*International Migration  
Outlook 2012*

This book discusses recent theoretical and empirical developments in international migration from a gender perspective. Its main objective is to analyse the diversification and

## Read Free Federal Skilled Worker Application Guide

stratification of gendered migratory streams with regard to skill level, labour market integration, and legal status. In turn a migrant 's position in relation to these axes influences access to entitlements and rights. Conceptually, the book builds upon

## Read Free Federal Skilled Worker Application Guide

the recent shift in scholarly research on migration, with women-centred research shifting more toward the analysis of gender. Migration is now viewed as a gendered phenomenon that requires more sophisticated theoretical and analytical tools than

## Read Free Federal Skilled Worker Application Guide

sex as a dichotomous variable. Theoretical formulations of gender as relational, and as spatially and temporally contextual have begun to inform gendered analyses of migration. The contributions to this book elaborate in more detail the

## Read Free Federal Skilled Worker Application Guide

broader social factors that influence migrating women ' s and men ' s roles, access to resources, facilities and services. Empirically, all major regions are discussed, pointing to common trends such as the increasing significance of the regionalization of
