Literary ombudsman John Crace never met an important book he didnt like to deconstruct.From Salman Rushdie to John

Grisham, Crace retells the big books in just 500 biting satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions to Big Ideas, as he turns publishers golden dream books into dross. In the grand tradition of Tom Lehrer and Stan Freberg, Crace takes the books that produce the most media hype and retells each story in its authors inimitable style. Philip Roth, Don DeLillo, Margaret Drabble, Paul Auster, Alice Sebold, John Updike, Tom Wolfe, Ruth Rendell, A.S. Byatt, John LeCarre, Michael Crichton and Ian McEwan all emerge delightfully scathed in this book that makes it easy to talk knowingly about books you've never bothered to read or, for that matter, should have.

NATIONAL BESTSELLER A Book of the Year Selection for Inc. and Library Journal "This book picks up where The Tipping Point left off." -- Adam Grant, Wharton professor and New York Times bestselling author of ORIGINALS and GIVE AND TAKE Nothing "goes viral." If you think a popular movie, song, or app came out of nowhere to become a word-of-mouth success in today's crowded media environment, you're missing the real story. Each blockbuster has a secret history—of power, influence, dark broadcasters, and passionate cults that turn some new products into cultural phenomena. Even the most brilliant ideas wither in obscurity if they fail to connect with the right network, and the consumers that matter most aren't the early adopters, but rather their friends, followers, and imitators -- the audience of your audience. In his groundbreaking investigation, Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives. Shattering the sentimental myths of hit-making that dominate pop culture and business, Thompson shows quality is insufficient for success, nobody has "good taste," and some of the most popular products in history were one bad break away from utter failure. It may be a new world, but there are some enduring truths to what audiences and consumers want. People love a familiar surprise: a product that is bold, yet sneakily recognizable. Every business, every artist, every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear. Hit Makers is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty-first century—people's attention. From the dawn of impressionist art to the future of Facebook, from small Etsy designers to the origin of Star Wars, Derek Thompson leaves no pet rock unturned to tell the fascinating story of how culture happens and why things become popular. In Hit Makers, Derek Thompson investigates:

- The secret link between ESPN's sticky programming and the The Weeknd's catchy choruses*
- Why Facebook is today's most important newspaper*
- How advertising critics predicted Donald Trump*
- The 5th grader who accidentally launched "Rock Around the Clock," the biggest hit in rock and roll history*
- How Barack Obama and his speechwriters think of themselves as songwriters*
- How Disney conquered the world—but the future of hits belongs to savvy amateurs and individuals*
- The French collector who accidentally created the Impressionist canon*
- Quantitative evidence that the biggest music hits aren't always the best*
- Why almost all Hollywood blockbusters are sequels, reboots, and adaptations*

Presents the trilogy of works that follow the relationship between college student Anastasia Steele and wealthy young entrepreneur Christian Grey.

From its beginnings in Twilight fan-fiction to its record-breaking sales as an e-book and paperback, the story of the erotic romance novel Fifty Shades of Grey and its two sequels is both unusual and fascinating. Having sold over seventy million copies

worldwide since 2011, E. L. James's lurid series about a sexual ingénue and the powerful young entrepreneur who introduces her to BDSM sex has ingrained itself in our collective consciousness. But why have these particular novels—poorly written and formulaic as they are—become so popular, especially among women over thirty? In this concise, engaging book, Eva Illouz subjects the Fifty Shades cultural phenomenon to the serious scrutiny it has been begging for. After placing the trilogy in the context of best-seller publishing, she delves into its remarkable appeal, seeking to understand the intense reading pleasure it provides and how that resonates with the structure of relationships between men and women today. Fifty Shades, Illouz argues, is a gothic romance adapted to modern times in which sexuality is both a source of division between men and women and a site to orchestrate their reconciliation. As for the novels' notorious depictions of bondage, discipline, and sadomasochism, Illouz shows that these are as much a cultural fantasy as a sexual one, serving as a guide to a happier romantic life. The Fifty Shades trilogy merges romantic fantasy with self-help guide—two of the most popular genres for female readers. Offering a provocative explanation for the success and popularity of the Fifty Shades of Grey novels, Hard-Core Romance is an insightful look at modern relationships and contemporary women's literature.

Clasp her plait at the base of her neck, I tug lightly, bringing her lips up to mine. "Alessia," I breathe, and kiss her again, softly, slowly. She stills in my arms, then brings her hands up to clutch my biceps, closing her eyes as she accepts me. I deepen the kiss, my tongue teasing her lips, and she opens her mouth. She tastes of warmth and grace and sweet seduction. London, present day. Life has always been easy for Maxim Trevelyan, the "spare" to the earldom of Trevethick. With his good looks, aristocratic connections, and money, he's never had to work, and he's rarely slept alone. But all that changes when tragedy strikes and Maxim inherits his family's title, wealth, and estates, and the responsibility that entails. It's a role he's not prepared for and one he struggles to face. But his biggest challenge is fighting his desire for an unexpected, enigmatic young woman who's recently joined his staff.
