The Disciplined Bettor

Thinking, and betting, like the pros "Most people in sports betting are looking at things the wrong way." - Peter Webb, founder of Bet Angel "Some people only ever seem to want to hit the sexy six, and not take the singles" - Compton Hellyer, founder of Sporting Index This is a book that teaches you how to bet on sports with the same discipline and mindset as the professionals. Lots of books and websites give advice on profitable strategies - and tipsters and systems proliferate. But this is the only guide that helps you make your trades and bank your wins for the long term, avoiding the perennial dangers of overconfidence, irrationality and emotion. However successful your selections, you are never safe from crippling losses until you know how to bet with the clear head and calm approach of the masters. The simple fact is that most people betting on sports lose over the long term. Performance errors currently hamper the majority of bettors: they lose their bets because they first lose their heads. The

only answer is to think differently. With chapters ranging across motivation, performance analysis, the betting process and going pro, this book is the definitive guide to achieving this: - Use dozens of exercises to sharpen your thinking and refine your betting processes. - Share in the exclusive insights of professional sports bettors, who reveal for the first time how they have built successful gambling careers. - Benefit in every chapter from one-to-one training from the author, a professional sports and trading performance coach. Sports Betting to Win is your own personal course for establishing a firm psychological foundation for long-term betting success.

Learn how to bet on sports safely, smartly, and responsibly—and profit big—with this easy-to-use guide, perfect for beginners! Betting money on sports can be great fun and is a sure way to turn any sports game into an exciting must-watch event. However, it can be dangerous to the uninitiated—new gamblers can risk too much, bet randomly, or even lose it all. The Everything Guide to Sports Betting won't let that happen. Filled with tips, tricks, and tactics, this handy guide shows you how to place bets strategically. You'll learn all of the different types of bets you can make, how to spot a potentially profitable bet, and when to walk away. Covering all of the major sports leagues, The Everything Guide to Sports Betting will introduce you to the sports betting world and show you how to beat the casinos at their own games. In no time, you'll be a gambling pro—and cash in on some major wins!

How do sportsbooks make their lines? Which types of bets are the best? Can you beat the house? The Logic Of Sports Betting answers all these questions and more with a dash of humor and a whole lot of real talk about how it all works. Peek behind the counter and learn how sportsbooks operate. Combine that insider knowledge with why-didn't-I-think-of-that sports betting logic, and you have the winning formula. Ed Miller is a best-selling (over 300,000 copies sold) author of books on poker and gambling. This is his first book on sports betting, but maybe his favorite book to write so far. Matthew Davidow is a sports modeler, using proprietary methods to beat major sports betting markets for over 15 years, and co-founding two leading private sports analytics firms along the way. What people are saying about The Logic Of Sports Betting "Matt and Ed are two of the smartest minds in sports betting." - Rufus Peabody, professional sports bettor "As a sportsbook employee for 30-plus years, I find it difficult to read or watch anything about sports betting. But I could not put The Logic Of Sports Betting down. It's that good." - Robert Walker, Las Vegas bookmaker

In any other game you can learn how the pros play by watching them. Not in sports betting. You can watch the "experts" on television forever and not learn a thing. This book fixes that, and I'll let this independent review from the sharpest guys in the world explain why: <https://tinyurl.com/ycwvewgu>

Sports Ticket is the ultimate guide to the premier British and selected international sporting events for 2005, and plenty more besides. and venue, this book will make a visit to the action hassle free and more fun. showpieces in sport as well as enhancing the experience of regular events. Comprehensive guides include pointers, parking tips and travel information. If you want to make a holiday out of your sporting trip, the book provides tips on other local attractions, city information and recommendations for accommodation, wining and dining. World sporting action is also covered. 2005 features top European drama with home nations football teams in World Cup qualifying matches and far flung adventures with the British Lions in New Zealand. is an in-depth appendix to cover all the nagging pieces of information so often forgotten.

Rivals is both the ultimate directory of football derbies and a collection of the stats that 'really matter' for the English League Clubs. Forget the dry and oft-quoted football facts, 'Rivals' arms the reader with a completely new set of fan-based stats. Find out which club has the highest 'nutter rating' (arrests per 1,000 attendance), or the worst 'Your ground's too big for you' ranking! Which club offers their supporters the worst 'Fans' value-for-money' (admission price as a ratio of 5 year league position!) There are many intriguing, often funny, stories behind the web of little publicised, though frequently intense, rivalries between clubs and fans. With many contributions from supporters, the book examines the extraordinary cult of British Football Derbies, looking at the inter-town and regional biases, stereotypes, and opinions that fans have about their footballing rivals. At 240pp, Rivals is a light-hearted collection of statistics, fans' testimony

and boundless trivia. The book uncovers the amusing, bizarre, and sometimes alarming portraits of the intensity of fans' feelings, and the way in which they perceive other teams, towns and cities. It has a clear format pulling together diverse facts. Attractively designed with information given under headings allowing the reader to compare various facts on a club-to-club basis, the text can be read from cover to cover or dipped into.

