feel alienated from the rituals of their childhoods, while others are struggling to create satisfying new traditions that reflect their own present needs and circumstances. Authors Evan Imber-Black and Janine Roberts show how we can learn to tap the power of rituals to mark transitions, express important values, heal the past, and deepen relationships. Each chapter looks at the special issues and possibilities for nuclear, extended, single-parent, and remarried families, as well as for single adults and couples.

Filled with first-person stories and practical examples, this book will help all readers enhance the meaning of traditions old and new, reinforcing and celebrating life's many milestones and ties. The use/belief in tarot as an adjunct resource for decisions is a central theme for the primary character, a woman who combines extraordinary physical, intellectual, financial, and spiritual attributes. After delivering a dramatic Tower clarifying card to Marlena Christie's Hopes and Doubts position, the verdict talented Romanian tarot reader Vatche comes to is that whichever God people prayed to truly reigned in the Heavens, a singularly blessed man stood on the cusp of learning what she was willing to alter significant parts of her very desirable life for. Ten days after this major reading, having handled dozens of details involving projects for three art galleries and a jet-set lifestyle, Marlena has left her smart phones on the corporate jet and is parked in a C-
