In this eloquent first-person account of a family drama that changed the face of American business, the man who transformed IBM into the world's largest computer company reflects on his lifelong partnership with his father--and how their management style and shared dedication to excellence united to create a unique corporate culture that became the blueprint for the entire technology boom. In the course of sixty years Thomas J. Watson Sr. and his son, Thomas J. Watson Jr., together built the international colossus that is IBM. This is their story: a riveting and revealing account of two men who loved each other--and fought each other--with a terrible fierceness. But along with the story of a father and son, this is IBM's story too. It chronicles the management insights that shaped its course and its unique corporate culture, the style that made Thomas Watson Sr. one of America's most charismatic bosses, and the daring decisions by Thomas Watson Jr. that transformed IBM into the world's largest computing company. One of the greatest business-success stories of all time, *Father, Son & Co.* is a moving lesson for fathers who dream for their children, as well as a testament to American ingenuity and values, told in a disarmingly frank and eloquent voice. Promising to remain an important business reference as we

move into the next century, FATHER, SON & CO. takes a look at the management insight that helped to shape IBM's course and unique corporate culture. It looks at Watson, Sr., one of America's most charismatic bosses, and Watson, Jr., who spurred IBM into the computer age. Ten years after its original publication, FATHER, SON & CO. remains a uniquely honest book. Watson's willingness to write about the loving but ferociously combative relationship he had with his father and the turbulent battles behind some of IBM's most far-reaching decisions gives readers rare insights into the realities of leadership. -->

In an easily understood, beautifully illustrated style, "Daddy's Disease" helps families to navigate the difficult waters of alcoholism. Tommy doesn't know why his father doesn't show up for dinners, or soccer games or why he acts funny sometimes. Tommy thinks it's because his father doesn't want to be with him, that he hasn't been the best boy he can be, that he should try harder. But, Mommy tells Tommy that Daddy has a disease called "alcoholism." She helps Tommy, and his faithful dog Murphy, understand what this disease is and how it affects Daddy, and the whole family. She teaches Tommy that he is not responsible for Daddy's behavior and that gives Tommy the peace he needs to foster a healthy childhood. "Carolyn Hannan Bell has given a gift to thousands of children and their parents with her book: "Daddy's Disease". A wonderful book for

Like most children of alcoholics, he is confused, angry and feels it's his fault. This is where Carolyn takes over the voice of Tommy's mother and holds his hand and heart while she guides them through these difficult waters. Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops,

wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

MY DAD WAS DIAGNOSED IN the spring of 2001 with amyotrophic lateral sclerosis, ALS-Lou Gehrig's disease-a fatal illness that gradually paralyzes its victim. Three days after his diagnosis, my mother died unexpectedly from complications of a bleeding ulcer. They'd been married 58 years. My father, Woody, had always been easy going, gregarious, fun to be with; qualities that perhaps fueled my mother's emotional insecurities. Insecurities that, in turn, drove her to feel threatened by his relationship with just about everyone, including me. So, after high school, I learned to stay away. And that's what would be both so sweet and heartbreaking about the months that were to follow his diagnosis-I was finally able to spend all the time I wanted with my dad, but time was something we had little of. As a result, the months we spent together presented a rarefied window, a sliver of light that flashed across the sky like the wing of a Blue Angel. I couldn't stop the spinning clock, couldn't steal more time, but I could clutch the moments we had and pull them close. Though his life was

ending-with the death of my mother-it was also, it must be said, just beginning. After he moved from his house in Pahrump, Nevada, to a house in Los Angeles a few blocks from my wife and me and our two sons, Henry and Joe, his life changed dramatically: He became friends with Ted Danson, was virtually adopted by the cast and crew of Becker and he became close to a number of my friends, many of whom are gay-an entirely new experience for him. He spent Thanksgiving at Marsha Mason's house in New Mexico, had dinner with Shirley MacLaine, became an extra on J.A.G. and was the subject of an episode of Becker. For that, he was featured on Entertainment Tonight, E! Entertainment, in TV Guide and he was honored by the Muscular Dystrophy Association at a black tie dinner in Beverly Hills. Most important, he became a part of his grandsons' lives. After the move, he bought bunk beds for the middle bedroom of his house, so that they could stay at Grampa's on the weekends. Saturday and Sunday mornings they were greeted with pancakes, bacon and plenty of syrup. Then, while he still had strength in his arms and legs, he built for Henry and Joe a massive fort on stilts in his back yard. Later he cleared his living room of furniture to construct for them an incredible swooping, winding, looping slot car track. When I complained that he'd never built anything like that for me when I was little, he laughed and said, "Tough." Henry and Joe breathed light into his life;

