Brandon Sanderson is one of the most innovative and prolific authors writing today, and Tor Books is proud to share with you two of his most exciting series: The Stormlight Archive and Mistborn. This electronic sampler contains part one of The Way of Kings, book one in The Stormlight archive, and the first five chapters of Mistborn, book one of the Mistborn series. We hope that you'll enjoy this look into the rich imagination of #1 New York Times bestselling author Brandon Sanderson. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Jed is a regular kid with a normal, loving family . . . that is, if it's normal for a loving family to drop their child off in the middle of nowhere and expect him home in time for Sunday dinner. Luckily, Jed excels at being a regular kid who-armed with wit and determination-can make his way out of any situation. At least until the morning of his twelfth birthday, when

Jed wakes to discover his parents missing. Something is wrong. Really wrong. Jed just doesn't realize it's floating-city, violent-junk-storm, battling-metals, Frankensteined-scavengers kind of wrong. Yet. A cryptic list of instructions leads Jed into a mysterious world at war over . . . junk. Here, batteries and bottled water are currency, tremendously large things fall from the sky, and nothing is exactly what it seems. Resilient Jed, ready to escape this upside-down place, bargains his way onto a flying tugboat with a crew of misfit junkers. They set course to find Jed's family, but a soul-crushing revelation sends Jed spiraling out of control . . . perhaps for good.

An idealistic young prince convinces an aging warrior and a struggling witch to help him kill the dragon that is terrorizing his kingdom. As a vicious dragon stalks the Southlands, Crown Prince Gareth ventures to the forbidding North in search of the only man who can kill it. He is Lord Aversin, the Dragonsbane, whose dragon-slaying days have won him renown across

the land. But when Gareth finds Lord Aversin, he discovers the mighty hero is squat and bespectacled, the ruler of a mud-village who admits that he killed the dragon not with a lance, but with ignoble poison. Still, he'll have to do. Gareth and Aversin set off in company with Jenny Waynest, a witch with great ambitions but disappointingly puny powers—a ragtag crew destined to become legendary, or die in the attempt. This ebook features an illustrated biography of Barbara Hambly, including rare photos and never-before-seen documents from the author's personal collection.

When Calamity lit up the sky, the Epics were born. David's fate has been tied to their villainy ever since that historic night. Steelheart killed his father. Firefight stole his heart. And now Regalia has turned his closest ally into a dangerous enemy. Once the Reckoners' leader, Prof has struggled to control his Epic powers, but has now embraced his Epic destiny. Everyone knows there's no turning back... but everyone is wrong. Redemption is possible for Epics. And David is just

about crazy enough to face down the most powerful High Epic of all to get his friend back... or die trying.

***Rhythm of War Part Two***

***The Alloy of Law***

In Oathbringer, the third volume of the New York Times bestselling Stormlight Archive, humanity faces a new Desolation with the return of the Voidbringers, a foe with numbers as great as their thirst for vengeance. Dalinar Kholin's Alethi armies won a fleeting victory at a terrible cost: The enemy Parshendi summoned the violent Everstorm, which now sweeps the world with destruction, and in its passing awakens the once peaceful and subservient parshmen to the horror of their millennia-long enslavement by humans. While on a desperate flight to warn his family of the threat, Kaladin Stormblessed must come to grips with the fact that the newly kindled anger of the parshmen may be wholly justified. Nestled in the mountains high above the storms, in the tower city of Urithiru, Shallan Davar investigates the wonders of the ancient stronghold of the Knights Radiant and unearths dark secrets lurking in its depths. And Dalinar realises that his holy mission to unite his homeland of Alethkar was too narrow in scope. Unless all the nations of Roshar can put aside Dalinar's blood-soaked past and stand together?and unless Dalinar himself can confront that

past?even the restoration of the Knights Radiant will not prevent the end of civilisation. The story continues in Rhythm of War Part One.

