Since 1992, Michael Howell's Guides to Entrance awards at Canadian universities and colleges have made him the best source of information for parents and students seriously seeking financial aid for higher education. These guides, each looking at a specific region of Canada, contain a complete listing of entrance awards for post-secondary education offered by universities, colleges, community groups, professional associations, businesses, and other agencies. In each guide, in addition to listing what aid is available, Howell analyses the type of person institutions give awards to (marks are seldom the only measure), and offers advice on the importance of extracurricular activities and community service that develop the right personal profile. He explains how to create a personal network to improve your chance for success. Howell also evaluates registered education saving plans as a method of financing post-secondary education. For high-school students and their parents, these guides offer proven, practical advice on one of the greatest challenges of student life: affording it.

Beginning with 1953, entries for Motion pictures and filmstrips, Music and phonorecords form separate parts of the Library of Congress catalogue. Entries for Maps and atlases were issued separately 1953-1955.

There has been a shift of policy at board level. Cash is needed and Alex Rogo's companies are to be put on the block. Alex faces a cruel dilemma. If he successfully completes the turnaround of his companies they can be sold for the maximum return: if he fails they will be closed down. Either way Alex and his team will be out of work. It looks like lose-lose, both for Alex and for his team. And as if he doesn't have enough to deal with, his two children have become teenagers. As Alex grapples with problems at work and at home, we begin to understand the full scope of Eli Goldratt's powerful techniques. It's Not Luck reveals more of the Thinking Process-techniques that consistently produce win-win solutions to seemingly impossible problems.
