Primitivo "Tibo" Mijares was Ferdinand Marcos's prized "media czar" and chief propagandist until his defection in 1975. In 1972, Tibo moved to the Marcos-controlled Daily Express and assumed the presidency of the National Press Club of the Philippines and chairperson of the Media Advisory Council, effectively becoming--in his own words--"the sole conduit between the military government and the practicing media." In 1975, Tibo defected. He knew too much and so informed a Congressional Committee in the United States, in June 1975. Despite Marcos's efforts to stop its publication, The Conjugal Dictatorship was published in 1976. A year after the publication of the book, Tibo was never heard from again and was declared legally dead years later. Tibo's youngest son, Luis Manuel, was abducted, tortured, and later found murdered and mutilated in 1977, as a result of the publication of The Conjugal Dictatorship. He was 16 years old.

With these two passionate, vividly realistic novels, The Pretenders and Mass, F. Sionil José concludes his epochal Rosales Saga. The five volumes span much of the turbulent modern history of the Philippines, a beautiful and embattled nation once occupied by the Spanish, overrun by the Japanese, and dominated by the United States. The portraits painted in The Samsons, and in the previously published Modern Library paperback editions of Dusk and Don Vicente (containing Tree and My Brother, My Executioner), are vivid renderings of one family from the village of Rosales who contend with the forces of oppression and human nature. Antonio Samson of The Pretenders is ambitious, educated, and torn by conflicting ideas of revolution. He marries well, which leads to his eventual downfall. In Mass, Pepe Samson, the bastard son of Antonio, is also ambitious, but in different ways. He comes to Manila mainly to satisfy his appetites, and after adventures erotic and economic, finds his life taking a surprising turn. Together, these novels form a portrait of a village and a nation, and conclude one of the masterpieces of Southeast Asian literature.

The Molave and the Orchid, and Other Children's Stories

*This is about a man, his lost love, the imperfect world he lives in, and how he finds his true love after he discovers his true self and life’s purpose when he realized that much of the world’s imperfections are caused by lack of love for others, fueled by greed and selfishness, which cause social cancer. Anton Hinirang was unhappy for the last twenty-four years, after losing his first and only love, when Marian’s parents forced her to marry someone with money and stature. Decades later, not even success could make Anton happy. When his unhappiness was complicated by tragic events that happened to his father and two siblings, caused by his country’s social ills, it woke and changed Anton forever. It led to his self-discovery of his life’s purpose, which in turn led him to find his true love. In its core, the story is about love, how its absence can render a person’s life unhappy and miserable, and how lack of love in people’s hearts, especially among leaders, can cause poverty and misery among many in society and the world. Alex Lacson is a bestselling author in the Philippines. He is known as a builder of hope in his country, especially among the youth. Alex believes that love is the answer to most of the problems confronting humanity today; love as expressed in kindness, compassion, generosity, fairness and justice. Though a lawyer by profession, Alex’s first passion is writing. He served as a newspaper columnist for seven years. He also worked as editor-in-chief of a lawyers’ magazine for a few years before he wrote in 2005 his first book, which became an instant national bestseller in the Philippines. Alex is a graduate of the College of Law, University of the Philippines. In 2002, he took a short summer program at Harvard Law School, Harvard University, Cambridge, Massachusetts, US. He also took a leadership training at Haggai Institute, Singapore in 2007.*

*With Dusk (originally published in the Philippines as Po-on), F. Sionil Jose begins his five–novel Rosales Saga, which the poet and critic Ricaredo Demetillo called "the first great Filipino novels written in English." Set in the 1880s, Dusk records the exile of a tenant family from its village and the new life it attempts to make in the small town of Rosales. Here commences the epic tale of a family unwillingly thrown into the turmoil of history. But this is more than a historical novel; it is also the eternal story of man's tortured search for true faith and the larger meaning of existence. Jose has achieved a fiction of extraordinary scope and passion, a book as meaningful to Philippine literature as One Hundred Years of Solitude is to Latin American literature. "The foremost Filipino novelist in English, his novels deserve a much wider readership than the Philippines can offer."--Ian Buruma, New York Review of Books "Tolstoy himself, not to mention Italo Svevo, would envy the author of this story."--Chicago Tribune*

*In June 2016, Rodrigo Duterte won the Philippine presidential election by a landslide. Infamous for his bombastic temper and un-PC wisecracks, he is waging a brutal drug war that has killed more than 12,000 people so far. Over the last nine years, British writer Tom Sykes has travelled extensively in the Philippines in order to understand the Duterte phenomenon, interviewing friends and enemies of 'The Punisher' - as he is known - in politics, the media, the arts and civil society. Sykes witnesses anti-government demonstrations in the capital Manila and visits the provincial city of Davao, where Duterte began his crusade against crime using police and vigilante death squads. By delving into Duterte's troubled childhood of violent rebellion, Sykes discovers what motivates the man today in his pursuit of a merciless 'war on the poor' - as Amnesty has described it - that has no end in sight. The Realm of the Punisher also examines oppressed and marginalized groups in the modern Philippines through encounters with a transgender rights campaigner, an 86-year-old former sex slave to the Japanese in the Second World War, a public artist who must work while under attack from Maoist rebels, and slum-dwellers resisting violent eviction by a real estate company. The past is never far away from these present-day problems and Sykes' travels to festivals, cemeteries, war memorials and a tomb housing an embalmed corpse reveal the ways in which key figures in Philippine history - from José Rizal to Ferdinand Marcos - have influenced current affairs. Funny, tragic, enlightening and uncompromising - and infused with the author's strong sense of social justice - The Realm of the Punisher is the first major travel book by a Westerner to explore Duterte's Philippines.*

" A taut, fraught, look at tragedy, its aftermath, and the stories we tell ourselves to survive. With suspense, dread, and always the possibility for redemption, we watch as Zambrano flips the cards of chance and fate. " — Justin Torres, author of We The Animals
In Lotería, the spellbinding literary debut by Mario Alberto Zambrano, a young girl tells the story of her family ’ s tragic demise using a deck of cards of the eponymous Latin American game of chance. With her older sister Estrella in the ICU and her father in jail, eleven-year-old Luz Castillo has been taken into the custody of the state. Alone in her room, she retreats behind a wall of silence, writing in her journal and shuffling through a deck of lotería cards. Each of the cards ’ colorful images—mermaids, bottles, spiders, death, and stars—sparks a random memory. Pieced together, these snapshots bring into focus the joy and pain of the young girl ’ s life, and the events that led to her present situation. But just as the story becomes clear, a breathtaking twist changes everything. By turns affecting and inspiring, Lotería is a powerful novel that reminds us of the importance of remembering, even when we are trying to forget. Beautiful images of lotería cards are featured throughout this intricate and haunting novel.

From Naipaul ’ s India to the last days of Hong Kong, and from the ghosts of Pearl Harbor to Benazir Bhutto, Buruma delivers an engaging and incisive look at the ways East and West understand—and misunderstand—each other. At home in both worlds, Buruma traverses the realms of journalism, literary criticism, and political analysis, to examine the dialogue of fact and fantasy that affects our perception of far-away lands. Whether deconstructing the films of Satyajit Ray or the novels of Yoshimoto Banana, Buruma offers a splendid counterbalance to fashionable theories of clashing civilizations and uniquely Asian values. In twenty-five illuminating, often humorous essays, The Missionary and the Libertine shows us why Buruma ’ s reputation for writing the most compelling commentary on the faultlines of the East-West divide is so secure.
