Scarred Regrets is a full-length standalone romance, but the series presents a better reading experience when following the suggested order. This series contains dark elements, including over-the-top antiheroes who do as they please. Read at your own discretion.

No one should ever go into the woods alone. Brielle has grown up listening to tales of a beast that attacks humans, leaving behind only a scattering of bones and limbs. It's probably the elders' way of keeping little children in line, but it doesn't explain her grisly premonitions of blood, claws, and severed heads.But when Brielle finds a mangled body in the woods, she begins to wonder if the grim stories may actually be true. Soon, Lord Kenrick, Knight of the Crowhurst Order, arrives asking questions about the legendary monster. Brielle's attraction to him is immediate and undeniable. She volunteers to help him search for clues to the creature's existence, despite her suspicions about his timing.As her seventeenth birthday approaches, Brielle's nightmares worsen and more villagers go missing. If Brielle doesn't figure out the connection between Kenrick, the beast, and her visions, more people will die. As Brielle falls deeper in love with Kenrick and deeper into the snares of the abominable beast, she'll become part of a legend so great, no one will ever question its validity again.

I felt like this was an urban fantasy with all the steam of a romance." - Jessie Potts, USA Today 'Happy Ever After Blog "Davis writes with confidence and poise, and the story's many twists and turns stave off predictability and allow readers to become immersed in a starkly magical world filled with last hopes." - Publisher's Weekly "Gathering Frost is just awesome in every way. Beautiful prose, lots of heart-wrenching emotion, action and romance, a great, unstoppable villain, and a smart, tough heroine who will fight for what she wants." - Geeks In High School "The writing is flawless as always and I must say, way to take a classic and make such a creative and wonderful twist to it!...It's well thought out and it unbelievably magnificent. I seriously couldn't put it down. Wait! I never actually put it down. I started and finished in one sitting because it's just that good. This one is a MUST READ." - Happy Tails and Tales Blog "I loved everything about this book! The different take on Sleeping Beauty, the strong female characters, and the overall vibe of the book/series to come. Jade is amazing and leaped off the page...This is not just a romance! It has great action scenes where Jade is kicking some major ass and there are surprises at every corner." - Hooked In A Book "I loved this book. To me is it a very loose reimagined world of Sleeping Beauty, but that is a good thing. It kept me guessing and really kept me on the edge of my seat. I stayed up late reading as I just had to know what happens next." - Michelle's Paranormal Vault of Books

If she ever died, Eva spends every day studying that girl from far away, learning what Amarra does, what she eats, what it's like to kiss her boyfriend, Ray. So when Amarra is killed in a car crash, Eva should be ready. But sixteen years of studying never prepared her for this. Now she must abandon everything and everyone she's ever known—the guardians who raised her, the boy she's forbidden to love—to move to India and convince the world that Amarra is still alive. What Eva finds is a grief-stricken family; parents unsure how to handle this echo they thought they wanted; and Ray, who knew every detail, every contour of Amarra. And when Eva is unexpectedly dealt a fatal blow that will change her existence forever, she is forced to choose: Stay and live out her years as a copy or leave and risk it all for the freedom to be an original. To be Eva. From debut novelist Sangu Mandanna comes the dazzling story of a girl who was always told what she had to be—until she found the strength to decide for herself.

He'd ride up on his white steed and break the curse I've been fated to carry since the day I was born.Funny how things changed over time. How the fairy tale twisted into something far more crooked, darker than I ever imagined.In reality, my knight is scared and broken, living alone in a castle of bones that overlooks the sea. He isn't searching for me. He never was.Lucian Blackthorne is as cursed as I am, and equally shunned by the locals, the fishers of men, who believe him to be the devil in the flesh.Perhaps he is, with the way his amber eyes draw me in, ignite me like an infernal blaze. And the sins he whispers in my ear are as wickedly intoxicating as the man himself.Yet, his touch is heaven and his will is my weakness.He calls us forbidden, an unsalvageable tragedy, with no happy end. Maybe we are. But in this story, he's the one who needs saving.Master of Salt & Bones is a dark modern gothic contemporary standalone romance.
