*Why you need a writing revolution in your classroom and how to lead it  
The Writing Revolution (TWR) provides a clear method of instruction  
that you can use no matter what subject or grade level you teach. The  
model, also known as The Hochman Method, has demonstrated, over and  
over, that it can turn weak writers into strong communicators by  
focusing on specific techniques that match their needs and by  
providing them with targeted feedback. Insurmountable as the  
challenges faced by many students may seem, The Writing Revolution can  
make a dramatic difference. And the method does more than improve  
writing skills. It also helps: Boost reading comprehension Improve  
organizational and study skills Enhance speaking abilities Develop  
analytical capabilities The Writing Revolution is as much a method of  
teaching content as it is a method of teaching writing. There's no  
separate writing block and no separate writing curriculum. Instead,  
teachers of all subjects adapt the TWR strategies and activities to  
their current curriculum and weave them into their content  
instruction. But perhaps what's most revolutionary about the TWR  
method is that it takes the mystery out of learning to write well. It  
breaks the writing process down into manageable chunks and then has  
students practice the chunks they need, repeatedly, while also  
learning content.*
