

Foreword Off Road Adventures

Route 66 Adventure Handbook is your personal guide to the vanishing American roadside, with all of its exuberance, splendor, and absurdity. For this updated and expanded fourth edition, Drew Knowles has included it all: magnificent architecture, natural wonders, Art Deco masterpieces, vintage motels and cafes, unique museums, offbeat attractions, fascinating artifacts and icons, and kitschy tourist traps. The addition of city maps, showing the multiple paths of Route 66 and displaying the exact locations of points of interest, is a major improvement over the already critically acclaimed third edition of the book. The fourth edition also includes hundreds of beautiful new photographs and the addition of dozens of new attractions. Filled with wonderfully quirky side trips and fun bits of trivia, Route 66 Adventure Handbook is the most authoritative resource for anyone looking to explore the Mother Road. Fasten your seatbelts!

“ The everyday man out in the working world does something incredible and against all odds and advice. No one expected him to go through with it, everyone tried to talk him out of it, and NO ONE except Andy expected him to make it this far ”
-Brennan Dates
“ Excuse me, which way is the Baja 1000? ” is a story about seizing the moment, pushing back the hands of time, and chasing a dream. It's about an aging working man, an avid motorcycle enthusiast, who finds himself with one more chance at real adventure. With off-road riding skills developed as a teenager but unused for several decades, no desert racing experience, and a general purpose motorcycle suited more for commuting and dual sport rides than off-road racing, Andy throws caution to the wind and reaches for the brass ring – the longest non-stop, point to point, off-road race in the world – The Baja 1000!The story unfolds as the author dives head first into the challenging and dangerous world of off-road motorcycle racing, overcoming obstacle after obstacle along the way, and learning as he goes. With limited skills and a less than competitive motorcycle his chances for success look bleak. But, a stubborn “ never say die ” attitude and an unquenchable thirst for adventure keeps our unlikely hero in the hunt as he tenaciously pushes forward to realize his dream.

The Office Organizer: The Office Organizer is a to-do list notepad for tracking daily activities, events, and errands. Helps you track and remember all your daily goals. To-do list and note. You will actually look forward to scheduling your day. The perfect gift for people who need to organize themselves on a daily, weekly, or monthly basis and especially for people who like to journal. Anyone can use this to get to grips with what they want to accomplish. This planner journal makes organizing your life a whole lot easier, order yours today. The Essential Guide to All the Skills You Need for Off-Road Adventure Riding

Brocky

Six Kids and a Pop-Up Camper

When you take your four-wheel-drive (4WD) truck or SUV off-road, there is a whole new world to see and experience. The off-road community is huge and welcoming, and there are lifestyle shows to attend and trail-driving events to experience. With seat time and practice, your technical skills will improve. However, do you really want to head into the forest blindfolded? Driving off-road requires much more attention, skills, discipline, and preparation than merely driving around obstacles. Being fully armed with information regarding the most updated techniques is critical for today's motorized off-road driving enthusiast. The Ultimate Off-Road Driver's Guide covers topics about what to bring along for a trail ride and how to interact with other trail users. This book covers the various 4WD systems and how they work, how to drive on various terrain (mud, sand, snow, and rocks), and what to do when encountering each of those elements. An entire chapter is devoted to getting unstuck. Covered also are ways to communicate when you lose cellular phone coverage as well as navigation options so that you don't end up lost and on the local news channel. This book is mandatory preparation for your off-road toolbox!