Arlo Finch in the Valley of Fire is the first book in a spellbinding fantasy adventure series by screenwriter John August. Some trails lead to magic. Some lead to danger. As Arlo looked around, the walls of his room began to vanish, revealing a moonlit forest. Only his bed remained, and the frame of his window, through which he saw the girl. The world on her side of the glass was sparkling with silver and gold, like a palace made of autumn leaves. She looked off to her right. Someone was coming. Her words came in an urgent whisper: "If I can see you, they can see you . . . Be careful, Arlo Finch." Arlo Finch thought becoming a Ranger meant learning wilderness skills, like camping and knots. But upon arriving in the tiny town of Pine Mountain, Colorado, Arlo soon learns there's so much more. His new friends Indra and Wu teach him how to harness the wild magic seeping in from the mysterious Long Woods—a parallel realm of wonder and danger. First he must master the basics, including snaplights, thunderclaps and identifying supernatural creatures. But Arlo Finch is no ordinary Ranger, and this is no ordinary time. A dark and ancient force is sending threats into the real world . . . our world. Through perilous adventures and close calls, Arlo is awakened to his unique destiny—but the obstacles he faces will test the foundations of the Ranger's Vow: loyalty, bravery, kindness, and truth. A Junior Library Guild selection Trained from birth in swordplay and combat, a young knight named Siris has journeyed to the Dark Citadel with a single purpose: fight through the army of Titans to face the tyrannical God King in one-on-one combat. This was his father's sacred mission, and his father's before him, going back countless generations in an effort to free their people from enslavement. But when Siris somehow succeeds where

all those from his bloodline previously have failed, he finds himself cast into a much larger world, filled with warriors and thieves, ancient feuds and shifting alliances, Deathless immortals and would-be kings. His quest for freedom will take him on an epic journey in search of the mythical figure known as the Worker of Secrets - the one being in the world who can unravel the secrets of the Infinity Blade.

Thief's Magic

They told David it was impossible - that even the Reckoners had never killed a High Epic. Yet, Steelheart - invincible, immortal, unconquerable - is dead. And he died by David's hand.

Eliminating Steelheart was supposed to make life more simple.

Instead, it only made David realize he has questions. Big ones.

And there's no one in Newcago who can give him the answers he

needs. Babylon Restored, the old borough of Manhattan, has possibilities, though. Ruled by the mysterious High Epic, Regalia, David is sure Babylon Restored will lead him to what he needs to find. And while entering another city oppressed by a High Epic despot is a gamble, David's willing to risk it. Because killing Steelheart left a hole in David's heart. A hole where his thirst for vengeance once lived. Somehow, he filled that hole with another Epic - Firefight. And he's willing to go on a quest darker, and more dangerous even, than the fight against Steelheart to find her, and to get his answers.

After forming a coalition of human resistance against the enemy invasion, Dalinar Kholin and his Knights Radiant have spent a year fighting a protracted, brutal war. Neither side has gained an advantage, and the threat of a betrayal by Dalinar's crafty ally Taravangian looms over every strategic move. Now, as new technological discoveries by Navani Kholin's scholars begin to change the face of the war, the enemy prepares a bold and dangerous operation. The arms race that follows will challenge the very core of the Radiant ideals, and potentially reveal the secrets of the ancient tower that was once the heart of their strength. At the same time that Kaladin Stormblessed must come to grips with his changing role within the Knights Radiant, his Windrunners face their own problem: As more and more deadly enemy Fused awaken to wage war, no more honorspren are willing to bond with humans to increase the number of Radiants. Adolin and Shallan must lead the coalition's envoy to the honorspren stronghold of Lasting Integrity and either convince the spren to join the cause against the evil god Odium, or personally face the storm of failure. The story will continue . . .

