Increasingly, writing handbooks are seen as over-produced and overpriced. One stands out: The Broadview Guide to Writing is published in an elegant but simple format, and sells for roughly the price of its fancier-looking competitors. That does not change with the new edition; what does change and stay up-to-date is the book's contents. For the sixth edition the coverage of APA, Chicago, and CSE styles of documentation has been substantially expanded; the MLA section has now been fully revised to take into account all the 2016 changes. Also expanded is coverage of academic argument; of writing and critical thinking; of writing

about literature, of paragraphing; of how to integrate quoted material into one's own work; of balance and parallelism; and of issues of gender, race, religion etc. in writing. The chapter "Seeing and Meaning: Reading (and Writing About) Visual Images" is entirely new to the sixth edition.

The engaging first edition of *The Canadian Writers World: Essays*, takes a systematic approach to the basics of essay writing through the steps of exploring, developing, revising and editing. It enhances cultural literacy by encouraging students to think about the world and their place in it through examples that expand their students' knowledge of history, literature, arts, science, and workplace issues. It focuses on the essential building blocks to effective written communication: exploring, developing and revising and editing. The content, form, structure and pedagogy of the text

*This book is a multi-disciplinary anthology about the role of female figures in dystopian narratives. Such female figures, from all stages of life, are often critical to these narratives, positing females as particularly powerful heroines or catalysts to action, especially in young adult manifestations, such as The Hunger Games and Divergent trilogies, among others. This book explores the totality of these rich and varied roles, from fiction to television to film. This collection will capture the interest of scholars and students in popular culture,*

Margaret Laurence Writes Africa and Canada is the first book to examine how Laurence addresses decolonization and nation building in 1950s Somalia and Ghana, and 1960s and 1970s English Canada. Focusing on Laurence's published works as well as her unpublished letters not yet discussed by critics, the book articulates how Laurence and her characters are poised between African colonies of occupation during decolonization and the settler-colony of English Canada during the

implementation of Canadian multiculturalism. Laurence's Canadian characters are often divided subjects who are not quite members of their ancestral "imperial" cultures, yet also not truly "native" to their nation. Margaret Laurence Writes Africa and Canada shows how Laurence and her characters negotiate complex tensions between "self" and "nation," and argues that Laurence's African and Canadian writing demonstrates a divided Canadian subject who holds significant implications for both the