GIs returning after World War II created an entirely new automotive market niche when they bought surplus Jeeps and began exploring the rugged backcountry of the American West. This burgeoning market segment, which eventually became known as sport utility vehicles (SUVs), numbered about 40,000 units per year with offerings from Jeep, Scout, Toyota, and Land Rover. In 1966, Ford entered the fray with its Bronco, offering increased refinement, more power, and an innovative coil-spring front suspension. The Bronco caught on quickly and soon established a reputation as a solid backcountry performer. In Baja, the legendary accomplishments of racers such as Parnelli Jones, Rod Hall, and Bill Stroppe further cemented the bobtail's reputation for toughness. Ford moved upstream with the introduction of the larger Bronco for 1978, witnessing a huge increase in sales for the second-generation trucks. The Twin Traction Beam front end was introduced in the third generation, and further refinements including more aerodynamic styling, greater luxury, and more powerful fuel-injected engines came on board in the generations that followed. Through it all, the Bronco retained its reputation as a tough, versatile, and comfortable rig, both on and off the paved road. With the reintroduction of the Bronco for 2020, Ford is producing a vehicle for a whole new generation of enthusiasts that looks to bring modern styling and performance to the market while building on the 30-year heritage of the first five generations of the Bronco so dearly loved by their owners. From the development process and details of the first trucks through the 1996 models, author Todd Zuercher shares technical details, rarely seen photos, and highlights of significant models along with the stories of those people whose lives have been intertwined with the Bronco for many years. This book will have new information for everyone and will be a must-have for longtime enthusiasts and new owners alike! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial; color: #000000}

Attention Light Truck and SUV owners! Are you looking for some fun trails to drive in the state of Arizona? Inside this book are 40 easy scenic trails that have all been hand picked because of their beauty, as well as their ease of driving. If you are new to off road adventures, and are looking for an easy place to start, this is your guide. Inside this book you will find Easy trails that are suitable for a small truck or light SUV, which means you get to have fun with less worry about damaging your vehicle or getting stuck. Accurate driving times and distances so you can plan your trip and pick your adventure depending on how long you want to be on the road. Bold type for odometer readings and important information so you can easily see where you are on the trail. The best times of year to visit each trail so you know you are seeing the best the trail has to offer. Get ready to enjoy yourself in the great outdoors of Arizona, and get started with these 40 easy scenic trails!

Ghosts and Legends of Nevada’s Highway 50

Excuse Me, Which Way Is the Baja 1000?

• The author is a distinguished member of the Explorers Club
• The author is an unexpected adventurer, disarmingly positive and companionable
• Lively stories of remote treks around the world
Way Out There is an account of J. Robert Harris’s extraordinary exploits while backpacking in some of the world’s most tantalizing places – largely alone and unsupported. And after almost fifty years of wilderness travel, “J. R.,” as he’s known, has plenty of tales to tell! His stories are by turns funny, tragic, and uplifting, and are all told in his down –to –earth, friendly style. For J. R., it all began in 1966 when, as a young New Yorker, he impulsively drives his VW Beetle across the country to the very end of the northernmost road in Alaska, searching for an answer to a simple question: What is it like to be way out there? How this happened, whom he met, and what he encountered along the way became the foundation for a lifelong attraction to trekking and adventure travel. Subsequent chapters chronologically explore some of his many journeys, revealing an enduring wanderlust honed by his emerging maturity and outdoor skills. Stories of J. R.’s solo treks point to stark contrasts between his urban upbringing and his wilderness wanderings, while tales of adventure with small but diverse groups of friends are enriched by their collective experiences and varying viewpoints about exploration.
Way Out There is a lively yet introspective book by a restless soul that will attract countless readers who love to travel, as well as armchair adventurers and communities looking for outdoor role models. The foreword is by the late Dr. Roscoe C. Brown, Jr., one of the famed Tuskegee Airmen fighter pilots during World War I
From the popular television Oregon travel series Grant’s Getaways comes the third book in Grant McOmie’s well-loved guidebooks. Oregon’s treasure Grant McOmie offers in this handy guidebook his favorite kid-friendly outings featured in his television series, Grant’s Getaways. You’ll find activities to engage any kid, from archery to clamming on the coast to hunting for thundereggs to zip-lining through trees in an aerial adventure park. Grant explored many of these outings as a child on family trips and later as a father with his own children. A big believer in teachable moments through touchable history, he’s expert in providing educational content that kids truly enjoy. This is a detailed reference book for outdoor adventures geared for family fun and activities.

