A profound book of essays from a celebrated master of the form. "Darkness is not empty," writes Teju Cole in Black Paper, a book that meditates on what it means to sustain our humanity—and witness the humanity of others—in a time of darkness. One of the most celebrated essayists of his generation, Cole here plays variations on the essay form, modeling ways to attend to experience—not just to take in but to think critically about what we sense and what we don't. Wide-ranging but thematically unified, the essays address ethical questions about what it means to be human and what it means to bear witness, recognizing how our individual present is informed by a collective past. Cole's writings in Black Paper approach the fractured moment of our history through a constellation of interrelated concerns: confrontation with unsettling art, elegies both public and private, the defense of writing in a time of political upheaval, the role of the color black in the visual arts, the use of shadow in photography, and the links between literature and activism. Throughout, Cole gives us intriguing new ways of thinking about blackness and its numerous connotations. As he describes the carbon-copy process in his epilogue: "Writing on the top white sheet would transfer the carbon from the black paper onto the bottom white sheet. Black transported the meaning."

Considering studying history at university? Wondering whether a history degree will get you a good job, and what you might earn? Want to know what it's actually like to study history at degree level? This book tells you what you need to know. Studying any subject at degree level is an investment in the future that involves significant cost. Now more than ever, students and their parents need to weigh up the potential benefits of university courses. That's where the Why Study series comes in. This series of books, aimed at students, parents and teachers, explains in practical terms the range and scope of an academic subject at university level and where it can lead in terms of careers or further study. Each book sets out to enthuse the reader about its subject and answer the crucial questions that a college prospectus does not.

The skills required to write an essay are the same skills required to write a speech, to prepare a persuasive argument, to prove a point, or to explain an idea. If we can help our students acquire these skills as we teach "the essay," we will have assisted them in accomplishing truly valuable life skills.

Essay Writing contains easy-to-incorporate lessons along with tips for teaching specific concepts that range from pre-writing exercises to revising and editing to celebrating the final product. This down-to-earth look at the foundations of good essay writing is full of useful ideas and strategies that help students: build skills in writing on a wide range of topics; distinguish between formal and informal writing; use effective pre-writing techniques such as brainstorming, making an outline,gathering information, and evaluating the relevance of information; gain confidence as they begin to recognize what works and what doesn't. The book incorporates a wide range of innovative approaches to teaching essay writing — from how to "picture" and "act out" an essay to a winning format for a topic sentence and using scattergrams to turn brainstorming into constructive outlines. Throughout the book, assessment tools and marking keys support simple marking techniques that consider not just the final essay, but effort and time on task.

APA/MLA Guidelines provide writers with the information that they need to present their research findings correctly in APA/MLA formatted papers. Because both styles require in-text citations, confusion may set in when writing a paper in MLA.

The use of the Guideline will allow you to decide quickly between APA: (Johnson, 2010) or MLA: (Johnson 25). Such information at your fingertips will end the waste of time searching for information and allow you to present a strong credible paper.

A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.

This new volume is the first to focus entirely on automated essay scoring and evaluation. It is intended to provide a comprehensive overview of the evolution and state-of-the-art of automated essay scoring and evaluation technology across several disciplines, including education, testing and measurement, cognitive science, computer science, and computational linguistics. The development of this technology has led to many questions and concerns. Automated Essay Scoring attempts to address some of these questions including: *How can automated scoring and evaluation supplement classroom instruction? *How does the technology actually work? *Can it improve students' writing? *How reliable is the technology? *How can these computing methods be used to develop evaluation tools? *What are the state-of-the-art essay evaluation technologies and automated scoring systems? Divided into four parts, the first part reviews the teaching of writing and how computers can contribute to it. Part II analyzes actual automated essay scorers including e-rater™, Intellimetric, and the Intelligent Essay Assessor. The third part analyzes related psychometric issues, and the final part reviews innovations in the field. This book is ideal for researchers and advanced students interested in automated essay scoring from the fields of testing and measurement, education, cognitive science, language, and computational linguistics.

The Mark on the Wall is the first published story by Virginia Woolf. It was published in 1917 as part of the first collection of short stories written by Virginia Woolf and her husband, Leonard Woolf, called Two Stories.

It was later published in New York in 1921 as part of another collection entitled Monday or Tuesday.

George Orwell set out ' to make political writing into an art ' , and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell ' s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell ' s Essays series, Orwell takes aim at the language used in politics, which, he says, ' is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind ' . In an age where the language used in politics is constantly under the microscope, Orwell ' s Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In Lying, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

Essay Writing is a student guide with a mission: to enable students to write better essays and get the grades they deserve by demystifying the essay-writing process. MunLing Shields places essay writing within the larger university experience for students. In a clear and easy to understand way the author guides the reader through the process of writing successful university essays by looking at essay writing in the context of academic communication, academic culture and different learning styles and approaches. This book: Helps students study more independently and learn more meaningfully to write better essays Offers invaluable insights into the way tutors see essays Explains why essays are set, and how to understand the rationale behind them Demonstrates how best to approach answering the question. This highly accessible book offers practical, in-depth guidance on each of the stages of the essay writing process - planning, drafting and editing - and relates them to the important sub-skills of information-gathering, reading academic texts, how to get the most out of lectures, referencing and citations, and fluency and appropriateness of style and language. Presenting Ideas in All Subject Areas

Called "a feminist classic" by Judith Shulevitz in the New York Times Book Review, this pathbreaking book of literary criticism is now reissued with a new introduction by Lisa Appignanesi that speaks to how The Madwoman in the Attic set the groundwork for subsequent generations of scholars writing about women writers, and why the book still feels fresh some four decades later. "Gilbert and Gubar have written a pivotal book, one of those after which we will never think the same again."--Carolyn G. Heilbrun,

Washington Post Book World

Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of nine separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

For more than fifteen years, the manuscript editing department of the Press has overseen online publication of the monthly "Chicago Manual of Style" Q&A, choosing interesting questions from a steady stream of publishing-related queries from "Manual" users and providing thoughtful and/or humorous answers in a smart, direct, and occasionally cheeky voice. More than 28,000 followers have signed up to receive e-mail notification when new Q&A content is posted monthly, and the site receives well over half a million visitors annually. "But Can I Start a Sentence with But ? " culls from the extensive Q&A archive a small collection of the most helpful and humorous of the postings and provides a brief foreword and chapter introductions. The material is organized into seven chapters that cover matters of editorial style, capitalization, punctuation, grammar and usage, citation and quotation, formatting and other non-language issues, and a final chapter of miscellaneous items. Together they offer an informative and amusing read for editors, other

publishing professionals, and language lovers of all stripes."
