The end of authoritarian rule in 1998 ushered in an exhilarating but unsettled period of democratization in Indonesia. A more open political climate converged with a rapidly changing media landscape, yielding a vibrant and volatile public sphere within which Indonesians grappled with the possibilities and limits of democracy amid entrenched corruption, state violence, and rising forms of intolerance. In *Demanding Images* Karen Strassler theorizes image-events as political processes in which publicly circulating images become the material ground of struggles over the nation's past, present, and future. Considering photographs, posters, contemporary art, graffiti, selfies, memes, and other visual media, she argues that people increasingly engage with politics through acts of making, circulating, manipulating, and scrutinizing images. *Demanding Images* is both a closely observed account of Indonesia's turbulent democratic transition and a globally salient analysis of the work of images in the era of digital media and neoliberal

democracy. Strassler reveals politics today to be an unruly enterprise profoundly shaped by the affective and evidentiary force of images.

It is May 1998, and riots have sprung up across Indonesia with attacks targeting the ethnic Chinese. Buildings are being set alight all around as helpless crowds watch their communities burn to the ground. Nina, a young Indonesian woman of Chinese descent, feels compelled to help her fellow student activists but finds herself in harm's way amid the mass gang-raping of Chinese women. Despite the government's best efforts to deny these allegations, the lives of many were dramatically changed by the traumatic events. Nina's heart-breaking experience is laced with cultural imagery and an emotional depth that will leave you awed. Updated for its Second Edition, this text provides the information emergency departments need about the medicolegal aspects of treating victims of violence, motor vehicle accidents, sexual assault, child abuse, elder abuse, and intimate partner abuse. It offers detailed guidelines on interviewing and examining the victim and collecting, preserving, and documenting evidence for legal proceedings. The book includes a chapter by an attorney on expert testimony and a chapter on forensic photography. A full-color photo insert illustrates injury patterns and key evidence. This edition provides increased coverage of motor vehicle accidents, DNA evidence, and new drugs of abuse.

"The Trisakti tragedy on 12 May 1998 was an unforgettable historic event, that effected the nation as a whole and is now recognized by the nation as the date when the reform era was born. For as a result of the sacrifices made by our students and the active participation of the entire university in the struggle for greater reform in Indonesia, Trisakti soon

became known as the campus of Reform heroes." -- Preface by Professor Thoby Mutis.

Deleuze's two Cinema books explore film through the creation of a series of philosophical concepts. Not only bewildering in number, Deleuze's writing procedures mean his exegesis is both complex and elusive. Three questions emerge: What are the underlying principles of the taxonomy? How many concepts are there, and what do they describe? How might each be used in engaging with a film? David Deamer's book is the first to fully respond to these three questions, unearthing the philosophies inspiring Deleuze's classifications, exploring every concept and reading a film for each. Clearly and concisely mapping the Cinema books for newcomers to Deleuzian film studies, Deamer also opens up new areas of enquiry for expert readers.

This unique handbook educates readers in how drugs are used as weapons in committing sexual assaults. It is designed for everyone involved in the investigation of these crimes including forensic scientists, law enforcement officers, lawyers, toxicologists, and medical professionals. Drug-Facilitated Sexual Assault looks at the history of these crimes over the years and includes an in-depth discussion of the drugs and drug classes in use today. It describes the effects of these drugs on the victims, the type of person who uses drugs to sexually assault an individual, and obstacles to investigating the suspect. The authors show how to properly collect and analyze evidence, overcome some of the unique difficulties encountered in these types of investigations, and work with other professionals to prosecute these cases successfully. * Ideal for everyone involved in the investigation of these crimes, including forensic scientists, police officers, lawyers, toxicologists and medical professionals