A classic car enthusiast’s Bedside Book of nostalgic! Classic car ownership is one of the most enduringly popular areas of motoring. Throughout a busy on-road summer or a tranquil winter lay-up with the ‘golden-oldie’ of your choice under wraps it can still be guaranteed to satisfy all senses and emotions. So if you own a classic car or are simply an interested enthusiast here is an opportunity to be transported back into the ‘golden age’ of motoring through an eclectic collection of nostalgia. Through these pages you can top up with the adventure of touring abroad or visiting the historic circuits where the legends of classic motorsport first began. Be inspired by the competition of rallying, track days, pride-of-ownership and concouring. Enjoy the atmosphere of international revival meetings. Be reminded of good times past, youthful romantic associations when you drove your first car, ‘pulled’ your first date, of young love, marriage and happy families. Recall the excitement of open roads before you and a time when courtesy and well-mannered motoring was a relaxed and pleasurable recreation and not just a means of high-speed, ‘trash-it-and-trash-it’ transport. Such a diversity of classic car experience has been compiled to transport you along the highways of seriously informative, down the winding byways of humour, comedy and tragedy, and into the lay-bys of tears and laughter. Here is recreational off-road reading for all who wish to drive forward into the past by recalling the fun, excitement and nostalgia that only classic car driving can recapture.

This is a collection of 30 obstacle-free pushchair walks in the East Midlands catering for all abilities, all ages, all weathers and all pushchairs.

How Young Leaders Can Transform the Church and Why We Should Let Them

American Motorcyclist

So far, he has seized \$700,000 of American businessmen’s assets. Every Mafia casino has been closed, and over a billion dollars of mob money has been confiscated. Sam Giancana and other Mafia bigwigs are extremely unhappy with Fidel. They are looking for a way to get even. So are the Americans, many of whom have been forced to flee to safety. Castro has already executed seven hundred Cuban citizens who dared to object to his murderous regime. There are no rights in Cuba other than those granted by Fidel Castro and his henchmen. Murder and mayhem are the order of the day. The burning question is, what can be done to stop Castro? On March 17th, President Eisenhower gives his permission for the C.I.A.’s Allen Dulles and Richard Bissell to develop a small, covert, anti-Castro operation. A thousand Cuban refugees will be recruited and trained as guerrilla fighters and saboteurs. When they’re ready, they’ll be infiltrated back into Cuba, where they’ll begin a series of raids designed to upset, and eventually overthrow, the Castro regime. In the pages of The Castro Conspiracy we’ll meet the U.S. Marine and Special Forces personnel who train those men. We’ll visit them in their Central American mountain and jungle training camps. Then we’ll watch as the 1960 Presidential Election puts a reluctant commander-in-chief in the White House, and see the entire, carefully orchestrated, covert operation fall apart. We’ll attend dozens of secret meetings conducted by the CIA, FBI, and the CFR. At those meetings we’ll finally discover why Operation Trinidad, a small, easily controlled and plausible incursion, a plan that was almost certain to succeed, was turned into the over-zealous, overly ambitious, and impossible to control fiasco that the Bay of Pigs Invasion eventually became. We’ll meet the Kennedy family and the Castros, along with the deadly Mafia hitmen who are recruited to kill Castro. Washington insiders and Hollywood stars will be on display. Along the way we’ll watch men who willingly risk their lives to achieve success, and women who willingly use their wiles to keep them from gaining that success. We’ll get to know Jack Kennedy, a man who desperately wants the Cuban Invasion to succeed, and John F. Kennedy, a president who desperately can’t afford to allow it to. And we’ll be present when he cancels American air support the decision that spelled doom for the invasion and every Cuba Freedom Fighter. We’ll spend three frightening days in the middle of the Bay of Pigs Invasion, and eighteen frustrating months in its aftermath fighting and dying on the beaches running and hiding in the swamps sweating and suffering in the prisons. And wondering, always wondering, why the Americanos deserted us? We’ll

