an enlightening process and the knowledge gained would have served them well during their time as an ENT registrar or Otorhinolaryngology resident. This book will also serve as a valuable learning tool for trainees as early as ST3 and facilitate their development of effective and safe clinical practice.

SGN. The book Otorhinolaryngology- ENT For Medical Students-MCQs covers objective questions with answers. With over 1000 questions, MCQs and EMQs in Surgery is the ideal self-assessment companion guide to Bailey & Love's Short Practice in Surgery. The book assists readers in their preparation for examinations and to test their knowledge of the principles and practice of surgery as outlined within Bailey & Love. Sub-divided into 13 subject-specific sections, both MCQs and EMQs provide a comprehensive coverage of the surgical curriculum as well as the core learning points as set out in Bailey & Love: Each section emphasises the importance of self-assessment within effective clinical examination and soundly based surgical principles, while taking into account the latest developments in surgical practice. MCQs and EMQs in Surgery is an excellent companion to Bailey & Love and provides a valuable revision tool for those studying for MRCS.

The new edition of The Best of Five MCQS for the European Specialty Examination in Gastroenterology and Hepatology is a question book designed to assist in preparations for the ESEGH. The book has been fully updated to reflect the structure and content of the new examination introduced in 2018 and the most recent guidelines.
