(Limelight). A Killer Life is a book about just that: the killer life of an alternative film producer who's forged her own path of success between the disparate pillars of art and commerce. Strong, steady, creative, loyal, funny, artistic, and doggedly determined to produce films that have meaning and substance and staying power in the pantheon of great cinema, Christine Vachon, a member of the Academy and born and bred on the realistic, unforgiving streets of New York City, is one of the most important people working behind the scenes in the film industry today. How did she get there? Why

do directors love her? What does it take to produce great movies? What happened on the set of Kids ? These answers and more are in her book!

It is said that cats have nine lives, most understand this as a mildly clever metaphor for the preternatural ability of felines to land on their feet. The mentally challenged Christine Falling took this saying quite literally, so much so that during her formative years she would regularly take cats up to the top of the highest buildings in her Perry, Florida neighborhood and dropped them off over the roof. Sometimes she would strangle them instead. Most of the people that came in contact with her would walk away shaking their head in disbelief at her ignorance. Stupidity would prove to be dangerous, however, as Christine would seek employment as

a babysitter. Tragically, she would soon graduate from killing cats to killing children.

Featured on Dateline and CNN, the true story of a young man destined for greatness on the football field—until a few wrong turns led him to a ten-year prison sentence. He was offered an impossible mission: Coax a confession out of a fellow inmate, a serial killer, and walk free. Jimmy Keene grew up outside of Chicago. Although he was the son of a policeman and rubbed shoulders with the city's elite, he ended up on the wrong side of the law and was sentenced to ten years with no chance of parole. Just a few months into his sentence, Keene was approached by the prosecutor who put him behind bars. He had convicted a man named Larry Hall for abducting and killing a fifteen-year-old. Although Hall was suspected of

killing nineteen other young women, there was a chance he could still be released on appeal. If Keene could get him to confess to two murders, there would be no doubt about Hall's guilt. In return, Keene would get an unconditional release from prison. But he could also get killed. A story that gained national notoriety, this is Keene's powerful tale of peril, violence, and redemption.

But before they can make any

decisions, Rafe's former boss at the TBI turns up dead. And Rick Goins, the MNPD detective in charge, seems determined to prove that Rafe had something to do with it. Detective Tamara Grimaldi, former colleague of Goins and now Chief of Police for Columbia, swears that while it might take him some time, Goins usually comes up with the right solution in the end. But with fresh victims dropping like flies, and someone seemingly doing their best to fan the flames of Goins's biases, Savannah isn't sure she can wait for the detective to come to his senses. Because while she'd like to move back to Sweetwater, she doesn't want it to be because her husband is behind bars... CONFLICT OF INTEREST - #17 Savannah is delighted to be back in her hometown of Sweetwater, surrounded by family and friends, even if it's

And Rafe is all recovered, and is working for Tamara Grimaldi and the Columbia PD, at least for the time being. That probably won't last, but for now, Savannah's content. There are flies in the ointment, however. Savannah's best friend from high school is back in town, and seems to be setting her cap for Savannah's brother Dix. Savannah has been rooting for Dix and Tamara Grimaldi to get together, and this new development doesn't make her happy. Sure, she loves Charlotte... but Charlotte already has a husband, and shouldn't need another one. She especially shouldn't need Dix, not when Savannah wants Grimaldi to have him. And then there's the case Rafe is

But no sooner have they ripped up the carpet and torn out the kitchen cabinets, than the previous owner shows up and invokes his statutory right of redemption. After four years in prison for a crime he says he didn't commit, he's back in town to clear his name, and he wants his house back. And according to Savannah's legal-eagle brother Dix, there's nothing anyone can do to stop him. Until someone drops him in his tracks,

It doesn't help that she's low-key convinced that her new neighbor, Sam Dennings, is a serial killer (he may dress business casual by day, but at night he's clearly up to something). It's not long before Phoebe realizes that Sam might be something much scarier—a genuinely nice guy who can pierce her armor to reach her vulnerable heart.