Plan your family camping adventure! Whether you’re a first-time camper or a veteran backpacker befuddled by the challenges of carting a brood—and all the requisite gear—into the great outdoors, here you’ll find all the tips and tools you need to plan the perfect nature adventure with your family. Humorous and irreverent, yet always authoritative, this guide to camping with kids, from babies through pre-teens, is filled with checklists, smart tips, recipes, games, activities, and art projects. Helen Olsson, a seasoned camper and mother of three, shares lessons learned over the years of nature outings with her own family. Learn the basics of family camping, from choosing a destination and packing gear to setting up a campsite and keeping little ones safe. Create the perfect camp menu with simple and tasty recipe ideas. Discover foolproof tips and tactics for keeping kids happy and entertained while hiking. Explore nature through clever and creative camp arts and craft projects. This guide is your game plan to unplugging from the digital world and connecting your kids to nature. Whether it’s roasting marshmallows around a crackling campfire or stretching out on a camp mat to gaze at the stars, the memories you’ll be making will last a lifetime.

Every motorcycle adventure presents new challenges – terrain, weather, geography, mechanical issues, survival and navigation. Adventure Riding Techniques is designed to act as the essential and definitive guide to all the specialist skills one would need for off road adventure riding. It is designed to fill the reader with the confidence needed to undertake a long distance adventure ride, whatever the conditions. The book delivers a practical approach to adventure bike basics, riding techniques, crossing different types of terrain (everything from rivers and mud to rocks and deep sand), riding positions and strategies for survival. A long distance motorcycle journey is a significant undertaking and giving the reader insight into vital techniques and skills is this book’s unique difference. Specialists in the field will be used to demonstrate techniques and provide insightful information for aspiring adventure riders.

When Adventures on the Wine Route was first published, Victor Hazan said, "In Kermit Lynch's small, true, delightful book there is more understanding about what wine really is than in everything else I have read." A quarter century later, this remarkable journey of wine, travel, and taste remains an essential volume for wine lovers. In 2007, Eric Asimov, in The New York Times, called it "one of the finest American books on wine," and in 2012, The Wall Street Journal pro-claimed that it "may be the best book on the wine business." In celebration of its twenty-fifth anniversary, Adventures on the Wine Route has been thoroughly redesigned and updated with an epilogue and a list of the great wine connoisseur's twenty-five most memorable bottles. In this singular tour along the French wine route, Lynch ventures forth to find the very essence of the wine world. In doing so, he never shies away from the attitudes, opinions, and beliefs that have made him one of our most respected and outspoken authorities on wine. Yet his guiding philosophy is exquisitely simple. As he writes in the introduction, "Wine is, above all, about pleasure. Those who make it ponderous make it dull. . . . If you keep an open mind and take each wine on its own terms, there is a world of magic to discover." Adventures on the Wine Route is the ultimate quest for this magic via France's most distinguished vineyards and wine cellars. Lynch draws vivid portraits of vintners—from inebriated négociants to a man who oversees a vineyard that has been in his family for five hundred years—and memorably evokes the countryside at every turn. "The French," Lynch writes, "with their aristocratic heritage, their experience and tradition, approach wine from another point of view . . . and one cannot appreciate French wine with any depth of understanding without knowing how the French themselves look at their wines, by going to the source, descending into their cold, humid cellars, tasting with them, and listening to the language they employ to describe their wines." Here, Kermit Lynch assures a whole new generation of readers—as well as his loyal fans—that discussions about wine need not focus so stringently on "the pH, the oak, the body, the finish," but rather on the "gaiety" of the way "the tart fruit perfume[s] the palate and the brain."