they alone stole focus from the dark horizon that he faced. To be with him, to be with a parent, while they are dying, is one of the most human of experiences. It is what we are supposed to do. And while those months were difficult in a myriad of ways, they were also the richest and most rewarding of my life. They were, as well, chockablock with humor, since-as nearly any comedy writer will tell you-in the midst of great hardship, there is always funny. Though at the time, I didn't think of the experience as an "honor," as I look back, I realize that it was an honor of the highest order.

What do you do after life has handed you a wake-up call? Author Brian Seth Hurst experienced a significant professional setback, but, rather than "soldier on," he recognized it as a profound opportunity to acknowledge a deeper foundation at work in his life. It is the affirmation that there is sheer power in what one believes, and, for better or worse, those beliefs are the foundation for the reality we create. The question of "Why?"

began a thirty-day inquiry and adventure for Hurst into the unknown. The result is the book W H O L E - a collection of powerful essays that examine how beliefs serve, or do not serve, us in our lives, how those beliefs can be transformed to change our circumstances, and the power of the ultimate connection to Source. What do you do after life has handed you a wake-up call? If you decide to remain awake, then you begin looking at your life. W H O L E is your companion as you review the past, balance all areas of your life, and begin to create anew. W H O L E prompts a very personal, progressive, and conscious examination of concepts and belief systems in every area of your life, ranging from relationships, work and time, to money, the environment, morality and your purpose. It asks provocative and thoughtful questions that lead to understanding. How do you reconcile everything that has happened and is happening in your life with the one you truly want? The good and the bad, the joy and the hurt, the wins and the losses - all those parts form the experience of your life and your identity. Yet, you are much greater than the sum of all those parts. To know broken is to recognize that you are, always have been, and always will be WHOLE."

"My Days with Father Clancy" is a heart-warming story of a larger than life individual who served as a parish priest for 75 years and was able to say Mass at 100 years old, a very rare event in the history of the Catholic Church. The central focus of this humorous, witty and nostalgic story, as seen through the eyes of Father John J Clancy's all-purpose 10 year old assistant or "boy," captures the essence of life in a small town Catholic parish during the late 50s and early 60s. To say the least, Father Clancy was an extremely strong-willed Irishman deeply steeped in rich life experiences who rode herd literally rode herd over a magical shining village on the hill namely the Church, the School, and the Families---the Ultimate Trifecta. He was an authoritarian, at best a benevolent despot, who instilled fear and respect and love in those who had the privilege to know

*Friede Taylor has lived a life that legends spring from. Born in Czechoslovakia during WWII, she was left to die as a child because of the deprivations of the war. A nurse took her family into her home and saved Friede's life by giving her transfusions of her own blood. A member of the dreaded Waffen-SS and a prisoner of war, Friede's father took his own life after the war, having never told her he loved her. She married a serviceman and moved to Georgia at 19. Following the suicide of her oldest son, she had an "open-heaven" experience that assured her that God would provide for and protect her. She was widowed after 30 years. God continued to move in Friede's life, eventually leading her to marry Jack Taylor after a brief courtship. She now travels and ministers with her husband around the world. This is Friede's first book and it chronicles a life of purpose protected by God. Read Friede's story to be inspired to thrive, not just survive. God has a plan for you. Her testimony declares that a life lived by faith always overcomes!" Friede Taylor is a force to be reckoned with! If you have had the privilege to know her, you know what I mean. Once you read her story, you will know why. Sounding more like a Hollywood screenplay, this book shares the candid and personal account of how "one solitary woman" overcame intense rejection and horrendous loss only to survive and thrive, bathed in the glory of the love of God. This is the stuff heroes are made of.*

