Spencer Nicholl, a self-professed adrenaline junky, was once unaware of the ultimate source of life and adventure. As a result, he continually welcomed risk and the unknown while seeking epic experiences and the subsequent rush the only way he knew how. In a fascinating narrative, Nicholl chronicles his life experiences fueled by a thirst for adventure that placed him on a trajectory that only left him craving more. While detailing his journey through childhood and then from college to the Alaskan bush for a two-year hiatus, Nicholl candidly reveals how his youthful desire for excitement and to fill a great emptiness inside eventually led him on a dangerous brown bear hunt—and to a life-changing revelation that the source of true adventure was in building a relationship with God. While sharing how this revelation changed his direction and moved him beyond North America to embrace many diverse experiences, Nicholl encourages seekers to step into their own adventures, guided by God. "... Story after story of raw adventure guaranteed to reawaken you to something God has hardwired into each one of our souls." —Doug Pollock, speaker and author of God Space

The Principles and Practice of Teaching English

There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. Sunrise Orphanage is a happy place until the great sickness comes to the country, when the ten orphan children are left to fend for themselves. Normal life breaks down, and people do what they can to survive. Threatened with being taken to a labour camp, the children's only alternative is a perilous journey across the island. Sanctuary awaits them at Last Man Peak, but will they be able to reach it? Unforeseen danger waits at every turn. No one can be trusted. The arduous trek would be challenging enough even without the need to avoid capture - capture which would mean the labour camp, or possibly something much worse. The journey, with only their wits and courage to help them, will change their lives for ever. Suitable for readers aged 11 and above.

Birds, Buds and Blooms Teacher's Guide is one of the components of Languages4kidz, Inc. English 4 Toddlers Program. Birds, Buds and Blooms Teacher's Guide is broken down into 12 lessons. Each lesson introduces children and their parents to basic vocabulary, lovely songs, finger plays, stories, poems and games about the Seasons and very especially about the Spring Season and the changes we perceive in nature. Spring means new life and flowers blooming, rainy weather and windy weather, feathered friends and little bugs. Lessons 1-2 focus on vocabulary related to greetings and introductions as well as introducing children to weather related vocabulary and the four Seasons. Lessons 3-8 focus on activities related to the Spring Season. Children learn about things we do and celebrate during this Season, and have an opportunity to plant their own seeds, take care of them and watch them grow. Songs and creative movement activities help children at this early age continue developing their English language skills as well as differentiating their bodies from the world around them, using their hands, mouths and eyes to explore the things in their immediate environment. Lessons 9-11 introduce children to the fascinating world of birds, bugs and butterflies. These animals are fascinating creatures and are sure to catch the attention of most toddlers. Lesson 12 is the last lesson on the Birds, Buds and Blooms unit. It is a "celebration" for children's accomplishments. Each lesson in this Teacher's Guide includes at the beginning valuable information regarding the materials necessary to conduct the classes and vocabulary and structures that need to be introduced and/or practiced. Throughout this Teacher's Guide, you will find more information to help you focus on important teaching components. There are Information Boxes that provide statements that elaborate or give additional information about specific activities; Language Learning Boxes that focus your attention on relevant issues regarding language development and special Icons that facilitate the identification and location of activities in the lesson plans. Generally, in language teaching, the emphasis is on the development of four separate skills: listening comprehension, reading comprehension, writing, and speaking. However, language teachers and scholars often refer to a fifth skill, which is culture. It is difficult to imagine language teaching without referring in one way or another to the target culture; therefore, culture has always been present in the teaching process. But what does this skill imply and how should it be included into the teaching–learning process? Compared to grammar or vocabulary, culture is more difficult to define; therefore, it is not clear what and how it should be taught. “TEACHING ENGLISH CULTURE THROUGH C.A.L.L.” se adreseaza studentilor,cadrelor didactice inscrise la diverse examene de perfectionare sau interesate de alternative in predare.Lucrarea este unica prin multitudinea de situatii prezentate, abordarea unei teme de actualitate in contextul predarii prin intermediul calculatorului si al integrarii culturii in predarea limbii engleze precum si prin utilitatea planurilor de lectii ce insotesc partea aplicativa.

Covering all areas of linguistic investigation across the different exam board specifications, this accessible text rooted in theoretical perspectives is underpinned by years of teaching experience and is rich with practical classroom activities.