40 Easy Scenic Trails

In a poignant compilation of never-before-published autobiographical essays, the author of Under a Wing and No More Words reflects on growing older, her famous parents, family secrets, and the transition out of middle age. Reprint. 50,000 first printing.

This book is written to help adventuresome motorcyclists buy, ride, and enjoy dual sport motorcycles, those versatile machines that are equally at home on the street and in the dirt. It is organized into four sections covering motorcycle selection, setup, riding technique, and specialized activities such as off-road touring and rallies. Several chapters include exercises designed to improve riding and impart new skills. Over 250 full-color photographs illustrate the many options for gear, clothing, and aftermarket accessories which can add comfort, safety, and convenience to any motorcycle adventure. The book also contains many references and sources to orient enthusiasts to the sometimes overwhelming sea of information that is available. New riders will benefit from the clear explanations of dual sport gear, accessories, and techniques, while experienced riders coming to dual sport from a street riding background will find chapters covering advanced dirt riding skills, GPS navigation, and preparing for multi-day trips. Riders at all levels will gain a broader perspective of the dual sport experience, from which they can begin their journey to new motorcycle adventures.

Drawing on extensive, broad-based, and well-designed research, as well as stories and anecdotes, Beyond Megachurch Myths dispels popluar myths about megachurches while highlighting the diversity within the megachurch phenomenon. Defining a megachurch as a Protestant church that averages at least 2000 total attendees in their weekend services,

Scott Thumma and Dave Travis reveal what these churches are and are not, why they are thriving, what their members say about their experiences, and why they have many valuable lessons to teach smaller churches.

This is a completely revised edition of the original South Island off-road guidebook, 4WD South Island: 77 Off Road Adventures, which hit the bookshops in 1996. Thousands of copies of that book, and of the second volume, 4WD South Island: 93 New Off Road Adventures, are in thousands of gloveboxes, and from your feedback we know they are getting plenty of use. As well as re-traveling and revising the original 77 routes, the authors have now included 30 new ones from all over the South Island. The tracks move through farmland and bush valleys, climb to the crater rims of Banks Peninsula, follow historic stagecoach or stock routes, wind through beech forests and ancient rainforests, across the blasted, treeless tussock lands of Otago and up and down Canterbury’ S braided rivers. Some of them will challenge even the most intrepid adventurer, while others will serve as an introduction for the newcomer to the wonderful world of four-wheel-driving. For those new to the series, this book is for those of you who own a 4WD or are planning to buy or rent one and are itching to put it to the test greater than the battle of the supermarket parking lot. It will tell you not only how to get to some of the South Island’s finest ‘wild places’, but more important, how to get home again safely. The guide to competent off-road driving in Park One, which has been expanded and updated, covers everything you will need to know about your vehicle, driving techniques for difficult terrain, recovering a vehicle in trouble--and it offers lots more down-to-earth and practical advice.

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

An essential guide to safe and responsible four-wheel driving, Modern four-wheel drive vehicles are powerful and sophisticated machines, able to travel almost anywhere. Given their growing popularity with recreational drivers, there is an even more pressing need for adequate training. Even on sealed roads these vehicles require a different set of driving skills; off-road, the demands are many times greater. This second edition of the bestselling 4WD Driving Skills complements nationally recognized training courses and has been fully revised to include updated vehicle terminology, technology and recovery techniques. It explains the essential skills of four-wheel driving for every type of on- and off-road terrain, how to approach challenging situations, and what to do if things go wrong. It is a valuable reference for all four-wheel drive enthusiasts. Preface 1. Introduction 2. Getting started 3. Driving on sealed roads 4. Driving on unsealed roads 5. Trail driving 6. Stall starts and feathering the brake pedal 7. Mud driving 8. Driving across side slopes 9. River crossings 10. Sand driving 11. Snow driving 12. 4WD recovery equipment 13. Tyre changing 14. A Knitter's Guide to Spinning: Building Exactly the Yarn You Want
Subject catalog

The 287-mile stretch of highway that runs east to west across Nevada's desert is billed as the "Loneliest Road in America." But those who explore it find there is plenty to discover along the way in the towns of Austin, Eureka, Ely, Fallon and Fernley. Every one of these places has its own unique history, ghosts and stories to tell. From the sordid lynching of Richard Jennings to the humorous legend about a famous sack of flour, author Janice Oberding treks across Highway 50 seeking spirits and uncovering the tales of Singing Sand Mountain, the Red-Headed Giants, the Giroux Mine Disaster and many more.