Bringing together preeminent international researchers, emerging scholars and practitioners, Paul M. Pedersen presents the comprehensive Encyclopedia of Sport Management, offering detailed entries for the critical concepts and topics in the field.

This is a must-read if you are interested in betting on sports now that it's legal in the United States. Author Sean Ryan, host of the top-rated "Get Paid: Fantasy, Gambling and Daily Fantasy" and "Functional Sportsaholic" podcasts, introduces readers to betting concepts by sharing his own experiences learning the gambling ropes. After explaining the basic principal of betting on sports, Sean explains popular strategies for betting on the NFL, NBA and MLB. Lastly, Sean guides readers on how to create a winning betting strategy based on key metrics and insider tips.

Essential Football Fan

In the world of sports betting, football is king. Now you can get in on the action by reading this straight-to-the-point guide to learn invaluable strategies and tips for the upcoming football season. By getting the inside scoop on all aspects of gridiron gambling - gathered from the pioneers of sports betting to today's hottest online sources to the author's experience as a handicapper - you will learn how to develop your own winning system, including how to determine which of the dozens of different wagers available to you offer the best chances of winning and which are sucker bets, all the angles surrounding point spreads, aka "the line," including how to work certain "key" numbers, determine the best times to play the favorite and when to take the underdog, and other ways to give you an edge. The pros and cons of betting with a Las Vegas sports book, an Internet outlet or a local bookie are explained here, as well as the best print and electronic sources to acquire information essential to the success of any system, including power ratings, injury reports, weather projections and other vital game-day factors. There are even proven approaches to managing your money so that you turn a profit throughout the season. Whether you are an experienced bettor always on the hunt for new tricks or you just want to graduate from tossing a few bucks in the office pool to placing real wagers with real bookies, The Inside Scoop on Football Betting is for you.

Sports betting can be attacked intelligently. Smart sports bettors do not gamble the same way as tourists play roulette or retirees play the slot machines. Instead, smart sports bettors are making bets that they have thought through carefully with supporting logic and/or research. The purpose of this book is to give you tools to succeed at sports betting, to show you how to evaluate, compare and view sports betting from an analytical perspective, not from a gambling perspective.

The Everything Guide to Sports Betting From Pro Football to College Basketball, Systems and Strategies for Winning Money Simon and Schuster

I understand, you've tried many, like everyone else! Above all, you've heard a lot about sports betting right? Who likes you and likes I love sports betting has a secret dream in the drawer, earning a living only with betting. Sometimes you are almost ashamed to think it true? All content and examination questions tailored to the revised 2020 IGCSE Cambridge International specification.

Sports betting doesn't have to be a gamble. Yes, it's still speculation but the chances of success can be maximized if one doesn't bet on a whim but develops a sound sports betting strategy. This book provides no quick fix formulas but gives you the tools and intellectual framework to develop your own sports betting strategy based on your individual knowledge and abilities. The author analyzes the game of sports betting, why most people lose and ways those common mistakes can be avoided. Basic strategies (The Underdog, The Favorite and Diversification) and their limitations are analyzed in depth and insight is provided into just about every aspect of strategic sports betting from emotional discipline to developing your own system. Ninety percent of people betting on sports lose. If this little book won't provide a fixed formula for success, it will put you that much closer to the winning ten percent.

Earn comps and avoid big losses Bet wisely, beat the house, and bring home the bucks! Crazy about casinos, but worried about losing your shirt? Relax! This hands-on guide is filled with insider secrets and tips for maximizing winnings and minimizing losses in the most popular casino games --blackjack, poker, craps, roulette, slots, and more. You get the scoop on everything from game rules and jargon to making the best bets (and knowing when to quit). Discover how to * Understand the odds * Develop winning strategies * Avoid gimmicks and bad bets * Manage your money effectively * Gamble on the Internet * Deal with the IRS

Guide to Everything about Sport Betting

Secrets of Professional Sports Betting

In collective sports it is often said that teams are more than just the sum of individual players' capabilities. In the betting industry, nevertheless, the single absence of a team's leading player usually leads to movements in the pre-game odds. Indeed, a Los Angeles FC side without Carlos Vela or an Atlanta United side without Josef Martinez will still be considered favorites against any Major League Soccer opposition in their respective conferences, though the absence of those key players will make the markets less certain. As a star player's abilities are widely known to the general public, his potential impact on the game is relatively easy to assess even by non-expert gamblers. And while the exercise of quantifying the value of a team's best player is fairly simple, it is a significantly more difficult to assess the importance of players of a lesser caliber. In this book, Martin Chamberlain will present a powerful modelling technique based on players' perceived football capabilities that will help gamblers raise their game by quantifying a team's strength on any given matchday. Inspired by the extreme lack of reliable resources targeted at novice football (soccer) gamblers, especially in this era of big data, this book will present a ratings-based modelling tool in Excel that is simple and intuitive to use on the one hand, but also statistically sound on the other. This book is the second installment of Football Data Labs' ratings models and a first take on Major League Soccer. Drawing on the significant initial interest shown by the readers of 'Premier League Betting models in Excel', this book further develops the models previously proposed and, most importantly, incorporates the constructive feedback received along the way. In the words of many of our readers, our first book on betting with ratings models turned out a 'great book for novice bettors looking to improve their profitability'. In fact, a major default of the few existing books on statistics models and betting in football is their inability to reach non-expert gamblers. Statistics in itself is a discipline that requires years of study in order for one to firstly understand the theory, and only then to be able to properly apply advanced concepts. Books teaching non-expert gamblers about negative binomial distribution and logistic

