Too often, we move through this life on a fast track. I've never officiated, or attended a funeral where there wasn't at least some sense of surprise, or regret that "this life" had ended. Yet, we all face the time when "this life" will end. Still we rush to get, be, and do things that we hope will give us some security and assurance of our place in life. The most tragic outcome of life's fast track is the

The future of America, in many ways, depends upon an understanding of the proper role of religion in our shared life as a republic.

Discussions and debates on the topic have too often generated noise, platitudes, stereotypes,

name-calling, and the distortion of vitally important issues, instead of constructive conversation among citizens--until now. Of all the voices commenting about American religion today, none is more credible or better known than that of historian Martin E. Marty. A respected scholar, author, editor, and media commentator, he has--perhaps better than anyone else in the field--a deep grasp on the complex issues surrounding public religion.

It is easy to say we have faith in God when everything is going well. But what about when you need that prayer answered and God is not answering?

Faith Is a Way of Life is a basic blueprint for living in the Kingdom of God. From the moment you receive Jesus as Lord and are born of His Spirit, it is essential to have a clear understanding of the

significance of this decision. It is equally imperative to be aware of the major shift that occurs in your life spiritually because of the intrinsic repercussions. Otherwise, your life is filled with confusion and disappointment that God has nothing to do with, although He is the one who is mistakenly held responsible. With this broadened awareness, you experience a new dimension of perception. Then is when you realize a lifestyle change is evolving within you—from the former way you lived in the world to the new way of life in the Kingdom. You step into and encounter a culture change. And with any culture change, there are principles to learn and precepts to incorporate which bring an entirely new purpose for

living. Faith Is a Way of Life describes and explains clearly what these changes are, the rationale for these changes, and the necessity to incorporate them as a regular way of life. In God's Kingdom, we have a God who loves us, cares for us, and wants to be our God, but who has rather high expectations for us because we are His and He knows the potential of our purpose. Plus, He wants us to know how to live with Him, because He plans for us to be with Him eternally.

Elsie Moses Huck Detweiler is an educator and evangelist with a love for people, God's Word, and the Lord. She is a visionary with the remarkable ability to surround herself with people who make her dreams come true. Her touching autobiography, A Life of Faith, begins with her early years in a prosperous Pennsylvania Dutch family hit hard by the Depression. Seemingly happy on the outside, Elsie is terribly lonely and plagued by fears of death. At fifteen, she experiences personal salvation that results in life-long peace and

freedom from her oppression. Moved to share the gospel and minister to the needs of others, she and her husband pioneer alcohol rehabilitation in the days before treatment centers and personally develop two successful programs still in operation today. Tragically widowed at a young age, Elsie soldiers on with a series of remarkable ministries in the home mission field. In her own words, Elsie shares her amazing story, revealing her courage, strength, and fortitude. Inspiring and powerful, A Life of

It has been this way from the time that Cain killed his brother, through Israel's call for a king because Samuel's sons were not like him, up to the present day when children reject their parents' faith. Prolific author (37 books and counting) William Powell Tuck wants to "tell to the next generation the glorious deeds of the Lord, his might, and the wonderful things he has done" (Psalm 78:4). In this book, he

does so by answering serious questions from his grandchildren, many of whom are college age. He's not afraid to address the controversial questions with them, including current issues of politics, climate change, and human sexuality. But all of these questions are addressed from a foundation of informed Christian faith, honed through years of preaching, teaching and writing. At the same time, he addresses questions from the younger grandchildren in simpler terms. With an accessible, question and answer layout,

the reader can find direction in addressing these topics during their own family discussions, or in teaching them in small groups, Sunday School, or even from the pulpit. Every generation can benefit from this book, but those who teach will find it especially helpful. Shouldn't that be every Christian?

In what way can one think about ethical questions if one's starting point is Christian belief and a Christian view of life? This is the fundamental theme in Goran Moller's book Ethics and the Life of Faith: a Christian Moral Perspective. This book offers a contribution to a deeper understanding of morality as a human phenomenon. The author discusses how to set about

forming moral judgements. Thus he asks what role the Bible should play in Christian ethics and to what extent we can rely on our moral intuitions. As regards method the author associates himself with the contemporary phenomenological tradition.

Living life to its capacity means letting the living Son of God live through your life. He has definite plans for you and will guide you along every mile of your journey. In *Living Life*, author Frank Phillips offers a devotional guide to living life as a new Christian. Each devotional is supported by scripture and covers a different aspect of faith and living out God's desire for His children on earth. The verses are designed to strengthen your relationship with Christ through spiritual

development and offer helpful insights into applying the principles to your daily life. Weaving in poignant personal thoughts, Phillips offers a down-to-earth message about accepting Jesus Christ into your life. *Living Life* encourages you to immerse yourself in the scripture messages, leading you into a strong prayer life, disciplined Bible study, and dependence on our heavenly Father.

The question of what makes life worth living is more vital now than ever. In today's pluralistic, postsecular world, universal values are dismissed as mere matters of private opinion, and the question of what constitutes flourishing life--for ourselves, our neighbors, and the planet as a whole--is neglected in our universities, our churches, and our culture at large. Although

we increasingly have technology to do almost anything, we have little sense of what is truly worth accomplishing. In this provocative new contribution to public theology, world-renowned theologian Miroslav Volf (named "America's New Public Intellectual" by Scot McKnight on his Jesus Creed blog) and Matthew Croasmun explain that the intellectual tools needed to rescue us from our present malaise and meet our new cultural challenge are the tools of theology. A renewal of theology is crucial to help us articulate compelling visions of the good life, find our way through the maze of contested questions of value, and answer the fundamental question of what makes life worth living.

faith -- and, he says, that's strikingly similar to the prevailing situation which confronted Martin Luther 500 years ago. An excellent introduction for laypersons, Life-Changing Faith For Today examines Luther's thought to discover how relevant it remains to Christians today -- and why it is important to all people of faith, whatever their denominational background. Very simply said, the core of his message is that we do not choose God, but He chooses us. Despite our

unworthiness, salvation is ours because God loves us beyond all human comprehension. And that's why we need to rediscover Martin Luther -- since his theology is solidly rooted in both the Bible and human reality, it points us back to a radically authentic Christian faith. Monge is correct: teaching justification by faith is concentrating on a rather simple reality that gets blurred and muddied not because we who hear it are stupid but because we like to hang on

to our own efforts and achievements, and these compromise the direct address of a justifying God to our situation. That is why he wrote this book... to reach out to those who welcome growth, who have curiosity, who wish to grow in faith, and want to use Luther's life and teaching as a prism through which to view the Christian reality. Drawing on scholarship from an array of disciplines, this volume provides a deep and timely look at the intertwining of race and religion in American politics. The contributors apply the methods of intersectionality, but where this approach has typically considered race, class, and gender, the essays collected here focus on religion, too, to offer a theoretically robust conceptualization of how these elements intersect--and how

Kierkegaard's production and putting all parts into relation with each other. Additionally, he offers a distinctive analysis of the Abraham story and other biblical texts, giving particular attention to questions of poetics, language, and philosophy, especially as each relates to the aesthetic, the ethical, and the religious. Presented in a thoughtful, well-informed, and fresh manner, Hanson's claims are original and edifying. This new reading of Kierkegaard will stimulate fruitful dialogue on well-traveled philosophical ground.

These are a few of the questions I have asked as I've had to learn to live with chronic pain caused by fibromyalgia. In *Called to a Life of Pain*, I share the life lessons Abba has taught me.