Create your dream yarn! Discover the pleasures of designing and building custom-made yarn by spinning it yourself, choosing everything from color to feel and gauge. Jillian Moreno leads you through every step of yarn construction, with detailed instructions and step-by-step photos showing you how to select the fiber you want (wool, cotton, silk, synthetic), establish a foundation, and spin a beautiful yarn with the structure, texture, and color pattern that you want. In addition to teaching you the techniques you need for success, Moreno also offers 12 delicious original patterns from prominent designers, each one showcasing hand-spun yarns.

Off-road riding is one of motorcycling's most popular pursuits and also one of its best training grounds for improving street-riding skills. Off-road riding takes many forms, from motocross and enduro racing, to dual-sport day trips, to trail riding, to adventure tours. No matter the specific pursuit, all dirt riding (and much street riding) shares the same basic skill set. How to Ride Off-Road Motorcycles schools the reader in all the skills necessary to ride safely and quickly off-road. Chapters cover the basics, such as body position, turning, braking, and throttle control, then proceed to advanced techniques, such as sliding, jumps, wheelies, hill-climbing, and more. If you've ever wanted to try dirt riding or if you're an experienced rider looking to sharpen your skill set, How to Ride Off-Road Motorcycles is a perfect riding coach.

Iconic vistas, eerie roadside attractions and celebrity ghosts. From the stark beauty of the Mojave Desert to the haunted Santa Monica Pier, California's Route 66 is a truly spirited road trip. The road is lined with ghost towns such as Ludlow, a town that lived and died twice, and Goffs, now a dusty museum where the shades of the past walk the streets. In Barstow, a hundred-year-old rail station hosts long-dead passengers still waiting for their trains, and in Monrovia, the Aztec Hotel entertains spirits from a bygone era, as does the Pasadena Playhouse, the official state theater of California. Join author and paranormal historian Brian Clune as he explores the haunted history of the Mother Road.

In Off-Road Disciplines, Earl Creps reveals that the on-road practices of prayer and Bible reading should be bolstered by the other kinds of encounters with God that occur unexpectedly—complete with the bumps and bruises that happen when you go “off-road.” Becoming an off-road leader requires the cultivation of certain spiritual disciplines that allow the presence of the Holy Spirit to arrange central spiritual disciplines—six personal and six organizational—that Christian leaders of all ages and denominations need if they are to change themselves and their churches to reach out to the culture around them.

Hardbound. The computer-aided methods presented in this book represent recent advances in the methodology for predicting and evaluating off-road vehicle performance. The mathematical models established for vehicle-terrain systems will enable the engineering practitioner to evaluate, on a rational basis, a wide range of options and to select an appropriate vehicle configuration for a given mission. The book accounts all major design and operational parameters, as well as pertinent terrain characteristics.Applications of the computer-aided engineering methods to the parametric analysis of off-road vehicle design are demonstrated through examples.