regression to just name a few of the concepts, with the help of Wikipedia articles, is not only absurd, but also dangerous for a punter's bank and betting results. Utilizing black-box functions and algorithms that one does not fully understand wrongly gives the idea that everything is under control, when in fact the punter is blind to the numerous assumptions and hypotheses standing behind those standard statistics tools. Aside, from the very few 'reliable' (to beginner gamblers) statistics sports models books out there, there is the other category of publications looking to trick novice gamblers into easy money promises with the help of unproven track records. Similarly, there are also numerous tipping services out there promising abnormally high strike rates and yields, which might sound credible to recreational gamblers, but turn out in most cases pure scams. So what should recreational gamblers turn to if the 'scientific' books are too technical and the simpler tipping services/guides are for the most part dishonest schemes? In an attempt to answer this million dollar question, Football Data Labs proudly launches the Essential Guide to Betting with Ratings Models series: a middle-ground type of publication developing sound and back-tested models presented in a friendly and intuitive manner so that they remain accessible and provide value to any recreational punter not necessarily educated in a technical field. Welcome to the 2020 edition of the Essential Guide to Betting on Major League Soccer with Ratings Models!

Advice on betting sports for beginners to experts.

Maximize your odds on the casino floor Casinos are designed for distraction, so it helps to know a bit about when the odds are in your favor and when they're not before you push a stack of chips onto a table. Professional blackjack player Kevin Blackwood and lifelong sports bettor Swain Scheps know a thing or two about casino gambling. Club Soccer 101: The Essential Guide to the Stars, Stats, and Stories of 101 of the Greatest Teams in the World

Everything any fan needs to know. Club Soccer 101 is the essential guide to 101 of the most storied soccer clubs in the world. The book covers the history of European powerhouses like Arsenal, Barcelona, Bayern Munich, Chelsea, Inter Milan, Manchester United, Paris Saint-Germain, and Real Madrid; historic South American clubs like Boca Juniors, Corinthians, Penarol, and Santos; and rising clubs from Africa, Asia, and America, including such leading MLS clubs as LA Galaxy, New York Red Bulls, and Seattle Sounders. Writing with the passion and panache of a deeply knowledgeable and opinionated fan, Luke Dempsey explains what makes each club distinctive: their origins, fans, and style of play; their greatest (and most heartbreaking) seasons and historic victories and defeats; and their most famous players—from Pelé, Eusébio, and Maradona to Lionel Messi, Wayne Rooney, and Ronaldo. With club soccer exploding in popularity, Club Soccer 101 provides everything any fan needs to know.

Dan Gordon, who is widely regarded as one of the three best football handicappers in the world, shares his inside tips and strategies on making big money betting on NFL football. Much of the information here is available nowhere else. More than 40 chapters cover basic, advanced and expert concepts that will give readers the most powerful winning information available anywhere. Readers learn how to set up betting models and use power ratings and how to separate performance from perception. Gordon shows how to beat the point spreads and money lines, and how to bet underdogs, propositions, teasers, parlays, futures, and much, much more.

Since 2019 this book exists in German, now finally the English translation of this Buyer exists! Lorenz Laplace succeeded in gaining a fortune of 20,000 EUR quite systematically through sports betting within three years with 1,000 EUR starting capital and many small bets with stakes of 20-50 EUR. Laplace gives tips in easy-to-remember rules: For example, the main betting rule, the tax-favourites rule or the crass-outsider rule. The derivation of these tips is done in an understandable way, and the calculations are very easy to follow. The core of his strategy for betting is based on the following insight: the probabilities for a sporting event cannot be calculated exactly. So, every betting provider errs in setting the odds. Some odds are too low, others are too high for the outcome. It is only necessary to recognise in which direction the betting provider errs, e.g., in favour of the underdog or the favourite. The bettor's error is analysed with the help of a four-point plan, and then the bets are placed, naturally on the events that have received odds that are too high from the bettor. In addition, Lorenz Laplace gives other decisive tips, e.g., how to optimally integrate promotions: Deposit bonuses, free bets, cashback, or combination bet insurance, etc. The book is a must for every betting enthusiast who wants to make long - term profits with betting.

"The runaway winner as the best overall gambling encyclopedia written in the past 20 years."—Detroit Free Press Walk away from every casino a winner! Take it from Mensa, the society for people with high IQs: you don't have to be a genius to triumph at the tables. Here's the inside line on the games and bets that give the best advantage. Do you know whether to split a pair of aces in blackjack, which slot machines carry the worst payback for the player, and why losses are more significant at video than "live" keno? Beat the bank by understanding all this and more, including odds and probability, the "house edge," money management, and gambling psychology. The chips will just pile up.
