Get ready for the kid-approved ideas that celebrate the great outdoors year round! Whether you're building forts or making fresh cider, there's something for every kid and every season. Each season is full of excitement waiting to be found and Rachel highlights the best of each one with sections for recipes, nature exploration and play, and natural history: In spring, make candied violets, spruce tip ice cream, or paper from wildflower seeds. Craft a kite, weave flower crowns, and make a DIY fairy garden! When summer comes, whip up herb-infused balms, roswater, and zucchini boats. Host a backyard camp-out, build a nature exploration pack, cast shadow drawings, sail a leaf-boat, and master giant bubbles. As the days cool for autumn, brew mulled cider, make spiced honey, and discover the deliciousness of homemade apple sauce. Plant bulbs for next year's flowers, create an autumn rainbow, or craft a felted acorn necklace. Cozy up in winter with homemade maple candy, an herbal tea blend, and learn how to set out pine cone bird feeders. Build a snow fort or try some winter stargazing followed by making paper stars. (Or for those in warmer climates, make an ice lantern!)

Unique celebrations throughout give the manga origami a reason to gather, from winter bonfires and Solstice celebrations to maple tappings and beeswax candle dippings!

Welcome to the Wonderful World of Manga Origami Origami masters Márcio Hideshi Noguchi and Seth Friedman show everything you need to know to create adorable paper characters from your favorite manga/anime stories with basic origami folding instructions and clear step-by-step diagrams. In the first section you'll learn about the paper and other necessary materials, the origami symbols and terminology, and the general folding techniques needed to create and assemble all the basic figures. In the second section you will find specific instructions for customizing each of the characters with their outfits/costumes, accessories, and unique hairstyles. Some of the twenty projects are very recognizable as Japanese manga/anime characters, such as the Ronin Samurai, Kimono-Chan, Tea Picker, and Shrine Maiden, while others, like the French Maid, Nurse, Baseball Player, and Bunny Girl are more western. Also included are some fantasy characters, like the Fairy, Ori Fighter, Santa's Helper, and Dragon Girl. Of course, characters depicting school life and summer vacation fun are here too, such as Schoolgirl, Sailor Fuku, Gym Girl, Beach Bunny, Sensei, Uki-wa Project Kid, Chan, Harem Otoko, and Neko Form. All projects are clearly marked with their difficulty level: beginner (*), advanced beginner (**), intermediate (***), advanced (****), and expert (*****). Get ready, get set, start folding. You'll want to make all 20 characters.