From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. For a thousand years the ash fell and no flowers bloomed. For a thousand years the Skaa slaved in misery and lived in fear. For a thousand years the Lord Ruler, the "Sliver of Infinity," reigned with absolute power and ultimate terror, divinely invincible. Then, when hope was so long lost that not even its memory remained, a terribly scarred, heart-broken half-Skaa rediscovered it in the depths of the Lord Ruler's most hellish prison. Kelsier "snapped" and found in himself the powers of a Mistborn. A brilliant thief and natural leader, he turned his talents to the ultimate caper, with the Lord Ruler himself as the mark. Kelsier recruited the underworld's elite, the smartest and most trustworthy allomancers, each of whom shares one of his many powers, and all of whom relish a high-stakes challenge. Only then does he reveal his ultimate dream, not just the greatest heist in history, but the downfall of the divine despot. But even with the best criminal crew ever assembled, Kel's plan looks more like the ultimate long shot, until luck brings a ragged girl named Vin into his life. Like him, she's a half-Skaa orphan, but she's lived a much harsher life. Vin has learned to expect betrayal from everyone she meets, and gotten it. She will have to learn to trust, if Kel is to help her master powers of which she never dreamed. This saga dares to ask a simple question: What if the hero of

The shocking conclusion to Brandon Sanderson's Legion novella series, on its own for the first time. Stephen Leeds is perfectly sane. It 's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems . . . for a price. When Stephen gets an unexpected cry for help from the woman who taught him how to control his aspects—right when one of his aspects suddenly and violently disappears—it will send him on a case the likes of which he could never have imagined. art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems...for a price. His brain is getting a little crowded, however, and the aspects have a tendency of taking on lives of their own. When a company hires him to recover stolen property—a camera that can allegedly take pictures of the past—Stephen finds himself in an adventure crossing oceans and fighting terrorists. What he discovers may upend the foundation of three major world religions—and, perhaps, give him a vital clue into the true nature of his aspects.

From #1 New York Times bestselling author Brandon Sanderson, Stephen Leeds is back in a new, double-length novella that Library Journal says has "the pulse of a thriller and the hook of a fascinating hero balancing on the edge of psychosis." It's not his own genius that Stephen Leeds gets hired for. Clients want to tap into the imaginary experts that populate his mind—and it's getting a bit crowded in there. Now Stephen and his internal team of "aspects" have been

hired to track down a stolen corpse—but it's not the corpse that's important, it's what the corpse knows. The biotechnology company he worked for believes he encoded top-secret information in his DNA before he died, and if it falls into the wrong hands, that will mean disaster. Meanwhile, Stephen's uneasy peace with his own hallucinations is beginning to fray at the edges, as he strives to understand how one of them could possibly have used Stephen's hand to shoot a real gun during the previous case. And some of those hallucinations think they know better than Stephen just how many aspects his mind should make room for. How long will he be able to hold himself together?

The #1 New York Times bestseller and sequel to Steelheart from Brandon Sanderson, the author of Oathbringer, coauthor of Robert Jordan's The Wheel of Time series, and creator of the internationally bestselling Mistborn trilogy, presents the second book in the Reckoners series: Firefight. And don't miss Calamity, the exciting conclusion to the Reckoners series! Newcago is free. They told David it was impossible, that even the Reckoners had never killed a High Epic. Yet Steelheart--invincible, immortal, unconquerable--is dead. And he died by David's hand. Eliminating Steelheart was supposed to make life simpler. Instead, it only made David realize he has questions. Big ones. And no one in

Newcago can give him answers. Babylon Restored, the city formerly known as the borough of Manhattan, has possibilities, though. Ruled by the mysterious High Epic Regalia, Babylon Restored is flooded and miserable, but David is sure it's the path that will lead him to what he needs to find. Entering a city oppressed by a High Epic despot is risky, but David's willing to take the gamble. Because killing Steelheart left a hole in David's heart. A hole where his thirst for vengeance once lived. Somehow, he filled that hole with another Epic--Firefight. And now he will go on a quest darker and even more dangerous than the fight against Steelheart to find her, and to get his answers.
