

A Grandma's Magic

View the animal kingdom up close as never before in this breathtaking title, which has already sold over 1.5 million copies. Written by 70 specialists, it features stunning wildlife photography of more than 2000 of the world's most important wild mammals, birds, reptiles, amphibians, and insects. With around two million species identified to date, animals are the dominant and most varied form of life on the planet. Animal presents a representative selection, ranging from the giant baleen whale, to fast-moving predators such as sharks, big cats, and birds of prey, as well as microscopic beetles barely 1mm long and other insects. It presents some of the latest species to be described: meet the cute but elusive olinguito from South America, which was only identified in 2013, or the skywalker hoolock gibbon that was named after a Star Wars character in 2017. Animal also explains how the earth's biodiversity is in sharp decline and the conservation projects underway to safeguard precious species. For each one, it gives a locator map and statistics, including its conservation status. For anyone who wants a reliable and enthralling reference, in which you can find the answers to everything - from why zebras are striped or how the sunbear got its name - Animal is your essential one-stop guide. Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

Every collage has a tale to tell. Tell your story in paper, fabric, and objects collected from your world. Storytelling With Collage will inspire you to capture your poetic thoughts, fond memories and passionate daydreams in a soft and simple style. Using simple tools and supplies that delight you, you'll learn to work with a variety of prompts and will discover how each element you select--from small shells collected on your last trip to the pretty paper you unwrapped from a recent gift--has its own part of a complete narrative. Nine collage prompts will walk you step-by-step through a collage creation as you work with textured papers, fabric, stitching, found objects, images, natural materials, color, wax and metal. In addition, inside you will find: • Numerous Tasks--ideas for combing your world for collage fodder • Beautiful photos to inspire you to customize your own worktable • Perspective on finding inspiration outside your window through the seasons • Extra inspiration in each chapter from the Collage Stories and works by 25 contributing artists Capture the textures and colors of your moments today through your own Storytelling With Collage!

"Mazzoli's steady, clear narration is perfect for articulating facts about these birds of the Arctic. Listeners will relish hearing about the variety of penguins and their distinctive characteristics.... Penguin calls and sounds from the habitat complete the recording." -AudioFile 2011