8 people - 6 Months - 1 Country - 43 States - 20 Cities - 18 churches visited - 10 homes - 24 campsites - 5 host churches - 2 Bible Conferences - 20 National Parks - 20 Museums - 7 Capitol Buildings - 2 Military Bases - 2 Space Shuttles - 3 Great Bridges - 108 Fridge Magnets - 21, 139 Kilometers (or 13, 138 miles) When Singaporeans, Dan and Sue, decided to take their six homeschooled children on a family road trip, they did not know how their trip would turn out. They did imagine just how tremendous their experience would turn out to be! Traveling with their faithful Pop-up Camper, 6 kids in tow (15- 3 years old), America has left them with a deeply enriching experience. A full colour, 300 page book with many stunning and inspiring photographs taken by their eldest son Asher (who was 15 at the time of the trip), this travelogue attempts to chronologically document their trip. The book is a treasure trove of information about the people, places and things they encountered on their trip. The Ongs give an insight into some of their Christian guiding principles or loving relationships, and how they overcame obstacles and difficulties they encountered. School was everywhere they camped, Education was lived out, America was their textbook, and God, their Master Teacher!

The Blogging Church offers church leaders a field manual for using the social phenomenon of blogs to connect people and build communities in a whole new way. Inside you will find the why, what, and how of blogging in the local church. Filled with illustrative examples and practical advice, the authors answer key questions learned on the frontlines of ministry: Is blogging a tool or a toy? What is the ministry? How do I build a great blog? and Who am I blogging for? The Blogging Church is a handbook that will inspire and equip you to join the conversation. The book includes contributions from five of the most popular bloggers in the world—Robert Scoble, Dave Winer, Kathy Sierra, Guy Kawasaki, and Merlin Mann, as well as interviews with blogging pastors such as Mark Driscoll, Craig Groeschel, Surratt, Mark Batterson, and many more.

Learn your modification options for the most modern and exciting Jeeps! Going back to World War II, Jeeps have had a special place in America’s heart. The utility vehicle that helped win the war transitioned into the civilian Jeep, or CJ, and the Jeep brand has had several owners over the years. While still remaining wildly popular, it has evolved. The Wrangler version of the Jeep was transformed with the release of the JK for the 2007 model year. With a more practical 4-door version, this Wrangler became a popular vehicle for year-round use, which appealed to off-roaders as well as soccer moms. For the 2017 model year, Jeep seriously upgraded the Wrangler, which is now dubbed the JL, and added an exciting new model, the Gladiator, or JT, which is essentially a pickup version of the Wrangler. In Jeep Wrangler JL and Gladiator JT: Performance Modifications, Jeep experts Don Alexander and Quinn Thomas introduce you to these new models and walk you through the capabilities and options for all of the trim levels. Then, they examine how to make these things better, system by system. Suspension, steering, and brakes are covered, as they are the heart of any off-road rig. Also examined are modification options for axles, driveshafts, and differentials as well as bumpers, armor, and protection. Of course, off-roaders need a quality winch, recovery gear, and upgraded electrics, so options are explored here as well. Wheels and tires are also very important for those leaving paved roads, and upgrade options for all of the trim levels and lift levels are covered thoroughly. Whether you want to build a JL or JT to be a serious rock crawler or simply look like you are going off-road, all of your options are thoroughly explained in this book. Add a copy to your Jeep reference library.

Earl Creps is known for his work in connecting the younger generation of postmoderns with their Boomer predecessors. The author of Off-Road Disciplines, Creps, in this new book, takes up the topic of how older church leaders can learn from younger leaders who are more conversant with culture, technology, and social context. In addition to making the benefits of what he calls "reverse mentoring" apparent, he also makes it accessible by offering practical steps to implement this discipline at both personal and organizational levels, particularly in communication, evangelism, and leadership. Creps' new book is a topic of interest both inside and outside the church as older leaders realize that they're not "getting it" when it comes to technologies (iPod, IM, blogging) or cultural issues such as the fact that younger people see the world in an entirely different way. Creps has been personally involved in reverse mentoring for several years and has spoken and written on the subject extensively. He has pastored three churches (one Boomer, one Builder, on X'er) and is currently a church planter in Berkeley, California. He has also served as a consultant and and a seminary professor and administrator, holding a PhD in Communication Studies and a D.Min. from the Assemblies of God Theological Seminary.
