

Forgotten Gods The Forgotten Gods Series Book 1

A god of war seeking restoration. An unwilling sacrificial bride. Betrayal that could destroy them both. Theodric, the young God of War, has a talent for inciting conflict and bloodshed. After being stripped of his powers by his older brother, King of Gods, he sets out to instigate a mortal war to prove himself worthy of being restored. Sixteen-year-old Cassia, like many in the modern era, believes gods and goddesses are just a myth. Enemy to her country and an orphan of the war, she has no time for fairy tales. That is, until religious zealots from Theo's sect offer her up as a sacrifice. Can Cassia and Theo end the mortal war and return balance to the earth and heavens? Or, will their game of fate lead down a path of destruction, betrayal, and romance neither of them saw coming?

*Volunteer kitten rescuer Margaret "Cleo" Carroll is having a monumentally crappy day. She was kicked out of her rental, her cat just died, and she'd rather stick rusty spoons in her eyes than beg help from her parents. Her house-bus breaking down on the side of the road in Butt-Fuck-Nowhere is the last straw. So when three drool-worthy strangers offer her a deal that seems too good to be true, tequila is to blame for her accepting. But once a deal is made in the name of magic, it cannot be undone. The consequences of renegeing are severe, and Cleo has no desire to spend the rest of her days as a rodent. Especially not after her new travel companions show some claws of their own. A girl with no idea who she really is, three men who are much more than they first appear, and an ancient goddess on a power trip. All Cleo wanted to do was rescue some kittens. **PLEASE NOTE: A portion of this story was published in the limited run charity anthology "Petting Them" but this is the extended, full version of Forgotten Gods Book 1 - Feral Magic. ***

Against the wrath of the gods, what chance does humanity have? For months, Hakon has searched for answers to the mystery of what happened during the Battle of Husavik. He's convinced the answers lie far beyond the explored boundaries of the six states, a rugged land guarded jealously both by dragons and the wild. His quest for answers might be the risk that finally ends his troubled life. Like Hakon, Zachary is haunted by his memories of Husavik. He

watches, helpless, as the frontiers of the six states crumble around him, the governors either unable or unwilling to take action. When he learns that his exile has been revoked, he must find a way to protect the people he has come to love. Neither is prepared to face the return of an ancient enemy, a force stronger than the world has seen in ages. As fate turns against humanity, they must race to uncover the secrets of the past if they hope to save the future. Graham Hancock's multi-million bestseller Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with a book filled with completely new, scientific and archaeological evidence, which has only recently come to light... The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...

TW: This story does include violence and mention of miscarriage. ----- My name is Amphitrite, Goddess of the Sea, former consort to Poseidon, the King and God of the Sea. After

my return to the surface world, and my trials in the Trench, I thought life would go smoothly. And then came the party the whole family was invited to. A party that none of us planned yet reeked of old power. A party from which none escaped unscathed.

GOD has ONE NAME. "I am YHWH, That is MY NAME." "but MY NAME 'YHWH'; this is MY NAME forever'. YHWH told Israel to swear by HIS NAME and no other. The ancient Israelites swore, took oaths, made vows, greeted, and cried out to YHWH in HIS NAME. Today, THE NAME of YHWH is forbidden to be spoken by the Jewish people by the 'rabbis' under threat of not being allowed to enter into the world to come. The correct pronunciation of GOD's HOLY NAME, "YHWH" has been forbidden and now forgotten so euphemisms are used in it's place. The importance of THE NAME of 'YHWH' cannot be overstated. YHWH is THE ONLY NAME that GOD said is HIS NAME. HIS NAME "YHWH" is written nearly 7,000 times in the Hebrew Bible. YHWH said for us to use HIS NAME, to call, to swear, to make our vows and to praise HIM by. The 'rabbis' say GOD has 72 'names', but GOD said HE only has ONE NAME, 'YHWH'. This book is about the NAME of GOD 'YHWH', and it's forgotten importance to the Jewish people.
