fiction and Cameron's is not just good, it's exceptional. This is a complex tale of planetary politics, plotting, spying, scientific marvels, and advanced androids. Plus there is the fascinating floating city of Demos. The concepts are staggering and intensely interesting. The Indigo Reports series is far more than I ever anticipated. This story is terrific! It's intriguing and futuristic and human in its telling. One of my favorite and most satisfying science fiction series to read. A series to devour. _ Cameron Cooper is the author of the Imperial Hammer series, an Amazon best-selling space opera series, among others.
