"This book is intended for students in upper level, elective courses in real estate planning, finance, and transactions. It focus is on the development of new commercial real estate projects – office buildings and retail shopping projects. Its Chapters follow the sequence of development – acquiring a project site, negotiating the acquisition sales contract for it, choosing the entity to hold title to it, then taking title to it, hiring and dealing with architects and construction contractors, financing construction, finding permanent mortgage financing for it, dealing with equity investors, leasing the completed project and, when the time is right, exiting the project. Thus the text discusses the various persons and professionals who play a vital part in the development process and whom attorneys for developers should come to know, and, I hope, admire"--

A unique, international approach to optimal real estate financing Property Finance is an authoritative guide to both the financial and legal issues surrounding real estate financing. Unique in its exclusive focus on the topic, this book builds from a solid theoretical foundation to provide practical tools and real-world solutions. Beginning with a discussion of the general issues encountered in real estate finance from an international perspective, the authors delve into country-specific information and set out the legal peculiarities of eight important countries (Germany, France, Italy, Spain, China, India, England and Wales) by asking questions of relevance to the leading local law firms specializing in real estate financing. The reader may thus consider in greater depth the problems relating to any given country and compare and contrast the positions under different legal systems. Examples with numerical calculations and contract excerpts enhance the explanations presented, and are immediately followed by practical case studies that illustrate the mechanisms at work. The companion website features downloadable spreadsheets used in the examples, power point presentations, as well as real estate news and more. Property financing entails many sources of capital, including both debt and equity resources as well as hybrid forms like preferred equity and mezzanine debt. Knowing how to work with these avenues is important to ensuring financial sustainability in real estate assets. Property Finance covers the most common issues encountered, helping readers prepare for and find a way around possible roadblocks. Consider the issues surrounding real estate lending at an international level Compare and contrast the positions under different legal systems Develop an international perspective on cash flows and financing agreements Use powerful tools to structure financing and gauge its effects on property financing The success of a real estate investment is dependent upon optimal financing, and a mere bird's eye view of the topic does not fully prepare investors for issues ahead: Property Finance provides a knowledge-based approach to real estate investment, detailed information and powerful tools.

It covers the whole field of professional responsibility, focusing not only on the ABA Model Rules, but on the often-complex relationship between the rules and doctrines of agency, tort, contract, evidence, and constitutional law. Beginning with the formation of the attorney-client relationship, the book proceeds through topics including attorneys' fees, malpractice and ineffective assistance of counsel, confidentiality and privilege rules, conflicts of interest, witness perjury and litigation misconduct, advertising and solicitation, admission to practice, and the organization of the legal profession. Coverage includes all subjects that are tested on the Multistate Professional Responsibility Exam (MPRE), including: A chapter on judicial ethics, a subject tested on the MPRE and not often covered thoroughly, if at all, in law school professional responsibility courses. Updated discussion and examples based on recent developments in the law, including the ABA's simplification of the rules on advertising and solicitation, new Model Rule 8.4(g) on discrimination in the practice of law, the California Supreme Court's Sheppard Mullin opinion on advance waivers of conflicts, and continuing developments in the impact of technology on the practice of law. More MPRE-style multiple-choice questions in the Examples. New to the Sixth Edition: Revised and updated to reflect recent developments in the law having to do with lawyering, including new ABA rules, ethics opinions, and cases. New and revised examples and explanations in many chapters. Professors and students will benefit from: Comprehensive, updated coverage of all areas of professional responsibility, with attention to areas that are particularly challenging for students (as well as many practicing lawyers!), such as conflicts of interest and privilege and confidentiality. A study aid that without "teaching to the test," provides students with thorough preparation for the MPRE, which is the first licensing exam that many law students take.

A guide for home buyers and sellers that will maximize trust in agent selection, value of property, and ability for navigating a successful residential real estate transaction. The author's motive is to help his readers evaluate their decisions with simplified explanations and examples of real estate decisions and transactions.