*Eddie K. Wrights memoir detailing the controversial experience of being the young father of a son who would grow up to be the gayest man on the planet! His "NO SON OF MINE!!" street gangster mentality evolves during his difficult life journey coming to realize that his responsibility as a loving father didn't change just because his son is gay. The book is scheduled for publication on June 1, 2016. In his first memoir, Eddie shares his story of becoming a father at 18 years old who realized his son was showing 'stereotypical' signs of being gay while still in diapers. Spending most of his adult life engulfed in the street gangster/hip hop culture where this subject was not only hushed, but deeply frowned upon, he gives us the voice for what's been kept silent for far too long, confronting almost every aspect of this taboo topic. It took years for him to silently accept his son's homosexuality himself, regardless of all the signs. When his son was five years old, his favorite color was pink and there was nothing Dad could do about it. By the age of fourteen; he was an internet sensation, dancing on YouTube building his fan base to guarantee his success when performing as a drag queen a few years later. Eddie addresses the questions most are scared to ask; Was there anything I could do to stop my son's homosexuality? When did I know my son was gay? What made him that way? Parents will find comfort in reading that Eddie admits that his son's feminine behaviors embarrassed him and he seriously contemplated abandonment, a choice that too many fathers feel they have to choose.*

A city that would never see the sunlight until the day of my death. I truly had nothing to live for... ...Or so I thought. For the first time in over 75 years, three of the 'lost' plays presented by the famed Group Theatre are now back in print. A huge part of American Theatrical History is now available to the public! The book features '1931-' by Claire and Paul Sifton, and 'Success Story' and 'Gentlewoman' by John Howard Lawson. Foreword by the legendary Estelle Parsons, with additional material by George Bartenieff, Jonathan Chambers, Jeffrey Lawson and Allie Mulholland. '1931-' by Claire & Paul Sifton is the story of Adam, who is fired from his

warehouse job at the start of the play. Proud and determined, he sets out to find another job, only to find hundreds of other men in the same situation. Without a paycheck, Adam soon realizes how much he has to lose; health, dignity, hope, and possibly even the young shop girl he loves. Alternately, it is the story of all the men, young and old in Adam's situation. These are the men who sleep in the parks, beg for coins and even turn to crime when there seems to be no other option. When their story and Adam's comes to a head at the gripping finale, there is only one way left to turn: revolution. One of the preeminent playwrights of the early 20th century, John Howard Lawson was the first playwright to have 2 plays presented by the Group Theatre. SUCCESS STORY is a classic tale of ambition, the American Dream and what actually constitutes "success." Set in the New York advertising agency, we follow the rise of Sol Ginsburg and his struggles for contentment, before and after, the 1929 stockmarket crash. In 1934, The Group presented Mr. Lawson's GENTLEWOMAN. It is the story of socialite, Mrs. Gwyn Ballantine, who falls for the "inspired Bohemian" Rudy Flannigan. After it is discovered her husband has been committing scandalous business deals, Gwyn is tempted to pursue her passions for the poet Flannigan, despite their conflicting social standing. Can she turn her back on her privileged status and extravagant tastes in the name of love?

*understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son.*

*Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.*

**Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.**

**My father's suspicious death, perhaps at the hands of a small town sheriff's department, forced my mother to flee our hometown--Idamay, West Virginia--a few days after he died in 1954. She was told that he'd hung himself in a jail cell in Fairmont, West Virginia, where he was being held for driving while intoxicated. She was afraid they would do something to her and leave us kids orphaned. Though we left Idamay, that town and our devastating loss followed us. My father's absence, though seldom spoken about, was "present" everywhere we turned. My mother never looked back. But when she died forty-two years later, his death came back to me in full force. I felt**

*compelled to investigate further. I'd heard conflicting stories all my life. This book documents an investigation that yields more questions than answers for the seven-year-old survivor who has an insatiable need to know. This book is about this seven-year-old whose entire life was indelibly marked by this tragic loss that she experienced when she had just reached what is often called the age of reason. Her quest for the truth takes her to places she'd never dreamed she could go. Because there is so much she doesn't know, she finds herself leaning heavily on her imagination to help her to navigate this mysterious and fatherless world.*

*Sometimes it may not be too good of an idea to look too closely into your own family background. My father told me a number of useful things that should prove beneficial to any parent pursuing the difficult task of raising their children. This book lists 35 things that my father told me that have proven useful to me during my life and will be helpful to any reader of this book. His criteria for success are marvelous.*

***the deep sense of comprehension he was documenting the fate of his people. Knowing full well that his life was in danger, Simcha chronicled the occurrences of the Holocaust on long scraps of paper, as they happened right before his eyes. The events described take place in Poland, during the first years of World War II. The author stuffed long paper scraps, written in Yiddish, into bottles and hid in them in different places. One of these bottles was discovered after the war. Simcha Guterman's work has been published and translated into eight different languages, receiving high praise from critics. The book's evocative illustrations were drawn by Yaakov Guterman, the author's son.***