For courses in Pediatric Nursing. A comprehensive survey of family-centered pediatric nursing care Child Health Nursing: Partnering with Children & Families promotes excellence in nursing care for infants, children, and adolescents--in hospitals and in the community. It focuses on the importance of partnering with families to adapt care plans for children based on their age, health status, and social and cultural influences. The text considers the impact of contemporary care environments on nursing practice, both in health promotion and in the care of children with acute or chronic health conditions. By offering industry best practices and practical applications, the book encourages students to apply evidence-based findings and clinical reasoning to planning superior care. The updated 3rd edition explains how modern nursing practice is affected by reforms to healthcare and its delivery--such as electronic health records, new

approaches to chronic and acute condition management, and a focus on prevention. To support safe, effective, and innovative care, this edition draws on the latest recommendations of NANDA International diagnoses, Nursing Intervention Classifications (NIC), Nursing Outcomes Classifications (NOC), and Healthy People 2020. Awal dan akhir suatu perjalanan mustahil diungkapkan, tetapi begitu melangkah, tak ada kekuatan dari luar yang dapat menghentikan. Setiap langkah adalah doa. Di dalamnya ada yang berlalu dan yang baru, namun yang lalu adalah baru dan yang baru segera lalu, dengan Waktu sebagai Sang Penentu. Di dalam waktu, semua datang untuk pergi dan yang pergi akan hadir lagi dalam bungkus lain. Semuanya menyertai perjalanan sampai di penghujung, entah di mana, karena bukan itu tujuanku. Proses berjalan; adalah yang lebih penting. Meski demikian, kujumpai stasi demi stasi untuk mengambil napas; pemberhentian untuk melihat kembali tapak demi tapak yang menyilam dan menatapnya dalam-dalam. Kemudian, kulanjutkan perjalanan. Camino Santiago-Lourdes-Plum Village-Oran dan Mostaganem adalah serangkaian

perjalanan antara 2013–2014 menuju titik kulminasi tentang hakikat pencarian dan kerinduan menemukan Jalan Pulang. Aku menjalani Jalan; lalu Jalan itu berjalan di dalam diriku, sepanjang waktuku.

Menulis itu bukan cuma sulit, tapi sulit sekali. Ada juga yang bilang, menulis itu gampang. Bahkan, gampang sekali. Buku ini tidak membenturkan dua pendapat itu. Tapi, memaparkan perihal “menulis itu membaca berulang-ulang”. Berkarier di dunia kepenulisan sejak 1986, Kang Maman pun membuka rahasia sederhana “mengail 100 ide dalam sehari”. Bukan omong kosong, 24 buku tercipta dalam 8 tahun adalah salah satu buktinya. Belum terhitung karya tulisnya yang tertuang di berbagai media, dialihwahanakan menjadi lirik lagu, acara radio dan televisi berbagai genre, pertunjukan panggung, dan ratusan film pendek melalui festival film pendek yang diadakan Gramedia dan belasan karya akhir

mahasiswa institut seni di Yogyakarta. Bagi Kang Maman, “Menulis itu mengasyikkan, menghasilkan dan membahagiakan.” Ia bagikan hal itu di buku ini, agar semua orang bisa menulis dan berbahagia.

The 2011 WDR on Conflict, Security and Development underlines the devastating impact of persistent conflict on a country or region's development prospects - noting that the 1.5 billion people living in conflict-affected areas are twice as likely to be in poverty. Human Rights between Idealism and Realism presents human rights in action, focusing on their effectiveness as legal tools designed to benefit human beings. By combining conceptual analysis with an emphasis on procedures and mechanisms of implementation, this volume provides a multidimensional overview of human rights. After examining briefly the history of human rights, the author analyses the intellectual framework that forms the basis of their legitimacy. In particular, he covers the concept of universality and the widely used model that classifies human rights into clusters of different 'generations'. The volume then moves on to analyse of the activities of the political institutions of the United

Nations, the expert bodies established by the relevant treaties, and the international tribunals specifically entrusted at the regional level with protecting human rights. The author explains how and why the classical array of politically inspired informal devices has been enriched by the addition of international criminal procedures and by endeavours to introduce civil suits against alleged individual violators of human rights. Finally, the volume is rounded off by a consideration of the importance of humanitarian law as an instrument for the protection of human life and dignity and an exploration of the future of human rights.

Between Idealism and Realism

First Published in 2004. Michel Foucault: The Will to Truth is the first full-length study of Foucault in any language. It covers the whole of his work to date, including material unavailable in English, and provides invaluable information on recent French intellectual history. Foucault emerges as an essential thinker for our time: his 'political anatomy' implies a radical critique not only of established intellectual positions, and social institutions, but also most of the alternatives offered by the opposition.
