Our Advanced Level Financial Reporting Exam Room Notes 2018 provide an alphabetically-organised set of quick reference notes of relevance to both the Corporate Reporting and Strategic Business Management Advanced Level examinations. We have worked backwards from the model answers to all Advanced Level past papers, mock exams and Question Bank questions to summarise 80 highly examinable financial reporting areas into sets of key mark-scoring points - ideal to prevent you dropping easy marks by forgetting basic points and also helpful when attacking harder parts of the

questions. In addition, as it is vital to revise brought forward knowledge from FAR as part of your preparations for the Advanced Level examinations (in many Corporate Reporting examinations, brought forward FAR knowledge is worth at least as many marks as the new Advanced Level FR topics) the book also includes key model answer points from our review of all FAR past papers, mock exams and Question Bank questions to provide useful reminders - examiner feedback is often that the brought forward knowledge of candidates is weak, losing many potentially easy marks. All content is organised in a sensible alphabetical format so that you can very quickly find the content that you need. This organisation is more efficient than organisation by Study Manual chapter and should save you time in finding the

based upon a literature that for its pre-1970 decades has been largely unfamiliar to contemporary educators, researchers and practitioners alike. In addition the pieces not only provide an historical view of issues and arguments, but of actual reporting practice and audience responses. For the students and researcher, these readings offer a first-hand glimpse into the intentions of employee report producers, the critiques of observers at the time, and the requirements of employees in some instances. For report producers, managers and accountants, it reveals some of the reporting traditions that we have inherited today as well as reporting practices that have already been recommended, tried and tested in the past. The readings selected cover a sixty year period from the 1920s through to the close of the 1970s, with
